THE GOVERNMENT SUSTAINED.

The Chamber of Deputies, by a vote of 312 to 122, Expresses Confidence and "Reties on the Government to Stop the Campaign Against the Army."

Paris, Jan. 14.—Count de Mun, the clerical leader, caused excitement in the chamber of deputies yesterday when he asked to be allowed to question the government on the subject of Emile Zola's open letter to President Faure. M. Zola's letter, which formed the basis of Count de Mun's question, pointed out the alleged irregularities and illegality in the Esterlasy court martial, formally accused the minister of war, General Billot, General Mercier, Major Ravary and Major Paty de Clam of perjury, and challenged the government to prosecute him.

The minister of finance, M. Cochery, replied that the absence of General Billot compelled him to postpone discussion of the matter. This caused an uproar, and Count de Mun declared that he had advised General Billot and the premier, M. Meunier, of his intention to raise the debate. "For," he said, "the matter is not one which can be put off." The minister finally agreed to suspend the session until General Billot could be in attendance.

When the session was resumed the premier, M. Meunier, made a statement, saying in substance:

"We understand the announcement in the chamber of the presence of the attack on the chiefs of the army. The government, recognizing their duty,

IN SENATE AND HOUSE.

Bill Introduced For the Construction of Five War Vessels.

Washington, Jan. 14.—The senate did not make great progress with the Harwell appropriation treaty yesterday. Several speeches were delivered, but in every instance the speakers announced that their remarks were merely preliminary to what they should say before the close of the debate. Those who spoke were Senators Stewart, Frye and Morrill, all of whom it is predicted will report in the affirmative on the senate side. In the open session of the senate Senator Morgan made a speech opposing the Lodge immigration bill. Senator Morgan introduced a bill for the construction of four coast defense monitors, and Senator McMillan, from the minority, reported favorably a bill appropriating \$200,000 for the construction of a gunboat for the great lakes.

STILL ASSAULTING HANNA

His Opponents Will Fight Him on Alleged Bribery Charges.

PREPARED FOR A STRONG FIGHT.

The Senator's Managers Express a Desire For Thorough Investigation, and Intimate That They Will Confuse Their Enemies.

Columbus, O., Jan. 14.—Senator Hanna and the members of the legislature went home yesterday. All will return by Tuesday next. The leaders on both sides are still here preparing for another fight next week. The opposition to Hanna now proposes to fight against him being seated for the long term. His enemies say they have not the time to interfere on the short term, but they will press the bribery charges, as such charges are pressed on Henry D. Payne, 14 years ago, to the United States senate. Subpoena was issued for Senator Hanna, Major Dick, W. D. Hollenback, H. H. Boyce and others to appear before the senate committee next Tuesday night.

decided to prosecute M. Zola, although they are not blind to the fact that the prosecution is desired in order to prolong the agitation. It is to be hoped the chamber will have confidence in the energy and wisdom of the government."

Count de Mun said the government would not to the army that it is assured of its confidence, as it was impossible to allow the accumulation of insults and attacks of the nation grouping in General Billot said this was the fourth time he had been called upon to defend a matter upon which judgment had already been passed. The army, he added, treated the attacks with contempt, but it was painful to see it attacked in the manner in which it was being treated by the chamber.

M. Jaures, the Socialist leader, condemned the court martial proceedings behind closed doors, which, he asserted, were "a blot on the honor of the nation in obscurity." He also asked the house not to repudiate the subordination of the military to the civil power.
