From 1860 to 1870 he was minister of legation in London. In 1874 he was minister at Copenhagen. Wrecked by the Cocaine Habit. Louisville, Feb. 14.—Dr. John R. De Veil, who was found in destitute circumstances, with his daughter Cora, in a comfortable room on Main street several weeks ago, died last night in a New Albany sanitarium. His body was almost a mass of sores, caused by the use of the hypodermic needle, there being 150 abscesses on him when he died. These abscesses brought on pyemia, which caused his death. Miss Cora De Veil is steadily improving. Dr. De Veil was for many years a prosperous and highly respected physician until wrecked by the morphine and cocaine habits.

WHAT DO THE CHILDREN DRINK? Don't give them tea or coffee. Have you tried the new food drink called Grain-O? It is delicious and nourishing and takes the place of coffee. The more Grain-O you give the children the more health you distribute through their systems. Grain-O is made of pure grains, and when properly prepared tastes like the choice grades of coffee but costs about 1/4 as much. All grocers sell it, 15c and 25c.

THE LARGER HALF.

The Same in Shenandoah as Elsewhere.

The bigger half of worldly trouble, the greater part of our suffering, can be traced to the kidneys. Kidneys filter the blood. Keep the human system healthy. But they can't do this when they're sick. Easy to tell sick kidneys. Look to the back for the note of warning. Most backache pains are kidney ills. Twinges, twinges pains and aches of a bad back.

Should be treated promptly. Every day's delay means future trouble. Urinary complications set in, diabetes, Bright's disease.

Doan's Kidney Pills are kidney specialists. Cure every form of kidney ills. Purest of forms in Shenandoah testimony. Mr. David Head, of 15 North Main street, says: "I was about used up with my back and my kidneys gave me much annoyance after sitting down any length of time I could hardly move because of the sharp pains which would catch me in my back causing me to exclaim. I had little inclination to be on my feet for the gnawing pains in the small of my back made me miserable. I felt pains also in the back of my head and down my neck. I had no ambition, was tired all the time and felt generally miserable. I read about Doan's Kidney Pills and got a box from Kirin's drug store. I am all right now thanks to this splendid remedy. They quickly got away with the whole trouble and I have had no return of it since using them. Doan's Kidney Pills are a grand remedy for the kidneys."

AN ELEVATOR TRAGEDY.

Lady Visitor Killed in a Landing New York Hotel.

New York, Feb. 14.—Mrs. Arthur Levy, wife of a member of the wholesale clothing firm of Hays, Goldberger & Co., was instantly killed last night in an elevator at the Holland House. A party of ladies, of which Mrs. Levy was one, had accepted an invitation of H. C. Marks, a St. Louis merchant, to go to the Holland House, where he was a guest and look at a display of photographs which he had gathered. Reaching the Holland House Mr. Marks escorted the ladies to the elevator and gave orders to have them shown to the parlor. On entering Mrs. Levy placed her hand upon her forehead and complained of dizziness by her companions. Before they could reply the elevator boy had closed the door of the shaft, gripped his lever, and the car shot up with a bound. Almost at the same moment Mrs. Levy reeled and fell with her head out of the door. The elevator was about an inch and a half from the walls of the shaft, and as far as the solid walls would permit her head extended out. There was a quick, sickening crash, and the boy with a dazed expression brought the car to a stop at the first floor.

It was too late. Mrs. Levy lay lifeless on the bottom of the elevator, her head crushed in as if by a heavy bludgeon. It had been struck by the slight projection of the first floor into the elevator shaft.

How to Look Good. Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a sallow look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good Alterative and Tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold at A. Wasley's drug store. 50 cents per bottle.

