At present the Treasurer receives \$200.00, Mr. Canfield, the Citizens nominee, has been a resident of the borough for the past twenty-five years, and is one of our most progressive and prominent citizens. There is no question as to his qualifications. He has held many positions of trust, and is at present manager of one of our leading industries. He will make a strong candidate and will receive a large complimentary vote from the Demo-

The candidate for Auditor, Jacob Bamberger, who is the retiring mem ber of the Board, has shown himself to be the right man in the right place, and possesses all the qualifications to fill that office. He deserves a re-election for faithful service and we believe the people will freely no cord him a hearty endorsement.

What is true of the borough ticket. is equally true of the ward nominees for Council and School Board. In the First ward, the Gibraltar of the local Democracy, Charles E. Smith is the candidate for Council and Robert Anderson for School Director. Both are competent, and their nomination will afford the citizens of that ward an opportunity to rebuke the people responsible for the tactics at the recent primaries.

In the Second ward F. E. Magargle is a candidate for re-election to Coun cil, and his record as a member of that body during the past three years bears the closest scrutiny. He is a large property owner and one of our leading business men-qualifications that fit him for the position. The nominee for School Director, Edward Malick, is a young man closely identi fied with the party's interests, and a staunch supporter of the free public schools. He is young and energetic, and knowing the needs of the schools has the ability to suggest a remedy for any shortcomings that may be discovered in the future, and with al he is popular.

The nominees in the Third wardwhere a nomination on the Citizens ticket is equivalent to an election - are no strangers to the voters. William Neiswenter for the one year term and David R. James for the long term. are at present members of that body, and it is safe to say they will continue to represent the people in that capacity. Both take an active part in the deliberations of Council. For School Directors, John H. Martin and George Holvey will lead their Democratic opponents by the usual Citizens majorities. Mr. Martin has always been closely identified with educational matters, and his colleague on the ticket will no doubt prove his

worth long before his term expires. While the Fourth ward is considered debatable ground, with a slight inclination towards the Demoeracy, yet there is every reason to believe that the Citizens candidates will be successful. Arthur Whomsley, the nominee for Council, is well and favorably known, and has every qualification as a member of the

municipal government, and will be atfate solely by the interest of the greatest good to the greatest mustber, His collengue, Louis Hopkins, a Though a young man, how the Both the Citizons and Democratic ing parasery make a fattalut
