MONDAY, JANUARY 31, 1908.

It is not a pleasant thing to have to preach your own funeral sermon, but that is what one or two Selwyn kill politicians are doing these days.

The Citizens party candidates are meeting with much encouragement in their canvass, and the outlook is favorable for a sweeping victory all along the line.

GREENLAND'S most popular newspaper is the Atougogitling Nallunging Innginarnik Lusarunimussukki. All of the Eskimos go early to get it so that they can get through asking for it before the next issue is out.

The second rush for the Klondike has commenced, and the indications are it will exceed that of the first. From all points of the compass men, and women, too, are turning their faces toward the gold regions of the far north.

It is said that James B. Holland is willing to give up the Naval Office for a promise of the United States District Attorneyship at the conclusion of Mr. Beck's term, says the Philadelphia Star. That being true, our gallant Major Finney will don the epaulettes of the Naval Officer.

PRESIDENT McKinley has shown that he has not lost the gift of being able to say the right thing at the right time and in the right way. In his speech at the manufacturers' banquet in New York he cleared away the clouds that have been obscuring the financial question.

THE efforts on the part of the public school teachers of Shenandoah to raise a fund in behalf of the poor of the borough, should meet with every encouragement at the hands of our people. There are many children, in town no doubt, who are deprived of the benefits of an education because of the pangs of poverty.

THE gang of incendiaries that fired our neighboring town of Mahanoy City, the confession of one of them causing the arrest of three of his pals, should receive the full extent of the law. The penalty for the crime with which they are charged is a severe one, but none too much so for so infamous an offense.

A NEWSPAPER that is dependent upon the whims of an office-holder for its existence, is always at the mercy of the latter. Fortunately, the HERALD is not of that class, and therefore can express an opinion upon public questions without fear or favor. There are, however, some in this county that belong to the former class, and their position is indeed humiliating.

MUCH to the discontent of the Newitt supporters in Philadelphia, the "Old Man" has induced the candidate of the Ward Leaders League for Tax Receiver to withdraw and allow Dave Martin's brother-in-law to have clear sailing. And as a result there is much jollification in the Roney camp.

BEGINNING with to-morrow, West Mahanoy township will go dry for at least one week. All licenses expire at 12 o'clock to-night, and the court will not hear the exceptions filed by the Girard estate until next Monday. There is no reason, however, why the people of that valley should suffer in that respect. Shenandoah and Girardville, at either end, can very easily supply the demand.

THE Rev. Charles A. Crane, a Methodist minister of Boston, advocates the revival of the curfew bell in that city. "Boston," he said the other evening, "owes it to herself, and especially to her boys, to pass and faithfully execute a curfew law which shall require all children 16 years of age and under to be off the streets at 8 o'clock in the winter and 9 o'clock in the summer. Lincoln, Neb., was the first city to adopt the curfew law, about two years ago. Omaha, Denver, Kansas City, Des Moines, Topeka and Evanston, Ill., are among the larger cities which have followed. The testimony in favor of the innovation is strong. The Chief of Police of St. Joseph, Mo., says that seven-eighths of the people give it their sincere approval. There has been a reduction of 50 per cent. in commitments to the Reform School from that city."

RUSSIA'S DEMAND ON CHINA.

Must Have Territory to Offset That Ceded to Germany. London, Jan. 31.—A dispatch to The Daily Mail from Peking says a secret document has been issued by the Chinese government to certain high officials in Peking, in which it is stated that China had to cede to Germany (Russia would demand either the Liaodun or Port Arthur). According to the same dispatch it is asserted that Russia, on good authority that China wishes to have Russia at the head of her customs and railways.

At the present moment, says The Daily Mail's correspondent, there are 3,000 Russian troops in Tsing-tsin and Port Arthur. Russian agents have been sent to Peking (the port of Peking) and to Japan to purchase coal and food, and 60,000 bags of wheat have been bought at Tsing-tsin. The Daily Mail this morning says: "China is in a serious 'chickens and eggs' case. It is inclined to make the best possible bargain with Russia, whose diplomacy appears to have triumphed at Peking. England having resolved not to force a conflict by further opposing Russia's claims at Port Arthur and the Kiao-Tsun peninsula, Japan, says The Daily Mail's authority, has been thrown into a state of consternation by the British position, and has adopted a more friendly attitude toward Russia."

This statement, however, The Daily Mail admits is "impossible and probably a bluff, with a view of forcing England to take decided steps." The Daily Mail counsels its readers not to be alarmed.

