NARROW ESCAPE.

Coal Gas Threatened Thomas Bellis and His Family. Thomas Bellis and his family of three daughters and son had a narrow escape from suffocation by coal gas last night.

After the family retired one of the stove pipes became disarranged and the escaping gas affected the sleeping occupants of the house. Fortunately one of them awoke before the effects became dangerous, although all were in a state of semi-stupor. They would have succumbed in a short time.

SPECIAL PUBLIC NOTICE.

Louis Golden Has Embarked in the Manufacture of Clothing. The undersigned has established a clothing manufactory at No. 327 Market street, Philadelphia, and is about to engage extensively in both the wholesale and retail clothing business.

During the afternoon session yesterday Mr. Hill, the witness, said he received five per cent on the cost of the Klingshtown bridge. He was asked to produce his book but said he had not had time to go to his office. Mr. Whalen said he was trifling with the Commonwealth.

A statement of bridge work for 1895-96 showed Architect Hill received \$64,800 in percentages and \$1,377.75 paid in extra work. The extra work for the extension of the wing walls at the Ashland bridge to protect the same; and extra masonry at the Pinegrove structure.

The witness could not furnish a solution to the fact that the contract price of the Ashland bridge was \$1764 and that for the Pinegrove bridge \$1170, and that the extras on these two bridges totaled \$4030.75.

Q. Did you stretch out the lines at the instance of the contractor? A. Yes, sir; at that time I had been told by one of the Commissioners, Mr. Allen, I think, that they had agreed to extend the walls.

There was considerable chaff among counsel at this point about one of the counsel's method of pronouncing Ulrich, and Messrs. Ryan and Whalen exchanged hits.

The bridge at Reynolds was then tackled and it was found that the floor timbers were spliced and other repairs were made. A fact which was not mentioned in the contract.

Q. The Ashland and Pinegrove bridges were completed in February 1896, and then you presented your bill for commission, now what is the fact that you came in later and charged a commission on \$2,700, isn't it a fact this last bill was a clear swindle of the county? A. No, sir, I did not charge my full commission when the bridges were completed in February.

Q. The inspectors pass upon a bridge after its completion do they not, and the inspection is to take the bridge of the county's hands? A. Yes, sir.

Mr. Schalk here called attention to a warrant drawn February 3, 1896, to Wm. D. Hill for \$125, the bill for the bridge, which was payment in full for services on the Ashland and Pinegrove bridges.

Redirect examination to Mr. Marr. Q. You never received any compensation above your five per cent, on any of the special work? A. No, sir.

Q. You never charged extra for your expenses? A. No, everything was included in the five per cent.

He told of the necessity of hiring teams to reach certain bridges notably those at Klingshtown, Huttery, and in thought it about six miles to Huttery which led Mr. Marr to remark that was the longest 6 miles he had ever seen; it was nearer 18 in his estimation. Mr. Hill described the method followed in determining when a new bridge was necessary, the preparation of plans, the awarding of the contract, the laying out of the grounds for the contractor, the appointment of the work, his reports to the Commissioners and of their final inspection of the bridge work. He said the contents of this bill presented were put there by a clerk of the Commissioners' office. He made up percentages from the amounts of the contractor's bills.

He said he received advances when the work progressed but the Commissioners always examined the work before making payments to see whether or not any money was due him. The Klingshtown bill of \$13.75 was due upon a sum length by Mr. Marr because it tended to show that the architect was underpaid for all the trips, etc., that he made. For the Mabel Barry township bridge his charge was also light, but \$36.70. He made four trips, consuming a day each trip and hired a horse and carriage each trip. He also prepared the plans and specifications.

He recited his journeying to the Harpersville bridge via Mahanoy City and Lakeside Electric Railway. He helped the contractor to stake out the ground; there was some delay, owing to the material being behind time. He made eight trips, including the final one of inspection with the Commissioners, prepared the plans and specifications and charged in all \$49.25 commission.

Mr. Marr exclaimed: "They did not examine you about these bills, and I say you'll not get rich at that rate of charging." The witness made no charge for expenses, everything was included with the percentages of 5 per cent.

In making his agreement with the Commissioners he told them the rate of percentage he had received from previous Commissioners and they said they'd pay him the same, five per cent.

The Mohano and Port Clinton bridges were discussed and the questions then turned upon the percentage paid witness on the Ashland and Pinegrove bridges, which Mr. Marr contended was not excessive, nor doubling the charge, and by the answers it so appeared.

Examination of the witness was suspended to allow Joseph W. Meyer, Esq., to testify, and Mr. Hill was instructed to go for his note book and to tell Mr. Geary to bring his field notes.

LEGISLATIVE COMMITTEE. Mr. Meyer was sworn in. Said he was a member of the Bar Association. He attended a meeting in 1885 at which a resolution to organize the Orphans' court bill was passed. The new county bill was also discussed at that time.