The Bear Baiter Party. Seattle, Wash., Feb. 14.—News was received here yesterday from the expedition sent by the government last November on the revenue cutter Bear to relieve the whaling fleet imprisoned in the Arctic ocean. The news was brought by the steamship Lakme, which left Dutch Harbor, Alaska, Feb. 3. From St. Michael the overland expedition will go to Teller Station, where reindeer will be procured with which to make the trip to Point Barrow. On account of the ice the Bear was only able to get within 60 miles of Sledge Island, where it was originally intended to land the overland expedition.

Everybody's liable to itching piles. Rich and poor, old and young—terrible the torture they suffer. Only one sure cure, Doan's Ointment. Absolutely safe; can't fail.

City of Chicago, Feb. 14.—Councilman Hernandez, who was suspected of complicity in the Garza conspiracy and was tried by court martial and sentenced to death, is now dying at the Santiago Military prison. He was of strong constitution, but an inactive life has done him harm, and he is now wasting away. The evidence against him satisfied the tribunal, and his friends believe in his innocence, although the circumstantial evidence was strong.

The Senator's Campaign Treasury. Albany, Feb. 14.—The debate in the senate upon the resolution concerning the funding of the city's debt, which was introduced by the senator from New York, the "Teller resolution" will be resumed this evening. Indications are that the debate will be lengthy and spirited. When the resolution was under discussion last Monday evening the debate lasted until 11 o'clock, when it was discontinued on account of the lateness of the hour and the subject matter held over for a week. A similar resolution has been passed by the assembly.

What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Balm, the famous Little Pills. C. H. Hagenbuch.

Montreal's Lottery scheme. Montreal, Feb. 14.—Alderman Rainville, chairman of the city's finance committee, will introduce a scheme for the funding of the city's debt, which proposes to issue bonds on the French lottery plan. Certain numbers will draw prizes. All the bonds will draw 2 per cent interest. In the alderman's own words, the citizens will get an opportunity of securing a safe investment, bearing 2 per cent interest, and at the same time run the chance of obtaining a fortune, while the city will obtain the advantage of having its civic debt in the hands of its own citizens and effect an annual saving of \$250,000.

JAPS FIGHT ENGLISHMEN.

Battlers Object to Receiving Orders From British Officers.

San Francisco, Feb. 14.—The Oriental and Occidental Steamship company's steamer Gaelic arrived yesterday from Hong Kong, Yokohama and Honolulu with Oriental arrivals.

The Hong Kong Telegraph says that continual trouble is being reported from vessels manned by Japanese crews. The Japanese resenting any instruction or surveillance from European officers, and reserving an especial grudge for European passengers. Several cases have been reported where officers were marked for attack by the Japanese and warned to withdraw from the service, the retention of their positions being invariably followed by a murderous attack from ambush.

A case in point is reported from the N. Y. K. liner Hakata Maru, from Japan via Hong Kong for England. There were 88 passengers on board the liner, many of whom were reportedly attacked by the Japanese crew whenever they left their own staterooms after nightfall. On New Year's day, The Telegraph says, all the Japanese sailors and waiters, "mad drunk" and clad only in breech clothes, made an organized attack on the English officers and passengers of the Hakata Maru.

The Japanese, armed with knives, crowbars and belaying pins, brutally beat the chief engineer and his assistant and attacked a passenger, Thomas Hall, in his berth, cutting his head open with a marines' cut-throat razor. The most of the passengers were driven to the bridge, where, unarmed, 40 Englishmen kept a hundred drink maddened Japanese at bay during the entire night by brandishing their walking sticks.

THE WEEK IN CONGRESS.

Hawaiian Treaty Will Have the Floor in the Upper House.

