Mr. Davis, chairman of the foreign relations committee, said that the bill was in ald of negotiations now pending among the representatives of the gov ernment of the United States, Great Britain, Russia and Japan. Mr. Pettigrew, of South Dakots, sharply antagonized the measure, saying that this country had already suffered more than enough humiliation on account of the seal business, and that he fa-vored the settlement of the question by killing all the seals as they appeared at the rookerles of the Pribyloff Islands if by the lat of June next Great Britain also had not agreed to a prohibition of pelacite sealing. He offered an amend-ment to that effect, but it was defeated. The bill was passed by a vote of 37 to 14.
