The war cloud in the East is not as dark as it was a week or so ago.

The situation that has not its duty, its ideal, was never yet occupied by man.—Thomas Carlyle.

Bounty jumpers do not leap with joy at the proposal to publish the pension lists. The true soldier has no fear, and is only too anxious to purge the list of frauds.

During the fight over the Senatorship in Ohio, no one has heard the name of Coxie mentioned. "Keep off the grass" signs must be numerous about the capitol at Columbus.

The surgical world can now point with pride to a man who has had both his stomach and verminous appendix eliminated. It would not be a bad preparation for a trip to the Klondike.

The new year starts off with more institutions running to their full capacity than was the case twelve months ago, which proves that the McKinley administration is not only on time, but up to date.

The elder Booths in his way to this country for the purpose, it is said, of becoming reconciled with his son, Hallington Booth, the head of the American Volunteers. These people should practice what they preach.

Ignatius Donnelly, who is to marry his young stenographer, makes the announcement that he is only 69. There must be a great cryptogram concealed in these figures. Ignatius was a venerable orator thirty, many years ago.

When a political leader of long standing becomes so big that the party can't get over him, or under him, or around him, it is time to reverse the column. And the Republican column will probably be reversed in Schuykill.

This year the applicant for liquor license must present the cash or certified check before receiving his license. County Treasurer Elias Davis publishes in another column a notice to that effect. This is done to guard against protested checks.

DURRANT'S last words upon the scaffold, with the certainty of being immediately hanged to eternity, were uttered in proclaiming his innocence. Was he? Circumstantial evidence, it is true, has long many innocent men; but the people of San Francisco are almost unanimous in the belief that Durrant is guilty, notwithstanding his denials in the face of death.

The people of Mahanoy City will vote upon the question of issuing bonds to the amount of \$80,000, to be expended in paving the principal streets of that town. There is not much doubt but that the people will vote in favor of the increase. They experience the good results of paved streets and realize that it is the only permanent and practical street improvement.

The Girard Estate has filed remonstrances against the licenses of their tenants in West Mahanoy township, and have also served notices upon these tenants that they must discontinue the sale of liquor or vacate the premises. They will not renew the leases. While the Girard Estate is making warfare upon the licensed places in that town, it would come with better grace were they to take the same steps against the "speakeasies." In fact, these violators of the law should receive the first consideration.

The President has issued an earnest appeal in behalf of the suffering Cubans, and Governor Hastings has taken similar action. It goes without saying that the patriotic and benevolent people of the Keystone state will give prompt and effective response in behalf of the struggling people of the devastated island. No matter what difference of opinion there may be as to the wisdom and justice, or otherwise, of more vigorous action on the part of this government, every good citizen who sympathizes with afflicted and ill-treated humanity can heartily support the plan now proposed, whereby something may be done to bring aid needed comfort to a large number of helpless men, women and children. The subscriptions should be hearty and general.

Buy Keystone Coal. Be sure that the name Lemco & Bann, Ashland, Pa., is printed on ever sack.

San Captain's Marvelous Escape. Queenstown, Jan. 10.—The Norwegian bark Hovind, Captain Hovind, just arrived here from Pensacola was terribly battered by a hurricane Dec. 26. She was submerged for a time, and the whole crew, including the captain, were saved only by the aid of a life preserver. A few minutes later another wave washed him off the captain. One of his legs caught in the sparboard and he was dragged in the boiling surf. A few minutes later another wave washed him on deck. The float was not so abandoned. J. H. Ryder, whose wife had deserted him, was sent to prison for forgery from here recently. A bygone daughter, thus left alone, was adopted by a submarine. A wild and phantasmagoric party to have the most of a celebration resulted led to the death of a man.

A KENTUCKY EPISODE.

A Courtroom Fight Where Prisoner Wanted Take a Hand. Mt. Vernon, Ky., Jan. 11.—At the extraordinary trial of William Handley for killing John Lawrence Judge Williams yesterday ordered the court room cleared, so that all who desired to return might be examined for weapons and disarmed. Five minutes afterward Winchester rifles in front of the court house in the hands of Pat and Eliza Langford were firing at ex-Jailer William Mullins and his friends.

Some Foolish People. Allow a cough to run until it gets beyond the reach of medicine. They often say, "Oh, it will wear away," but in most cases it wears them away.

The Trial of Esterhazy. His Accusers Present Very Flimsy Evidence Against Him. Paris, Jan. 11.—The trial by court martial of Major Count Ferdinand Wladimir Esterhazy, the retired officer of the French army, came into prominence in the latter part of November last through the publication by Figaro of a number of letters, which the count is alleged to have admitted writing, reflecting in strong terms upon France and the French army, was opened yesterday under the presidency of General De Laxer.