IT IS EASY TO TELL.

People who fail to look after their health are like the carpenter who neglects to sharpen his tools. People are apt to get anxious about their health, soon enough. If you are "not quite well" or "half sick" have you ever thought that your kidneys may be the cause of your sickness?

It is easy to tell by setting aside your urine for twenty-four hours; a sediment or scum indicates an unhealthy condition of the kidneys. When urine stains linen a evidence of kidney trouble. Too frequent desire to urinate, scanty supply, pain or discharge in the back is also convincing proof that the kidneys and bladder are out of order.

There is satisfaction in knowing that the great remedy Dr. Kilmer's Swamp-Root, fills every vein with a relief-weak or diseased kidneys and all forms of bladder and urinary troubles. Not only does Swamp-Root give new life and activity to the kidneys—the cause of trouble, but by treating the kidneys it acts as a tonic for the entire constitution. If you need a medicine take Swamp-Root—it cures. Sold by druggists, price fifty cents and a dollar, or by sending your address and the name of this paper to Dr. Kilmer & Co., Binghamton, N. Y., you may have a sample bottle of this great discovery sent to you free by mail.

A Boy's Miraculous Escape. Philadelphia, Jan. 31.—Thomas Patterson, aged 27 years, was instantly killed in a collision between a trolley and a car on the intersection of the Baltimore and Ohio railroad and Fifty-eighth street, and John Nelson, aged 12 years, was slightly injured. Patterson was driving a wagon, and was crossing the tracks when an express train came along and struck the wagon. The horse was instantly killed and the wagon demolished. Patterson was hurled some distance by the train, and the boy, who was in the wagon, in some unaccountable manner landed on the front of the engine.

THE NEW ENGLAND STRIKE. New Bedford, Mass., Jan. 31.—The third week of the strike began this morning with no nearer prospect of settlement than was apparent three weeks ago. DEATH OF REAR ADMIRAL BRAINE. Entered the Navy from Texas, as a Midshipman, in 1846. New York, Jan. 31.—Daniel Lawrence Braine, rear admiral of the United States navy, retired, died at his home in Brooklyn last night from heart failure, following an attack of pneumonia. He had not been seriously ill until last Friday, since which time his family physician has been in almost constant attendance. He leaves a widow, three sons and a daughter. Admiral Braine was born in New York, N. Y., in 1816.

Oliver Wendell Holmes says that if a man truly loved a woman, he would not marry her unless he was absolutely positive that he was the very best man in all the world that she could marry. According to this a man would have to be very conceited indeed or remain a bachelor. This is going a little bit to extremes, but in sober fact, no man should marry a woman so long as he is the victim of ill-health. No man has a right to ask a woman not only to be his wife, but a life-long nurse. No man has a right to ask a woman to share the burden of his ill-health, and that is what he does when he asks her to be his wife. Ill-health in man is almost invariably the result of disorders of the digestive and nutritive organs. If a man's stomach is right and his liver right, his blood will be pure and rich, and his nerves strong and steady. When the blood is pure and rich a man cannot suffer from ill-health. Dr. Pierce's Golden Medical Discovery is the great digestive tonic. It is not a mere appetizer, but a scientific and to the nature, processes of secretion and excretion. It makes the appetite keen and hearty, promotes the flow of digestive juices, makes the assimilation perfect, the liver active and the blood pure and rich. It builds firm, healthy flesh tissues. It is the greatest known nerve tonic and restorative.

Dr. Pierce's Pleasant Pellets regulate and invigorate the stomach, liver and bowels. By all medicine dealers.

The railroad officials say that so far as they know the track was in good condition. The weather had been very cold for some days, and it is thought that the action of the frost may have caused the rails to spread.

Iron Workers Will Strike. Bellaire, O., Jan. 31.—It is thought a big strike may be looked for at the Wheeling Iron and Steel company's works at Beadwood, W. Va. The company last week gave its employees notice of a reduction of from 10 to 30 per cent in wages after Feb. 21. The employees at the plate mill went out on a strike last Monday. Yesterday afternoon the mill men met and rejected the proposed new scale. A strike affecting 800 men is probable.

Secretary Alger's Illness. Washington, Jan. 31.—Secretary Alger's condition is reported better. His fever, which had been decidedly higher in the past few days, has subsided, and today he is quite cheerful and apparently stronger. He is not yet well enough to be moved, so that his departure for the south is a matter of conjecture. He will not leave for at least a week.

From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

Mrs. L. C. Bramley, 37 Henry St., St. Catharines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."
