MURDERED A FIVE-YEAR-OLD BOY

Samuel Henderson, Fifteen Years Old, Lured Little Percy Lockyar to the Woods, Where He Brutally Killed Him and Threw His Body Into a Creek

Philadelphia, Jan. 17,-The body of 5year-old Percy Lockyar, who is believed to have been murdered on Friday night by 15-year-old Samuel Henderson, was yesterday found in the bottom of "Red-dies" creek, Sixtleth and Catharine streets, West Philadelphia, and there seems little doubt in the minds of the police that young Henderson is guilty of the crime. He is now locked up in a cell at police headquarters. The body of the child, when found, was weighted by two heavy stones, one about his neck and the other around his ankles. His skull was crushed in and there was a knife thrust just above the heart and similar wounds on his breast, side and forebead, while on one side of the face is a long cut, extending

from below the eye to the chin. From what the police have been able to learn the crime seems to have been one of the most horrible character, and if all its details are true it stamps young Henderson as a degenerate of the worst type. He does not seem to realize the enormity of his crime. On Saturday, after his arrest, he told this

story of the killing:
"I found Percy Lockyar at play with several companions in front of the West End schoolhouse, and induced him to walk across the fields to the woods in search of 'piggies' to play hocky with. After coaxing him for some time he agreed to go, and we went together.

was standing at the foot of a hill on the side of which, half way up, Percy was at play. I was whittling a stick. The creek was just behind me. All of a sudden I got tired of whittling and stopped, holding my knife against my hip, blade outward. Just then I saw Percy running down the hill at full speed. I had been bending over, and just as I straightened up Percy struck me and ran squarely upon the knife. It pierced his heart. He fell over backward, and didn't speak again. His legs twitched once or twice. I was scared because I thought I had killed him, and picked the body up and carried it to the creek, where I tumbled it into

to the creek, where I turnised it into the water and went home."

Yesterday, however, when shown the mutilated body of the child he admit-ted that he was responsible for those

it was an accident.

The police, however, believe it was a planned murder, in which the guilty one also nurposed ending the We one also purposed ending the life of another small boy. Wille Addison, aged years. Henderson, it is claimed, has been reading trashy novels of the wild western stamp, and has shown a de-sire to emulate the "hero" of those tales. The police assert that Henderson accompanied Lockyar and Addison to the woods, as he told on Saturday but instead of any accident happening to either Henderson tied both children to a tree. Addison broke away and ran home. It was then, it is said, that young Lockyar's death was accomplished. Dr. Morton, the coroner's physician, who examined the thrust above the heart, said that it caused the death of the little fellow. The police searched for the body during all of Saturday night, and it was not until after day-

A fact that has come out in connection with Henderson's alleged crime is that his father, John D. Henderson, was on trial before Judge Reed, in October, 1892, charged with killing a man named Christopher Nelson. The killing was the outcome of a quarrel, Henderson, when arraigned, pleaded guilty to manslaughter. He was re-manded for sentence, but some time later it was shown that the death was murderous intent. He was admitted

to bail, and is now a free man. The murder of young Lockyar recalls the crime, early in the 70's, of Jesse, Pomeroy, new serving a life sentence in the Massachusetts state prison, Pomeroy then 15 years old, lured a 4year-old boy to the meadows back of South Beston, and there stabbed the little on to death with a jackknife, The child's body was covered with wounds, and his little hands were cruelly hacked, showing that he had held them before him in an effort to ward off the cruel stabs. Pomercy, since his imprisonment, has made several elever attempts to escape.

the little ills that they neglect are simply the dauger signals that warn them of the approach of big and serious maladies. A approach of big and serious maladies. A well man or woman gets up in the morning happy and clear headed and alert, both mentally and physically. They have a hearty appetite for breakfast. They go about their work with alacrity, and a sense of pleasure. The day's end finds them tired, but not fagged out. They still have the energy for an evening's enjoyment. At night they find sound, refreshing slumber. They do not have frightful dreams during their sleeping bours, nor are they drowsy during their waking hours. They are not ill-tempered or fault finding.
