Money Saving Values. WHERE? AT DAVIDSON'S FURNITURE STORES. WE HAVE THEM, AND LOTS OF THEM. OUR FIRST INDUCEMENT FOR 1898:

150 Solid Antique Oak Sideboards = 150

By the closing out of a large sideboard manufacturing business, from the end of the year, I was afforded this lucky opportunity to purchase them and am therefore prepared to offer to the trade with every imaginable design. As the space in our large store room is at a premium which deprives us of displaying less than one-fourth of them, we call the attention of the public to come and examine our samples.

We Quote a Few Prices: A nice antique oak sideboard, has been polished and carved, with a plate glass mirror, medium size, at \$6.50

Another design, much larger, with heavier carving, at \$9.50

These prices are merely illustrations, for we have them at almost any price. We are compelled to sell these goods at sacrifice prices, occasioned by the compulsion made by the railroad companies who demand storage charges.

Bad for Bronchitis

but extremely good for the sufferer from that harassing disease is Dr. Ayer's Cherry Pectoral. No medicine can compare with this great remedy in the prompt and permanent aid it gives in all bronchial affections. It stops the cough, soothes the irritated throat, and induces refreshing sleep.

"I had a bronchial trouble of such a persistent and stubborn character that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. One bottle cured me."

J. C. WOODSON, P. M., Forest Hill, W. Va.

"A short time ago I was taken with a severe attack of bronchitis, and rather physical and ordinary remedies gave me relief. In despite of finding anything to cure me, I bought a bottle of Ayer's Cherry Pectoral. Less than one bottle entirely cured me."

ROBBERS FOILED. Frightened Mules Runaway and Prevent a Highway Robbery.

A Western border-like attempt at highway robbery was made near the Hammond colliery, Rappahannock, Saturday night. A driver in the employ of Snyder, the green truck dealer of Girardville, was on his way to the latter place with a wagon and team of mulescarrying the load of truck through the valley, when three men stepped from the side of the road and ordered him to stop his team. The mules were restless and the driver was unable to hold them in. The robbers evidently thought there was no intention to obey their order and three shots were fired at the driver. Some of them took effect, except to frighten the mules and they dashed away at rapid speed, leaving the robbers far in the rear and landing the driver home without loss. It is believed that the robbers are Girardville characters who had knowledge of the driver's route and knew his time for returning to Girardville, and that they laid their trap for him with the intention of securing the receipts from his day's sales.

ALL QUIET IN HAVANA. Anticipated Sunday Disturbances Did Not Materialize.

Washington, Jan. 17.—Grave apprehension was felt by both the officials of the state department and those of the Spanish legation that disturbances of a more or less serious character might occur in Havana yesterday, owing to the fact that many persons otherwise occupied during the week would be comparatively free to follow their own inclinations. Advice received by Minister De Lome indicated, however, that Havana was perfectly tranquil. As a precautionary measure General Blanco had carefully provided against trouble, but so far as surface indications went the precautions he had taken were entirely unnecessary. The advice was that the better judgment of the people was unimpaired. Good feeling prevailed generally throughout the city, and no disturbances were anticipated.

State department officials received no word from Havana, and they accepted this as an indication that no trouble had occurred or was anticipated. They regard the rioting of last week as merely a flurry which spent its force in the few hours it lasted. General Lee is under instructions to notify the department promptly of anything unusual or in the least way threatening, and the fact that no dispatch was received from him clearly indicates that the city is practically absolutely quiet.

ISSUED A CAPIAS.

Editor T. J. Joyce Taken to Dauphin County by a Deputy Sheriff.

It goes without saying that the editor of the Black Diamond is a persecuted man—his enemies have gone beyond the bounds of legal prosecution, in the opinion of all fair-minded people.

Thomas J. Joyce is charged with perjury on oath of John J. Cagle. The case was called on Wednesday and Joyce and his witnesses were present ready for trial, but the prosecutor failed to put in an appearance.

Joyce was again present on Friday, but the prosecutor's attorney failed to appear, and the case was to be called on Saturday.

