WHAT'S this! Woyler denounces McKinley. Well, thank Houven, the President line never given the f Butcher any cause to praise lillin.

A Kansas man proposes a las against railroad snorers. This may be Populistic legislation, but after all It's the kind none of us will object to

Sixua prize fighting seems to have begoing actually dangerous, it need Howlett, Tex. surprise no one to witness the with drawal of several able craters from HELPS HER WONDERFULLY the profession.

sort to this unmannerly method of obtaining what money they lack.

As instrument by means of which impurity of the air may be detected. Promonth Mosting, Pennsylvania. has been invented. There has been a contrivance of some kind in use from the earliest stage of creation. We don't know what appellation tide Alliual new fangled invention will revolve.

Woventhat the fiftieth auniversary Holiday of Girard College could be celebrated in such a manner that wealthy philanthropists would be induced to endow a few more institutions of the kind. The career of Girard College has been one of enviable usefulness, and the work it has accomplished for humanity cannot be expressed in figures.

Tra drinkers will be glad to hear that they may reasonably expect a purer quality of the article in the future. The new ten law, which went into effect May I, is most offeetive in excluding the objectionable brands. According to the report of the appraiser at New York, the number of cases of tea rejected under the old law in 1896 was only 750, while for the same period in 1897 they numbered 18,259.

THERE may be much significance in the remark of the rector of the Berlin University that "in all German lands the feeling prevalls that we are reaching a decisive turning point in the history of Germany." In other lands, also, the feeling prevails that Germany is turning to an aggressive policy, and if the rector's speech is a truthful indication that the people of Offer to sermany are prepared to s ambitions projects of their Emperor. Young Men. that country is likely to make a good deal of trouble for the rest of the world in the near future.

THE different elements represented in what is known as the Austrian Government are at serious war with one another, and if the outcome should be the dismemberment of the empire, it need surprise no one. Should this be the case Francis Joseph would probably retain the German portion of his empire, while the fourteen other types would, sooner or later, be gobbled up by Russia and other powers. For the Women's Shoes. honor which is said to exist among thieves, is absent from the potentates who embrace and slobber whenever they meet.

DR. J. C. BIDDLE, of the Miners' Hospital, is to be commended for the establishment of the training school for nurses which graduated its first class on Tuesday last. The occupasympathetic touch of woman is es A Word tion is one for which the delicate and pecially suited, and the establishment of this school places the advan to the Ladies. tages to be obtained within reach of the young women of the region, close to their homes. We are pleased to note that the doctor's efforts are appreciated, and feel satisfied that under his supervision the pupils will receive a training equal to that of any of the schools of the cities.

THE Ohio Federation of Labor doesn't agree with the Knights of Labor on the question of immigration. The former at a convention in which American labor has been reduced by the unrestricted inflow of Boston, Mass., Shocs. 17 the pauper labor of Europe, unanimonsly adopted a resolution recommending "the exclusion of foreign labor for a period of ten years." This resolution goes further than it would be practicable or expedient to follow, but it shows how deeply the conser vative classes of labor feel upon this burning subject. No harm is done rance of the sober and inss of foreigners who come their condition. It is pauper element, the

surope, who come

here and underbid American labor who work the darange; and it is this since that Congress must legislate
