

# PIMPLY FACES

JOE LEITER'S LATEST.  
Has Probably Caught Speculators  
in the Oats Market.  
UNUSUAL RISE IN THAT MARKET.

It is believed that the young plunger has quietly engineered a squeeze in the cereals—L. Z. Leiter says his son has benefited the farmers.

Chicago, Dec. 27.—Friday, which will witness the close of the great Leiter deal in wheat on the board of trade, will probably be the most memorable day in the trade. No great excitement is expected in the wheat pit, but in oats a squeeze may occur.

The wheat deal of my son has brought to the farmers of the United States 10 to 15 cents more for their wheat than if he had not gone into it." L. Z. Leiter told today in talking of the grain market. "I have done well on one side and the elevator companies on the other. "My son has been the benefactor of the agricultural industries of the country to that extent. The seller is now dictating the price of his product, not the purchaser. Chicago makes the market price of wheat, not Liverpool. And the local influences, which had been so long for constantly lower prices, have ceased to control Chicago prices."

The first purchases of wheat by Joseph Leiter were made in July last at 64 cents. The price for real wheat, such as the farmer's man, has been 99¢ and \$1 for several days. This makes a total advance since July of 35 cents. Leiter's grain deal is the largest of the marquis credit for between 25 and 35 cents of the rise. The remainder he attributes to the substantial support given to prices by Leiter, Jr., during the last six months.

It is believed that Mr. Leiter has been turning a trick on the trade in oats, which he says was watching for weeks the grain pit became practically deserted. Last week there was a disagreeable surprise to the men who had sold \$6,000,000 bushels of oats for December delivery when they learned that no oats were being delivered. Then they awoke to the fact that in all the Chicago elevators oats measured 16 bushels to the barrel, the contract weight. It was Wednesday when the discovery was made. The price of December oats was then 28¢. On Friday the market closed at 22¢. A cent advance in oats is as good as four or five cents in wheat. It is too late to rush in a supply to meet the calls which will be made for the grain at the close of business Friday. Those who have not yet contracted will be compelled to call upon to settle at the closing price. The situation has all the elements of a squeeze.