The editor of the Black Diamond was compelled to leave for home in order to issue his paper on Sunday. For failing to be present on Saturday, his bail bond of \$500, signed by John (then) of Mahanoy City, was forfeited and a capias issued for his arrest. A number of witnesses and others interested in the case, among them Joseph Wyatt, were also absent and a capias was issued for each.

The case had been continued until next Monday, and it looked little strange, to say the least, that the defendant should be railroaded off to Harrisburg late Saturday night, unless the editor had been the prosecutor's threat to put Joyce behind the bars.

When bilious or constive, eat a Cascares candy cathartic, cure guaranteed. 10c, 25c.

BEFORE THE JUSTICES. Several Cases Disposed of Yesterday and Today.

Saturday night disturbances brought a number of suits before Justices Shumaker and Toomy. Most of the cases were of a trivial character.

Paul Buskiewicz was charged with hitting Enoch Zovink on the head with a black-jack. The defendant was put under \$1,000, as he is a desperate character. On New Year's Day he was charged with stabbing a man.

James Purcell, a young man of Turkey Run, was put under bail by Justice Shumaker this morning to appear before court and answer a charge of assault and battery on Mrs. Bridget Munley. The complaint is a white about forty years of age and also resides at Turkey Run.

Afton Hamrick attended a wedding in the First ward Saturday night. Suddenly he pushed him on to a stove. He blamed Andrew Koser for the act and beat him unmercifully. Dr. Church dressed the wounds that Koser received from a glass and hammer which was put under \$400 bail.

Daniel Welsh, aged 29 years, was committed in default of \$400 bail by Justice Shumaker. Welsh was charged with assault and battery and surety by his mother, Mrs. Annie Welsh, a widow, who alleged that the trouble was due to the son trying to assume control of the household affairs.

Do you feel as if everything is going wrong, and as if you can not get enough rest, always feeling languid and tired? If so, take Dr. Bell's Pills, the unrivaled tonic and nerve-cure, 10c or 25c.

Forming a Circuit. From Girardville Times. H. W. Becker, who has been interested in the theatrical business during the past few years, is at present negotiating for the leasing of about twenty-five theatres throughout central Pennsylvania, for the purpose of forming a circuit for next season.

He has already secured Henker's theatre at Mahanoy City, and the houses at Ashland, Mt. Carmel, Hanville, Lock Haven, Tyrone, Pottstown, Slatington, Pittston, Williamsport, Bellefonte, Mauch Chunk, Lebanon, Shenandoah, Scranton and Wilkes-Barre.

A reason for the faith that is in him—A responsible citizen of the South writes: "From feeling languid and tired, I so, take Dr. Bell's Pills, the unrivaled tonic and nerve-cure, 10c or 25c."

Perfumes a Disunion Steamer. Philadelphia, Jan. 17.—Captain Ritson, commanding the British steamship Willoughby Branch, which arrived in port yesterday from Hamburg via the Tyne, after a rough voyage, made a report which may cause alarm in shipping circles. The captain states that on Jan. 7 he passed close to an unknown steamship that was heavily listed to starboard, but he did not signal that assistance was necessary. He believes the vessel to have been one of the Allan line fleet.

Thoughtless Boys Cause Great Damage. Wheeling, W. Va., Jan. 17.—Two thoughtless boys caused great mischief by applying a match to an array of coal oil issuing from a small aperture in the Standard Oil company's pipe line from Sistersville and Mannington to Morgantown. The burning spray melted the lead in the joint of the pipe, which has caused a serious jammer. Fifty acres of forest and field were soon ablaze. Two small bridges and two barns were burned. All the oil in ten miles of six inch pipe, nearly 2,000 barrels, was consumed.

Just At This Very Time.

When People Are Suffering From Rheumatism, Neuralgia and Colds. They Need to Know of a Discovery, The Fame of Which is "World-Wide."

More men, women and even little children than ever before suffering with rheumatism and neuralgia the present year than ever before. Statistics from all over the country show this fact, and it is a sad condition. Possibly the unusual weather has had something to do with it, but there is one great reason, lack of health. The great cause of rheumatism and neuralgia, or even muscular cold, is because there is impurity in the blood. This impurity should be thrown out of the system, and can be if the kidneys are only in a strong and healthy condition, but being weakened, these great organs are not able to cleanse the arterial blood from the system, and to get into the blood, poisons the blood, stiffen and harden the muscles, and causes what we call rheumatism and neuralgia.

Is this unclear? Can you not readily see that there is always one way to cure rheumatism, and that is by keeping the kidneys in a strong and healthy condition?

If they are kept strong and well, and drive the impurities from the blood, there will be no more rheumatism or neuralgia.

In every quarter of the globe, including India, Africa and Australia, it is acknowledged that the only sure discovery which can ever drive the impurities from the blood, and drive it from the body, that discovery is known universally throughout the world as Warner's Safe Cure.

In writing upon this subject, Mr. William Edward Robin, surgeon of the Royal Navy of England, said:

"I have prescribed Warner's Safe Cure constantly to those suffering from kidney or rheumatic disease, and especially rheumatism and neuralgia. In some instances where the sufferer seemed hopeless, I have seen the sufferer restored to complete health, greatly to my surprise and gratification, and I can confidently recommend it in all cases of my acquaintance."

Prof. J. P. Fournier, B. A. R. Sc., of Paris, says:

"After weeks of suffering from inflammation of the bladder during which time, all

though under noted specialists, the disease steadily developed and I rapidly grew weaker. I resorted to the use of Warner's Safe Cure, and I am now as well as ever."

Hon. E. A. Stone, Judge of the Supreme Court of Australia, declares:

"I have used Warner's Safe Cure on many occasions, being subjected to complaints which caused depression of spirits, and the use of this wonderful discovery has been invariably attended with the most satisfactory results."

Jai Jal Ram Misar, a prominent rascally rascal man of India, says:

"I was attacked by the fatal disease dropsy as a result of rheumatic troubles. My whole body was filled with water and my kidneys refused to work. I tried various remedies and skillful surgeons in vain. At last I was told to prepare for death. I began the use of Warner's Safe Cure, and it effected a complete cure for which I cannot be too grateful."

The list of names of American men and women who have been cured by the use of this wonderful discovery extends into the hundreds of thousands. Many of them are very prominent in legislative, professional and social circles. Their names alone would more than fill this paper. Many of them have been enduring pain, have had swollen joints, it aches, unaccountable languor, and in the enjoyment of perfect health. A few names of those who cordially recommended Safe Cure are Bishop Wilson, Mr. Jesse Larabee, Dr. Gunn, Mrs. Annie Jennings Miller, Dr. Woodbury, Mrs. Willard and Rev. Dr. Rankin.

In addition thereto, this great discovery has been scientifically analyzed by Prof. S. A. Lattimore, one of the leading chemists of America, and Analyst of Food and Medicines for the New York State Board of Health, who has investigated the process of manufacture, and unhesitatingly says that "it is conducted with extreme care according to the best methods, and that Safe Cure is free from all poisonous and deleterious substances."

"The facsimile of the package is given herewith. It has become a synonym for good health the world over, and gives what no other remedy can give—freedom from disease and the blessings of life which good health always confers."

Safe Cure. It promptly relieved the painful symptoms and I conscientiously say that my present good health is solely due to Warner's Safe Cure.

Ex-County Treasurer Arrested. New York, Jan. 17.—Count Depenla was a passenger on board the steamer La Cleopatra when she sailed Saturday for Havana. The count, who came to this county about two months ago as the avowed agent of Don Carlos, pretender to the Spanish throne, was taken the ment of his time while here in visiting arms manufacturers in the east. He has frequently put forward the pretension that within the year Don Carlos will be the acknowledged king of Spain.

Another Fire in Paradise Hall. Easton, Pa., Jan. 17.—Paradise Hall, which was nearly destroyed by fire a month ago, was the scene of another fire last night, and was in that part of the burned west wing in which had been the books of the Ward Library. The flames were soon extinguished. It is believed that the fire was due to embers that were smoldering in the basement from the last fire. The loss is not large.

Ex-County Treasurer Arrested. New York, Jan. 17.—Ex-County Treasurer N. William Clark, of Fort Plain, recently forced to resign his position by the board of supervisors, who found him short in his accounts about \$25,000, was on Saturday indicted by the grand jury of Montgomery county, and was arrested today.
