A Reduction in Price, but not in quality....

This week we have reduced the price of our popular 30c. Blended Coffee to 25c. This coffee is a blend of the highest grades of the best coffees, combining strength and richness of flavor, and is really but little more expensive than the common, low-priced goods in the market, requiring less coffee on account of its greater strength.

Our Java Coffee is a strictly Old Government Java. Nothing but Java.

If you want Cheap Coffee we can give you a fair roasted coffee at 10 cents per pound, equal to any low-price package coffee in the market.

SMOTHERED TO DEATH.

A Polish Youth Killed in a Breaker Chute. William Walkiewicz, a Polish youth 19 years old, was killed while at work in the breaker at West Shenandoah colliery at noon today. One of the chutes had become blocked and Walkiewicz was trying to get the coal started at the top when there was a sudden rush and he was pulled in. He was carried down the chute and his body completely covered by the coal.

A man with a bad back. The kind that aches all day, and doesn't ease at night. Is a grateful man when his back is cured. He wants to tell his friends about it. Let them know relief can be had. Lots of fellow feeling in Shenandoah. Doan's Kidney Pills have cured so many such.

Read what this Shenandoah citizen says: James Goodhead, of 335 West Oak street, says: "I used to have a great deal of pain in my back and across my radiating forward and downwards. I had also more or less dizziness in my head, with an oppressive weariness and loss of energy. I could hardly brighten up at times and any attempt to sleep caused sharp twinges to go through me could lift nothing without it hurting me. I read that Doan's Kidney Pills were a positive cure for such troubles and I procured them from Kirilin's drug store. They gave me a great deal of relief and made me feel better than I had been for years. The lameness disappeared and I did not have the headache all the time as formerly. I have no hesitancy in recommending Doan's Kidney Pills to others troubled as I was."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no other.

HAWAIIAN TREATY WILL BE DELAYED.

Washington, Jan. 31.—It is the intention of the house leaders to effect as far as possible the action of the senate in passing the Teller resolution by killing that declaration of the sense of congress regarding the payment of the government's coin bonds in silver on a year and may vote in the house this week. This will be the feature of the proceedings. While the full Republican strength in the house cannot be commanded against the resolution, no doubt is expressed by those who have made it their business to canvass the situation that the majority against it will be decisive.

As soon as the resolution is reported back from the ways and means committee the rules committee will bring in a special order for its consideration. The time allowed for debate is likely to be brief, as the leaders do not believe there is any necessity for protracted debate, and moreover, a long discussion would measurably decrease the very purpose they have in view—namely, a prompt and decisive negative reply to the senate's declaration. The remainder of the week will be devoted to appropriation bills. The District of Columbia is still under discussion, and the fortifications bill is on the calendar. The house leaders intend to give appropriate bills the right of way in order to make an early adjournment possible. The moment the appropriation bills are out of the way the new rules will be brought in, and after that the contested elections cases and bankruptcy bill will be brought forward.

The senate proceedings of the week open with a speech by Senator Pettigrew dealing with the Hawaiian question. Beyond this speech it is very difficult to forecast the outlook for the week. The diversion occasioned by taking up the Teller resolution has left the senate in a somewhat disorganized and unsettled condition, and with no prearranged program. The army and the legislative appropriation bills are already on the calendar, and the consideration of the agricultural bill has been completed by the committee, so that it will be reported today. The probabilities are that the army bill will be the first of those reported to receive consideration, though there is some disposition to displace it with the legislative bill. Senator Allison, chairman of the committee on appropriations, said this morning that it was his purpose to introduce the proposition bills considered in advance of other measures, and if he adheres to this determination the week may be largely taken up with them. So far as can now be seen there are few prospects of securing its passage in the near future. The debate upon the civil service will be resumed when this bill is taken up, and the bill will be so amended as to give the control of the census bureau to the secretary of the interior.

The bimetallic Republican senators are still discussing the advisability of renewing the financial agitation in the senate by the introduction of some measure of their own, though they do not seem quite so intent upon this course as they appeared to be immediately succeeding the vote upon the Teller resolution. If they present a resolution it probably will be a declaration to the effect that the United States is not committed to the gold standard.

