A Reduction in Price, but not in quality. . . .

This week we have reduced the price of our popular 30c. Blended Coffee to 25c. This coffee is a blend of the highest grades of the best coffees, combining strength and richness of flavor, and is really but little more expensive than the common, low-priced goods in the market, requiring less coffee on account of its greater strength.

Our Java Coffee is a strictly Old Government Java. Nothing but Java.

If you want Cheap Coffee we can give you a fair roasted coffee at 10 cents per pound, equal to any low-price package coffee in the market.

MALONE AN INGRATE.

Robbed the Man Who Kept Him Out of Jail. Patrick Malone is rapidly becoming a conspicuous character in the Justice's courts of town and his name will be quite familiar when the cases are called at the next term of the Pottsville criminal court. Malone's weakness is drink and he will steal to get it.

But a few weeks ago Malone was arrested and committed in default of bail for the slaying of a victim. Shortly after he was taken out of the jail and brought to town by Constable Gibson to plead to a charge of having assisted another young man in breaking open a freight car at the Lehigh Valley depot and stealing about forty pounds of wool, prior to the slaying of the victim.

It was learned that in each instance Malone had sold the booty and purchased drink with the proceeds. Daniel Bradley pitied Malone on account of his weakness and furnished bail to keep him from going back to jail. The old story of the dog biting the hand that feeds it was exemplified in Malone's case. Monday night Malone stole a revolver and watch from Bradley's house. A warrant was issued but Malone could not be found. Yesterday afternoon he reappeared at Bradley's house. He was drunk and sought a place of rest. Bradley's sympathy had vanished and he notified the police.

This morning Malone was given a hearing before Justice Shoemaker on Bradley's charge and committed in default of \$300 bail.

PERILS OF THE MINERS

Four Burned in the Lawrence Colliery This Morning.

GAS EXPLODED AFTER A FALL!

Three of the Victims Were But Slightly Injured—Fire Follows the Explosion. Miner Killed in a Slope at the North Mahanohy Colliery.

Four men were burned by an explosion of gas at the Lawrence colliery, Mahanohy Place, at 10:30 o'clock this morning, but fortunately only one of them was dangerously injured. The victims were Henry Horn, Samuel Stout, John Harkins and John Walatka, the latter a Lithuanian. All the men are married and reside at Frackville. They were burned about the face and hands. Horn suffered the most, being severely burned about the head.

The men were engaged in timbering an airway between the fourth gangway and the second lift counter of the mine when a fall of coal occurred in No. 3 breast, displacing the gas in the airway.

The officials of the mine say the men were working under his direction, contrary to the orders of the inside foreman. Breast No. 3, which is up 225 feet, is on fire and causing the mine officials no little apprehension this afternoon.

Mine Inspector William Stein was at the Lawrence colliery when the explosion occurred and under his direction hose was placed in position to extinguish the fire in the breast. The inspector spent the most of the afternoon on the scene.

MINOR ACCIDENTS. John Speck, a Polish miner residing at Buck Mountain, had his right leg broken this morning by a fall of top coal at Park No. 3 colliery. The injured man was removed to the miner's hospital at Fountain Springs.

Irving Plater, employed in sprouting cars at the top of the plane at North Mahanohy colliery, while in the act of sprouting a car this morning had the fingers of his left hand badly smashed. It is feared amputation will be necessary. He lives at Mahanohy City.

KILLED IN A SLOPE.

Miner Instantly Killed by a Runaway Empty Car.

Albert Krause, a miner aged 28 years and residing in Mahanohy City, was instantly killed this morning in No. 3 slope of North Mahanohy colliery.

Krause was riding down the slope on a wagon of timber and was struck by an empty shop car that was run from the empty car hoist of the slope.

The accident was due to the fact that there was no one at the top of the slope to spring the shop car and it plunged down into the slope. Krause had almost reached the bottom when he was struck. The victim left a family.

THE WORK OF CONGRESS.

Three Propositions Regarding Cuba Introduced in the Senate.

Washington, Feb. 9.—Three propositions differing materially as to methods were presented to the senate yesterday for the relief of the Cuban insurgents. Mr. Allen, of Nebraska, offered as an amendment to the appropriation bill a resolution recognizing the belligerency of the insurgents. Mr. Cannon, of Utah, offered a resolution urging the president to notify the kingdom of Spain that if it did not recognize the independence of the Cuban republic before March 1, 1898, the United States would recognize the belligerency of the Cubans, and within 90 days thereafter would assert the independence of the Cuban republic. Mr. Mason, of Illinois, followed with a resolution requiring the president to notify Spain that the Cuban war must cease unless she declares the intention of the United States to restore and maintain peace on the island of Cuba. The right of Hon. Henry W. Corbett to a seat in the senate from Oregon occupied the senate's attention for two hours. The remainder of the afternoon was spent in executive session on the Hawaiian treaty.

The house yesterday entered upon the consideration of the Aldrich-Flowerman contested election case from the Fourth Alabama district. The majority of the committee reported in favor of seating the Republican contestant on the ground of conspiracy, an allegation vigorously denied by the Democratic minority. M. Plowman's plurality in the face of the returns was 2,967. The majority revised the figures so as to give Aldrich a plurality of 312. It is expected that a vote will be reached today.