A committee was approved to go to Harrisburg and work for the delay of the Orphans' court bill and the defeat of the new county bill. His evidence agreed with that of

WHITEHOUSE AND LOSH TESTIFY

The Commissioners Were Persuaded to Appropriate the Money, Says Chairman Moyer, of the Bar Association-Heavy Hotel Bills.

Pottsville, Jan. 22.-The greater part of the trial of the County Commissioners to-day was consumed in probing into the expenses of the lobby set to Harrisburg to defeat the new county bill. W. J. Whitehouse and Hon. S. A. Losh were prominent witnesses for the defense.

During the afternoon session yesterday Mr. Hill, the witness, said he received five per cent on the cost of the Klingshtown bridge. He was asked to produce his book but said he had not had time to go to his office. Mr. Whalen said he was trifling with the Commonwealth.

A committee was approved to go to Harrisburg and work for the delay of the Orphans' court bill and the defeat of the new county bill. His evidence agreed with that of

MEARS, WOODBURY AND BROOKS, HERETOFORE PUBLISHED.

Was explained to the Commissioners that we thought the county ought to pay the committee's expenses and we would give our services free. The Commissioners refused and said the law was against it. We said the law never foresaw such a contingency and we would guarantee that the Bar Association stand by them in the event of any body objecting. We said the interest of the county was at stake and the defeat of the bill would save money to the taxpayers. We wanted \$500 and they finally gave us \$300. Mr. Woodbury, chairman, drew the money but could not go and he gave me the larger part of it.

Luzerne County Commissioners were there, too, with a big crowd and a brass band to oppose the bill.

Objected to by the Commonwealth. Mr. Ryan said it was desired to show there was concert of action between the two counties.

Witness further replied that he got \$150, one third of which went for car fare and the other two thirds for board and lodging. There were others besides the committee included.

"They received the defeat of the Orphans' court bill and made a second trip on the new county bill."

The prosecution objected and said inquiries should be confined to what was done with this money.

Mr. Schalk made another objection when Mr. Ulrich remarked, "Keep quiet!" "I won't keep quiet," retorted Mr. Schalk.

After the tempest had subsided the examination was resumed.

A LEGISLATOR'S HEAVY PRICE. Did the committee appear at the hearing to express their opinions against the new county bill?

We were at every meeting and had a hearing of two hours before the legislative committee.

It was a question of money, not sound reason with the legislative committee. One of the members of the legislative committee told Mr. Ulrich and myself that if \$2,000 were forthcoming the bill would never be reported. I told him that we would not have anything to do with that kind of legislation.

In answer to a question by Mr. Ryan, Mr. Moyer said that they had gone to Mr. Schalk as treasurer of the Bar Association, knowing that he had no money and they informally discussed the matter of going to the Commissioners for the money; told the Commissioners they would be denounced by the people if they did not make an effort to defeat the measure.

Mr. Moyer spent \$50 for car fare, and could not now say how many persons he paid for the money was spent in the usual way by gentlemen away from home and seeking to make an impression on others. He spent no money on any present except members of his party only that he disbursed over the bar. He had paid the bill of J. H. James, Esq., not one of the committee, but when Mr. Whalen read a hotel bill for \$85 for James she said that was not the bill.

In answer to a question by Mr. Marr, Mr. Moyer said that he recalled this morning and in answer to Mr. Marr, counsel for the defense, said himself and the Commissioners arrived in New York about 2 o'clock in the afternoon. We met a man named Mears and he introduced us to an electrical engineer who agreed to show us the different plants. He failed to show us as we got another man. We spent all the next day looking at different plants and on the next day we inspected plants in other parts of the city. Upon our return we sat in the Commissioners' office and figured up our expenses. I had \$150 when we left home and had none when we returned. The Commissioners refused to allow me more than \$29.50.

Q. Tell us whether any of the bills on the dynamo and electrical machinery complied with the plans and specifications? A. I think they did.

Objected to by Mr. Schalk on the ground that the bills themselves are the best evidence. Judge Schalk said that there might have been nothing to prevent any party from bidding lower to secure the contract and then purchase the material from the manufacturer. He said he had already made a different ruling in this case, and continued the Judge, "I can't rule both ways in the same case. It is hard enough to do it in two different cases." He thereupon ruled the question out.

Mr. Ryan said in that event they would be obliged to send to New York for the bids.

To Mr. Marr the witness answered that they visited electrical plants at the Hotel Wagon and Marks Bros. store, Philadelphia. We found no more than the usual use of the dynamo were made by the General Electric Company and by no other firm.

Q. When did you learn that? A. I knew it before we left home.

Q. Did you find out they didn't do the wiring? A. Yes, sir.

Q. You then advertised for the wiring because the General Electric Company did not furnish the same? A. Yes, sir.

Cross-examined by Mr. Schalk: I got plans and specifications from other companies besides the General Electric Company, but prepared my plans and specifications in the main from those of the latter company by the advice of my own electrical engineer, Ralph Moore, agent for the G. E. Company, was here also. Another person made some suggestions to make the plans, etc., comply with the rules of the Insurance Underwriters, but he does not know that this person has any connection with the G. E. Company.