The resolution reported from the senate committee on privileges and elections declaring Mr. Corbett not to be entitled to a seat in the senate from Oregon is also on the senate calendar, and there is a disposition in some quarters to dispose of this as speedily as possible. In view of all the possibilities for debate and delay involved in these various measures, it seems quite improbable that the Hawaiian treaty will receive much attention, at least in executive session during the week. Still, Senator Davis, chairman of the committee on foreign relations, announces it to be his purpose to move an executive session for the consideration of the treaty today, but it is possible that he may be influenced by pressure from senators who have other measures requiring immediate attention to postpone this motion for a few days. There is a growing impression upon the friends of the treaty that their safest course is in delay. They have made a very thorough canvass of the senate, and have not been able to discover where they can get more than 58 votes, whereas to ratify the treaty they will have to have 60.

Senator Pettigrew's determination to discuss the Hawaiian question in open session will have a tendency to take the direction of the ratification resolution out of the hands of the foreign relations committee, and it may prove to be the opening wedge to a discussion of the whole subject in open session of the senate. His resolution declares it to be contrary to the tradition of this country to acquire any territory so situated as to require a navy to protect it. This is a bare

INJUNCTION APPLIED FOR

The Borough Proceeds Against the Lakeside Railway Company.

RULE GRANTED THIS MORNING!

It is Made Returnable on February 14th. If the injunction is Granted the Cars Will be Stopped at the Borough Line.

Pottsville, Jan. 31.—An important legal proceeding was instituted before Judge Hechtel at Keokah at the Potomac city court this morning by J. H. Pomeroy, Esq., solicitor for the borough of Shenandoah. Steps were taken towards procuring an injunction to restrain the Lakeside Railway Company and the Schuylkill Traction Company from operating or running their cars within the limits of that borough.

The grounds of the suit are that the defendant companies have not complied with the conditions set forth in the ordinances by which the right of ways were granted, and that they have refused to comply with the conditions although repeatedly requested to do so by the proper borough authorities. The suit is instituted by direction of the Borough Council.

The chief recitals of the bill are as follows: "That the said Lakeside Railway Company obtained by ordinance from the said Borough of Shenandoah, permission to enter upon and construct a railway upon certain streets of said Borough, subject to certain conditions, to-wit: 'That the top of the rails of said main track shall not be higher than one inch, and shall in all cases be put down so that the top of the rails will conform with the established grades of the respective streets,' and that said ordinance should be accepted by the said Lakeside Railway Company within thirty days after the passage of the same."

"That the said Lakeside Railway Company accepted within the time prescribed, and agreed to the terms of said ordinance, and entered upon the construction of said railway. That they duly obtained from the surveyor of said borough the grade of the streets upon which they were authorized to construct their tracks. Among other streets upon which they were authorized to enter and construct their tracks was one on East Centre street, between Bowers and Union streets, in said borough.

"That the said Lakeside Railway Company and their employes entered upon said Centre street between Bowers and Union streets aforesaid, and in violation of said ordinance and of their acceptance thereof, the grade of the grade furnished by the surveyor of said Borough, constructed their track, eight to ten inches above established grade of the Borough, whereby it has been rendered impossible for the said Borough to properly grade the said street on either side of said tracks, or enable the abutting property owners to properly curb or pave their sidewalks. Notwithstanding frequent notice to the above respondents, they have refused and still do refuse to comply with the provisions of said ordinance concerning the grade on said street.

"That the Schuylkill Traction Company now and for a long time past have leased and operated a Centre street between Bowers and Union streets, in violation of said ordinance, and in violation of their acceptance thereof, and in violation of the provisions of said ordinance concerning the grade on said street.

The bill concludes with the prayer, "That preliminary injunction be granted against said defendant companies, their agents, officers and employes, restraining them from using the said street in Shenandoah for the purpose of operating their cars, their cars, until further orders of the court."
