The Firemen's Insurance.

The local fire companies have recently received a circular from the secretary of the State Firemen's Association, setting forth a plan for the formation of what is to be known as the Firemen's Insurance Association of Pennsylvania. The company is to be confined exclusively to the firemen of the state, and the amount of capital stock is to be \$100,000, consisting of 4,000 shares at \$25 per value. This stock will be sold at 85 per cent. premium for the purpose of creating a surplus. The surplus will be returned in dividends as soon as the association is in good running order.

The association is to be conducted on the stock principle under our state laws. The general objects shall be to make insurance on the stock principle against fire and lightning on all kinds of buildings, merchandise and property where fire protection is provided for. The subscribers for shares shall be limited to incorporated fire companies and members thereof in good standing, duly certified. The members of the association are to receive a discount of 10 per cent. for all premiums paid for their insurance, and all companies' members shall have the privilege of becoming agents and receive the regular commissions. The association is to begin operations when all the stock is subscribed for.

The plan has already the endorsement of many companies and it is believed the plan will create a rival of large proportions in the insurance world. The State Firemen's Association is conceded to be the strongest organization in the state, and with it back of the scheme success is assured. The plan is certainly feasible, and there is no reason why the firemen of Pennsylvania should not reap at least some of the financial benefits of their hazardous labor. Under the present system the firemen do the work and

Bladder Disease.

Bladder, Kidney and Urinary diseases are dreadful afflictions. Their progress is usually slow. Men and women suffer for years, and many die at last in great agony. Dr. David Kennedy's Favorite Remedy is the one medicine that cures these diseases. It lifts people out of sick-beds, and restores them to vigorous health. Strength begins to come back as soon as the sufferer begins to take it.

For several years," says Mr. Richard B. Brown, a commission merchant of 306 Washington street, New York, "I suffered from inflammation and ulceration of the bladder. My family physician was unable to relieve me. Specialists failed to do me any good. I kept growing weaker. I had been confined to my bed five weeks, and I didn't think there was much chance of getting out of it. Well, I tried Dr. David Kennedy's Favorite Remedy. In a week I was able to get out of bed, and in a short time I recovered completely. I can now work 16 hours a day now, and to Dr. David Kennedy's Favorite Remedy all credit is due."

NO SLEEP FOR THREE MONTHS. One Cause of Sleeplessness That Can be Readily Overcome. Mr. Wm. Handschu of 46th St. Cotton Alley, Pittsburg, Pa., expresses himself as follows regarding the new remedy for that common and obstinate disease, piles: "I take pleasure in stating that I was so afflicted with piles that for three months I got no regular sleep; I became completely prostrated, the doctors did me no good; my brother told me of the new remedy for piles, the Pyramid Pile Cure; I purchased from my druggist three 50-cent boxes and they completely cured me. I am once more at my work and but for this excellent medicine I should be on my back. I take great pleasure in writing this letter because so many people are sufferers from this trouble who like myself did not know where to look for a permanent, reliable cure. Experience with the Pyramid Pile Cure in the past three years has demonstrated to the medical profession, as well as to thousands of sufferers from piles, that it is the safest and most effective pile cure ever offered to the public, containing no opiates or poisons of any kind, painless and convenient to handle and being sold by druggists at 50 cents and \$1 per box, is within the reach of every sufferer. Very frequently two or three boxes have made a complete cure of chronic cases that had not yielded to other remedies for years. There is scarcely a disease more aggravating and obstinate to cure than the various forms of piles and it is a common practice to use ointments, salves and similar preparations containing dangerous poisons to remove the trouble. The Pyramid has superseded all of these ineffectual remedies and no one suffering with any rectal trouble will make any mistake in giving the Pyramid a trial. If in doubt as to the nature of your trouble send to the Pyramid Drug Co., Marshall, Mich., for a valuable little book on piles, describing all forms of the disease and describing the method of cure. Any druggist can furnish the Pyramid Pile Cure as it is the best known and most popular remedy for piles and if you ask him he can doubtless refer you to many people in your vicinity who have been cured completely by it."

They cured her completely, and she is now as well as ever."

Such suffering as rheumatism causes the victims upon whom it fastens itself is almost unendurable. Sufferers from the worst types of this terrible disease will supply the missing hours in the following story from real life. Those who write under milder forms of rheumatism will be able to imagine the feelings of the tortured victim. The only justification for making public such heart-rending details is the fact that the lesson taught will be helpful to others, pointing the way to renewed life and health to every sufferer from rheumatism. The story is told by a woman. Her name is Mrs. Caleb Fealy; she lives in St. Paul, Ind. "This is her account: 'I am a farmer's wife. I believe my frequent exposure to the weather caused my terrible attack of rheumatism. Damp weather always aggravated it. My limbs would begin to swell at the joints. This swelling would begin in the night, at times. I would awake in agony. Daylight would find my limbs purple in color, swollen to twice their normal size, and so racked with pain I could not bear to touch them. My right arm and both legs were so swollen as to be almost useless. My skin became dry and yellow. At times my limbs would pain as though millions of needles were pricking them. Again they would be numb and I

could not feel a needle thrust into my flesh. I was confined to the house three years, unable to walk nearly half the time. After those three slow years of agony, during which I spent probably \$3,000 for treatment and tried a dozen doctors, I gave up hope of any release from pain, but death was cured, completely cured, by Dr. Williams' Pink Pills for Pale People. They alone caused my recovery. The first dose gave me appetite. After the second dose I slept soundly, the first time within a year. I sent for a dozen boxes. By the time I had taken the contents of eleven boxes I felt entirely well. The doctor said I was cured. He was greatly impressed, and since then he has prescribed Dr. Williams' Pink Pills for Pale People for many of his patients. Mrs. Fealy, together with her husband, made affidavit to the exact truth of the foregoing account before Notary P. N. Thomas. The cure of the severest cases of rheumatism by Dr. Williams' Pink Pills for Pale People has occurred in every state in the Union, and its power in ordinary cases is proportionately greater. These marvelous vegetable pills go directly to the seat of the trouble. They build up a new cellular structure in the diseased parts by eliminating poisonous elements and renewing health-giving chemical forces in the blood. They are for sale by druggists everywhere; for 50 cents a single box or \$2.50 for half a dozen.
