CUBAN LEADER SLAIN.

The Man Who Ordered the Execution of Lieutenant Ruiz.

SURPRISED BY THE SPANIARDS.

One Heroic Deed that He Wrote His Name on. A Young Woman and Her Death While Trying to Escape From Her Pursuers.

Havana, Jan. 25.—At noon yesterday Lieutenant Colonel Benito, with the Spanish Tenth battalion, surprised near "Tapate," the camp of the insurgent Brigadier General Aranguero, killing Aranguero and four privates and capturing five of the insurgents and wounding others, who made their escape. The body of Lieutenant Aranguero was brought by train to Havana and delivered to the military authorities. After identification it was sent to the mortuary.

Brigadier Aranguero was only 24 years of age, of fair complexion, with blonde hair and a small mustache. The body, which shows five bullet wounds, one in the head and one in the left leg, is dressed in costume consisting of gray woollen coat, yellow shoes and garters comparatively new. It is said that the garters and the vest belonged to Lieutenant Joaquín Ruiz, the aide-de-camp of Captain General Benito, who, having gone into the mountains with Aranguero, was captured by the Spaniards, was executed by Aranguero or with his approval.

Philadelphia, Jan. 25.—Harvey K. Newitt, the "anti-Martin" candidate for receiver of taxes, has tonight announced his withdrawal as a candidate for that office. At the recent Republican convention the name of William J. Roney, the recognized candidate of the Martin faction of the party, and Mr. Newitt were presented for the nomination, and Mr. Roney was declared the regular nominee. In his letter announcing his withdrawal, Mr. Newitt says: "In view of the avowed determination of the Democratic party to take advantage of the present conditions within the ranks of our party and to attempt to further divide and conquer, I am convinced that I ought to withdraw from the contest, firmly believing that such a course will best subserve the interests of our party in this city and state."

Dandruff is Dangerous

When dandruff appears it is usually regarded as an annoyance. It should be regarded as a disease. Its presence indicates an unhealthy condition of the scalp, which, if neglected, leads to baldness. Dandruff should be cured at once. The most effective means for the cure is found in AYER'S HAIR VIGOR. It promotes the growth of the hair, restores its natural color, and keeps the scalp clean and healthy.
