#### THE WORK OF CONGRESS. Cuban Oratory in the Souate-Plowman Unseated in the House,

Washington, Feb. 10,-For more than three hours yesterday the senate chemher rang with cloquent appeals in be-half of the Cuban insurgents. Annonneed speeches were delivered by Mr. Cannen of Utah and Mr. Mason of Mason of Tillnois, in advocacy of the adoption of resolutions which they presented to the senate on Tuesday. Following Mr. Cannon's speech, Mr. Hale of Maine addressed the senate brilly, urging the senate to uphoid the policy of the ad-ministration. He pointed out that much had abready been accomplished by President McKinley, not only for the cause of pence on the island, but also for the protection of the Americans and American interests and for the relief of the concentrados and pacificos. Mr. Cannon's speech was a caim and disparadonate argument. He warned congressmen and officials in administration circles that unless defihite action was taken upon the Cuban question by the United States the heavy hand of the people would fall upon them. Mr. Mason followed Mr. Hale in a long and at timesflery speech, in which he urged the president immediately is in evene in the Cuban war. He did not to leve war would result from intervention, but thought if it should it would be a war of glory

and of honor The Republican majority was areased yesterday from 49 to 50 when the house, i.s. a vote of 143 to 112, un-seated Mr. Plowman, Alabama Demoeral, and gave the sent to Mr. Aldrich. This was the first contested election case decided by the present house CREE against the sitting member.