Q. Have not the General Electric Company a store where they keep their supplies on sale? A. I think they have.

The plans, etc., were produced and Mr. Schalk said he would read them during the afternoon.

Q. You spent \$150 on the trip and made out a statement. A. Yes, sir; but not of our private expense.

Q. Why didn't you attach that statement to the bill? A. I don't know.

The witness produced the blue prints furnished by the Horseheads Bridge Company asked about yesterday, and also his note books. He was examined at some

THE CITIZENS PRIMARIES

Nominations Made in Four of the Wards Last Night.

SEVERAL INTERESTING CONTESTS.

Magargie, James, Niswenter and Reese Renominated For the Borough Council-Malik Wins the Hot Fight in the Second Ward.

The Citizens party had its meetings on the primary field last night, but the game was not near as spirited as that played by the Democrats the night before. There were but two ward contests that excited interest, the one in the Second ward for School Director and the Councilmanic fight in the Third ward.

There was no contest in the First ward, the party having allowed primary work in that district to go by default.

All the primaries were conducted in strict accordance with the Crawford county system and there was no disturbance aside from the customary jostle attending challenges, which were quiet frequent but led to no serious clashes and left no ugly marks.

Four hours was the time allotted for the polling of votes and each poll was kept open to the limit.

The results in the respective wards were as follows: SECOND WARD-Auditor, Jacob Bamberg, 292; Council, F. E. Magargie, 292; School Director, E. C. Malik, 149; Paul Hunk, 114; Judge of Election, Thomas Bellis, 263; Inspector of Election, Warren J. Doria, 292; Assessor, Geo. H. Krick, 239; Jesse B. Davis, 31; Standing Committee, E. C. Malik, 292.

THIRD WARD-Auditor, Jacob Bamberg, 292; Council, D. R. James, 18 years; 357; William Niswenter, 4 years; 210; Edmund Harris, 239; School Director, J. H. Martin, 3 years; 281; George Holvey, 4 years; 290; Marshal Meyers, 179; George L. Hafer, 115; A. L. Graf, 115; Judge of Election, James H. Morag, 239; Inspector of Election, Ross Glover, 337; Alfred Milligan, 99; Assessor, B. E. Parrott, 367; Harry Reese, 94; Ivan J. Davies, 82; Standing Committee, James O. Sumpster, 292.

FOURTH WARD-Auditor, Jacob Bamberg, 129; Council, Arthur Whinnery, 129; School Director, Louis H. Hopkins, 77; James Thomas, 43; Judge of Election, Thomas A. Evans, 129; Assessor, William Patterson, 129.

FIFTH WARD-Auditor, Jacob Bamberg, 194; Council, D. R. Reese, 212; George Niswenter, 59; School Director, Benj. Broxton, 194; Inspector of Election, George Pilling, 194; Assessor, William G. Grier, 194; Standing Committee, W. J. Watkins, 194.

Bicker's Cafe. Sour kroust, pork and mashed potatoes to-night.

Special Church Notices. Calvary Baptist church, South Jordan street, on Sunday next, January 23rd, the pastor, R. K. Albion, will in the morning commence a series of sermons entitled "The King's Seal." In the evening a special sermon entitled "Death in the Dances-or the two Seeds." All seats free. Come and welcome. Service 6:30 p. m.

In the absence of the pastor of the P. M. church, Rev. James Moore, the services tomorrow morning will be conducted by the Brothers White and Collins. At the present service a sacred service of song, entitled "The Galilean" will be rendered. Rev. Moore will occupy the pulpit of the P. M. church at Plymouth, which pastorate he held for five years.

Rev. Alfred Hoehner preaches in the M. E. church tomorrow. Subject for sermons at 10:00 a. m., "The Particular Marks of an Earnest Life." At 6:30 p. m. the subject will be "The King's Reception, an Invitation to All." Many proofs of kindness and encouragement have been shown the pastor in the revival meetings. At 7 o'clock tomorrow morning the last love feast of the present conference year will be held. The pastor will be pleased to meet, as far as possible, all the members and friends of the church.

Rev. George H. Bieher, of Carlisle, will preach in the First Presbyterian church tomorrow morning and evening, owing to the temporary absence of the pastor. A cordial welcome to attend the services is extended to the public.

The revival services in the United Evangelical church are very successful. There will be a service this evening and all are welcome.

The success attending the revival services in the First Baptist church warrants the announcement that the meeting will be continued next week. On Monday evening the sermon will be preached by Rev. T. P. Morgan, of Mahanoy City, and on Tuesday evening the pulpit will be occupied by Rev. E. G. Zenger, of Carlisle. Tomorrow evening Rev. D. I. Evans, the pastor, will preach a special sermon in English. Subject: "The Kingdom of God-Its nature, its state and the Subjects."

Don't Delay-Accept at Once. If you are sick or out of health, here is a chance of being cured which may never happen again.
