Dr. Herz Being an American Citizen, Our State Department Is Urged by Counsel to Press the Cialm For Dam-

Washington, Jan. 11.-Messrs. Dittenhofer, Lauterbach and Limburger, counsel for Dr. Cornelius Herz, yester-day appeared before Solicitor Penfield, at the state department, and presented a claim for indemnity in the sum of \$5,000,000 against the French govern-ment for an alleged illegal attempt to persecute Dr. Herz. The case is re-markable in many ways, and it said at the department is without a precedent. The facts in brief are that Dr. Herz. whose name stands very high in scien-tific circles as an electrician and phys-saving to the pupple.

ant in the United States army. In 1871 he was charged by the municipal authorities of Chicago with a mission in connection with the reconstruction of the city after the fire. He afterwards held posts of responsibility and honor in San Francisco and New York.

Meanwhile his fame as an electrician had spread, and he did much to extend the study of this branch of science, be-sides establishing, as his brief claims, the forerunner of one of the largest of the great electrical corporations now in existence in this country. He married an American woman, and when his children were born in Paris he caused them to be registered as American cit-

The case was kept open, and he was continued under arrest in his bed four years, during 1895 to 1895. Then the British parliament arrest in his bed four years, during 1893 to 1895. Then the British parliament came to the relief and passed a special act that permitted the magistrate to attend Herz's bedside and take his tes-timony. This was done, and the magistrate promptly declared that the charges were utterly invalid and scarcely deserving of notice. This was May 2, 1896, and Herz was released from

arrest. Meanwhile the French government had instituted proceedings against him in France and confiscated all of the property of himself and of his wife. Dr. Herz alleges that this was persecution pure and simple, and that the French government knew that the charges against him were baseless before his trial. Therefore, claiming to have been injured in name and health and in other ways, he demands that the state department shall prefer a claim against the French government in full reparation. had much the best of the debate in the house yesterday so far as the number of those engaged in it were concerned. Nine of the 11 speakers were of the op-position. The friends of the law are very anxious to shut off further debate, and in this will have the co-operation of Speaker Reed and the rules com-mittee. Mr. Moody, who has charge of the bill, gave notice that he would test the sense of the house today on a motion to close debate. The opposition immediately sent word to all in their ranks to be on hand, and they say the will have no difficulty in defeating the