Washington, Feb. 14.—The Hawaiian annexation treaty will receive the greater share of the senate's attention during the present week. The friends of the treaty have succeeded in securing quite general assent from senators in charge of the other measures that the treaty shall be given practical effect by vote until the senators who want to speak upon it can be heard and until voting can be secured which will decide its fate. The Corbett case has the right of way, but the probabilities are that an arrangement will be made whereby a time will be fixed for voting on the Corbett case, and that then the consideration of the treaty will be allowed to proceed without material interruptions. Senator Pettus has not yet completed his speech in opposition to Corbett. Senators Burrows and Allen will also make opposition speeches, while Senators Hoar and Spooner will address the senate in Mr. Corbett's behalf. The treaty there will be speeches in its support by Senators Gorman, Pettus, Money, Lodge and others, while Senator Pettigrew has not concluded the speech in opposition. It now looks as if the ratification appropriation bill would not be considered this week.

The House will on Wednesday enter upon consideration of the bankruptcy bill, which the majority of the judiciary committee has reported as a substitute for the Nelson bill, passed by the senate at the extra session last year. The substitute which the minority contend practically is the old Torrey bill, including both the voluntary and involuntary features, will be opposed by the united Democratic and Populist opposition, but if there is no appreciable defection from the ranks of the majority the measure will pass.

St. Louis, Feb. 14.—Under an agreement entered into by former Governor Hoody, as special counsel for the government, and representatives of the reorganization committee, the Kansas Pacific road is to be sold this week for enough to cover the principal of the government debt, which amounts to \$5,000,000, and the government will lose all that has been paid in defaulted interest, which amounts to \$6,234,108.

Cures croup, sore throat, pulmonary troubles—Monarch over pain of every sort. Dr. Thomas' Electric Oil.

New York, Feb. 14.—A special to The World from Bridgeport, Conn., says that the local collector of customs at that port has received advices from Washington to the effect that a tug, with three barges, has just departed from Bridgeport. It is believed, on a filibustering expedition. According to advices from Washington the tug and barges are loaded with arms and dynamite. The reports have it that it is intended to transfer these articles to another boat while somewhere on Long Island sound.

ANOTHER FILIBUSTER OFF.

General Julio Sangnily Said to Command the Expedition.

Tampa, Fla., Feb. 14.—Almost under the nose of Edward Gaylor, superintendent of Pinkerton's Spanish spies, a large Cuban expedition left Tampa Saturday night and last night sailed from a point on Pease river. The men, about 70 in number, walked through the streets of Tampa about 2 o'clock yesterday morning and boarded a special train, which quickly bore them to a point near where they were to embark, and there they remained in hiding until night, when a tug took them out to the steamer which bore them away to Cuba. Emilio Nunez was in charge of the steamer. It is said General Sangnily is the real commander, and color is given this rumor by the fact that when the men left they were in charge of Colonel Lechuga, who was first lieutenant of the personal staff selected by Sangnily when he failed to get away from Jacksonville. Superintendent Gaylor, his son and another Pinkerton man have been here looking for Sangnily. They imagine he was somewhere near. It is alleged that the Cubans have sent Sangnily away on this trip to get rid of him in the United States. The detectives are totally ignorant of the departure of this expedition. It is understood that 5,000 cartridges, 6,000 pounds of dynamite, 200,000 rounds of cartridges and a large lot of supplies made up the cargo.

Chicago with interest. New York, Feb. 14.—Members of the presbytery of New York are in receipt of letters from every part of the country urging that Rev. Arthur C. McGiffert, one of its members, and Washburn professor of church history in Union Theological seminary, be brought before the New York presbytery on a charge of heresy. The causes of this demand are statements made by Professor McGiffert in his recent book, "A History of Christianity in the Apostolic Age." In this book, it is claimed, Professor McGiffert departs from the commonly accepted orthodox interpretation of the meaning of the Lord's supper.

Gladstone to Return to England. Cannes, Feb. 14.—Henry Gladstone says his father and the whole family intend to start about the end of next week for a south of England watering place. Mr. Gladstone's physician thinks his patient has obtained the utmost benefit from his stay on the Riviera.

WHAT IT INDICATES. Nothing so interferes with one's plans or ambition like sickness or poor health. Have you ever thought that your kidneys may be the cause of your sickness? You can easily find out by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine
