### A QUESTION OF VERACITY

Between the Republican Speaker and Democratic House Leader.

THEY GLARED AT EACH OTHER

The Senate, by the Decisive Vote of 4) to 25, Decides to Take Up the Teller Resolution Providing for the Payment of Bond Obligations in Sliver.

Washington, Jan. 21.—Speaker Reed from the rostrum of the house, and Mr Bailey, leader of the Democrats, from his place on the floor, glared at each other at the close of the Cuban debats yesterday, and joined an issue of veracity. This sensational episode com-pletely overshadowed the interest in the Cuban debate, which had continued uninterruptedly in the house for three days during the consideration of the diplomatic and consular appropriation bill. On Wednesday notice was given by Mr. Williams, of Mississippi that at the conclusion of yesterday's debate a notice would be made to recommit the bill with instructions. Wher the motion was made by Mr. Bailey yesterday it was ruled out of order by

the speaker.
Mr. Balley thereupon startled the house by affirming that he had a private understanding with the speaker by which a vote should be taken di-rectly on the motion to recommit. This the speaker emphatically denied, and these two leaders of their respective parties in the house, with white faces and voices shaken by emotion, set their statements against each other, while the galleries looked on in breathless amazement and the members were in an uproar. Mr. Smith, of Michigan, who said he was present, corroborated the speaker's side of the case. The result of the speaker's position was that an appeal was taken from his decision. and by a strict party vote it was inid on the table, 168 to 114, the Democrats and Populists, as on the two previous days, voting against the solid Republi-

The debate yesterday was not as in-eresting as on either of the two pre-seding days. The features were a teresting as on either of the two pre-ceding days. The features were a characteristic speech by Champ Clark of Missouri, a strong appeal for conservatism from Mr. Johnson, of Indiana, a presentation of the results of his observations in Cuba during his recent trip to the island from Mr. King, of Utah, and an hour speech by Mr. Ding-ley, of Maine, in explanation of the causes of the reduction of the wages in the New England cotton industry. By the decisive vote of 41 to 25 the senate yesterday decided to proceed at once to the consideration of the resolution introduced a few days ago by Mr. Teller, of Colorado, providing for the payment of bonds of the United States in silver at the option of the gov-

Mr. Vest, of Missouri, the member of the finance committee, who had charge of the resolution, spoke briefly upon it. but disclaimed any desire at this time to thresh over the old straw of financial discussion. He believed, however, that the time was ripe for a reiteration with emphasis of the declarations of the Stanley Matthews resolution, which had been placed on the statute books 20 years ago, particularly in view of recent statements of the secretary of the treasury, in which the president, who had as a member of the house voted for the original resolutions, evidently concurred. The day after 2 o'clock was spent in executive session. when Mr. Morgan concluded his speech in favor of Hawaiian annexation.

Senator Bacon, of Georgia, yesterday followed his action of Wednesday in of-fering an amendment to the treaty providing for a vote upon it by the people of Hawaii by offering the amendment o Senator Morgan's bill for annexa- Ferguson House, from 9 a. m. till 1:30 p. m.

A Clever Trick.

A Clever Trick.

It certainly looks like it, but there is really no trick about it. Anybody can try it who has lame back and weak kidneys, malaria or nervous troubles. We mean he can core himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to the liver and kidneys, is a blood purifier and nerve tonic. It cares constipation, headache, fainting spells, sieeplessness and melancholy. It is purely vegetable, a mild lagative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 85c. a bottle at A. Wasley's drug store.

Mr. Dote's Washingto. S. ecception. Washington, Jan. 21.-The war de partment is making preparations for a notable reception to President Dole, of Hawaii, upon hisarrival in Washington, Orders have been given to have all the troops stationed in the city and vicinity assembled at the station, and a fine parade will mark the trip of the visitor from the train to his hotel, where he will be called upon by the high officials of the government. It is probable that President McKinley will exchange visits with President Dole,

Check to bank Examiners. Washington, Jan. 21.-Mr. Charles G, Dawes, the comptroller of the currency, has issued a circular forbidding national bank examiners to accept employment and compensation therefor in in making extra examinations and re-ports of conditions of national banks assigned for them for regular examination, which examination and reports as for the use of the bank, and not for his Mr. Dawes says such employ ment has a tendency to interfere with that rigid impartiality which should characterize the examiner's work as a government official.