To Succeed H. H. Zulich. John D. Swartz, of Mahanohy City, who for several years past has been the operator and one of the chief clerks at the St. Nicholas coal storage yard, has been promoted to the vacancy caused by the death of H. H. Zulich, superintendent of the Landisville coal storage yards belonging to the P. & R. C. & I. Co.

Stood the Oral Examination. The examination for mine inspector in the Seventh district, being held at Pottsville, is being conducted in the oral examination, each candidate being given a full day. Yesterday Charles Cooper, the applicant from town, was examined. The board will not make the result public for some time.

Editors May Be Postmasters. Washington, Feb. 9.—Hereafter editors who are appointed postmasters will be permitted to continue their newspaper work without interference by the postoffice department. This decision has been announced by First Assistant Postmaster General Heath to several persons now owning and conducting newspapers, and recently appointed to postmasterships. There will be no interference with the newspaper work, so long as it is conducted in a clearly and orderly manner and there is no neglect of business pertaining to the postoffice.

IMPROVEMENTS.

Work at the Methodist Episcopal Church and Other Places.

The usual revival of alterations and improvements attending the closing of the winter season has developed and builders, painters and other workers are actively engaged in several parts of the town, notably at the Methodist Episcopal church, which is to be transformed in interior appearance. Some time ago it was found necessary to have improvements made in the building. The ladies of the congregation were the first to realize this and collected sufficient money to put up carpet on the entire floor of the church. At about the same time it was found necessary to have some repairs made to the walls and this work is now in hand. These steps set before the congregation to thinking and suggestions were soon forthcoming that the difficulty of getting caskets into the entrance of the church should be remedied.

The matter was taken under consideration and it was suggested that an entrance to the street be made on the White street side. A meeting of the congregation was held a few evenings ago, resulting in a visit being made by a committee to Ashland to inspect the Methodist Episcopal church there, and the local congregation voting to advise the official board of the church to proceed with the proposed improvements. Last night the board met and sanctioned the action of the congregation, and also appointed Messrs. J. J. Price, R. W. Stout and W. R. Pratt a committee to have the work done. This afternoon the committee met and made arrangements to proceed with its mission at once.

According to the proposed plan the location of the pulpit was to be changed from the southern end of the church to a central location on the White street side. An entrance will then be made from White street to the end from which the pulpit is to be moved. It would be a spacious entrance, so that there need be no difficulty in making entrance or exit on any other special occasions. The changing of the pulpit will necessitate re-arrangement of the pews and this will be met by putting the seats in amphitheatre style, so that the congregation will face the White street wall and the flooring will be given a suitable pitch to afford a view of the pulpit from all parts of the place. The oak street entrance will remain, but may be improved to some extent. Several weeks will be required to complete the improvements.

Workmen are engaged in making extensive alterations in the Francy building, at the corner of Main and Oak streets, for the accommodation of the Famous Clothing Company. The alterations will be extended several feet to the rear and additional windows are being arranged on the Oak street side of the building.

R. F. Gill, the dry goods dealer, has commenced the extensive alterations in the property he recently purchased from J. K. P. Schell. Mr. Gill will transfer his business to the place when the alterations are completed. Peter Breen, the former tenant, is busily engaged arranging his new stand in the Tugan building on East Centre street and is making it one of the most attractive cafes in town.

J. J. Francy says the coming of the blue line spring has been a great success. His first venture this season will be a remodeling of his Mansion House property at Ringtown, recently leased by Matt. Trewella, of Mahanohy City. The first floor of the building is to be given heavy plate glass decorations on the front and side after the style of the Ashland houses, and the alterations are grass plots are to be provided and the interior will be almost entirely rearranged. The barroom will be transferred to the old store room and the present barroom will become an ice cream parlor. The office will retain its present location, but be greatly improved.

STRICTLY ONE PRICE. From March 3rd, Will be the Rule at L. Goldin's Mammoth Store.

The popular clothing mart of Shenandoah, L. Goldin's mammoth store, is the scene of much activity just now. He will dispose of his present stock of goods on February 19. After that date the stock will be removed to New York and sold at auction. Take advantage of the opportunity, and secure clothing at 50 cents on the dollar. After March 3rd strictly one price to all, rich and poor, will be the rule. By February 19th, we are going to send our stock now on hand to the auction houses, but until that date we will give the benefit to the people of Shenandoah and vicinity. Our goods will be sold at present under the cut rate system. I will deposit a check for \$200 with a responsible Shenandoah citizen as a forfeit to any charitable institution in case it may be shown that I have deviated from the one price system after March 3rd, 1898. Every article in the store will be marked with plain figures and at a price so low that people will be ashamed to ask us to reduce it. I will deposit a check for \$200 with a responsible Shenandoah citizen as a forfeit to any charitable institution in case it may be shown that I have deviated from the one price system after March 3rd, 1898. Every article in the store will be marked with plain figures and at a price so low that people will be ashamed to ask us to reduce it. By February 19th, we are going to send our stock now on hand to the auction houses, but until that date we will give the benefit to the people of Shenandoah and vicinity. Our goods will be sold at present under the cut rate system.
