A PLEASANT BIT OF NEWS.

You Need Not be Dull Next Sunday if You Read This Carefully.

Here's a pleasant bit of news. The great Philadelphia Sunday Press which has achieved a popularity that is marvelous in these days of Sunday papers, will issue an enlarged literary section, beginning next Sunday. The most notable writers of this country and abroad contribute to its columns, making it easily the greatest weekly illustrated magazine in the world. Here is a glimpse of some of the features prepared for next Sunday's Press: "How College Girls Live," giving photographs of students' rooms at Vassar, Bryn Mawr, Smith and all the other big woman's colleges. "Side Lights on George Washington," a series of delightful stories and poems, on the latter of His Country appropriate to this season, together with reminiscences from Cabinet officers, Senators and Congressmen. Famous powder horns of Revolutionary days. President McKinley will view a magnificent collection of them at the University of Pennsylvania; and the Sunday Press will tell about them. "Finding Buried Cities," explorer Heilin tells how he endured terrible suffering in his explorations. First assistant Postmaster General Perry S. Heath writes about legible postmarks. An eminent agronologist tells how Hawaiian annexation will affect us and there are a hundred other interesting features that will make the Press Sunday notable. Be sure to order it early from your newsdealer.

The Discovery of the Day.

Aug. J. Engel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Salford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it—never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough of its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried by a generation, and today stands at the head. It never disappoints. Free trial bottles at A. Wasley's drug store.

SPAIN DISCREDITS DE LOME.

Ministry Disclaims His Harsh Criticism of President McKinley

Washington, Feb. 18.—Spain has officially disclaimed in positive manner the reflections contained in the De Lome letter, and as officially announced by the state department yesterday, the incident is satisfactorily closed. The following is an abstract of a note sent by the Spanish government to Minister Woodford at Madrid:

The Spanish government, on learning of the incident in which Minister Dupuy De Lome was concerned, and being advised of his objectionable communication, with entire sincerity, laments the incident which was the cause of the interview with the minister. Minister De Lome had presented his resignation and it had been accepted before the presentation of the matter by Minister Woodford.

The Spanish ministry, in accepting the resignation of a functionary whose services they have been utilizing and valuing up to that time, leaves it perfectly well established that they do not share, or rather, on the contrary, disauthorize the criticisms tending to offend or censure the chief of a friendly state, although such criticisms had been written within the field of friendship, and had reached publicity by actful and criminal means. This meaning had taken shape in a resolution by the council of ministers before General Woodford presented the matter, and at a time when the Spanish government had only vague telegraphic reports concerning the sentiments alluded to. The Spanish nation with equal and greater reason affirms its view and decision after reading the words contained in the letter reflecting upon the president of the United States.

GET DOWN TO CAUSES.

Shenandoah People Reason Easily and Consistently Nowadays.

In former times liniments and plasters soiled over all internal remedies, because people mistook effects for diseases and attacked a pain where they found it. Temporary relief convinced them they were right, and so they laid a return of the pain to a return of the complaint, when in fact, the disease was there all the time. Backache is not an aching of the back, but an aching of the kidneys, and remedies must reach the kidneys, and be perfect in the work at that, before permanent relief is secured. Doan's Kidney Pills are perfect in their work and permanent in their cure. A backache gives way at once because the kidneys resume their normal functions and there is nothing to ache. There is nothing so hard to combat as the evidence of our senses, and yet all who believe us on the subject of backache are glad they did because of the cure.

Mr. Auguste Swegler, of 14 East Coal street, miner, found in the old Quaker remedy just as certain a cure for a bad back as many other Shenandoah citizens have found, and he does not hesitate to recommend it strongly. He says:—"I used Doan's Kidney Pills and found them most reliable and satisfactory in curing my lame back. I was troubled for a long time, and about four months ago when I learned of this remedy which was said to be so good for backache and kidney trouble I procured a box at Kirlin's pharmacy. My back at that time hurt me when lifting or stooping and if I sat down and attempted to rise or move quickly sharp twinges of pain went directly through it. When on my feet there was a steady aching in my loins. I do not have those troubles now, and I have not felt them since using Doan's Kidney Pills. I can endorse them as a good reliable preparation for the kidneys."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Doan's and take no substitute.

Miss Greenwalt Wins.

Bloomington, Ills., Feb. 18.—The jury in the case of Olga Greenwalt, of Peoria, vs. Daykin Brothers, Thomas and Medora Paige, of Cleveland, found that the defendants tried to unjustly obtain possession of the complainant's property. In order to obtain immunity for her former lover, J. H. Whitney, of Cleveland, from prosecution for alleged embezzlement, Miss Greenwalt promised to pay Thomas Paige and others $5,000, and assigned her interest in her father's estate, of which she was to obtain possession at the age of 25. When this age was reached the executors of the Greenwalt estate refused to transfer the property in accordance with the assignment, which was followed by the litigation just ended.

WHAT IT INDICATES

Nothing so interferes with one's plans or ambition like sickness or poor health. Have you ever thought that your kidneys may be the cause of your sickness? You can easily find out by setting aside your urine for twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

It is a source of comfort to know that Dr. Kilmer's Swamp Root is the great remedy for all kidney and bladder complaints. It relieves pain, stitch or dull aching in the back, difficult or painful urination, frequent desire to urinate, scalding or pain in passing it, and quickly overcomes that unpleasant necessity of being compelled to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. Its action is gentle, yet immediate, the relief speedy and the cures permanent. At druggists fifty cents and one dollar. You may have a sample bottle and pamphlet, both sent free by mail. Mention HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

THE WORK OF FIENDS.

Diabolical Attempt to Burn a Young Georgia Girl to Death.

Atlanta, Ga., Feb. 18.—A letter was received yesterday by Governor Atkinson from Sheriff Patterson, of Decatur county, giving the bare facts regarding the horrible efforts of three drunken negroes one day last week to burn to death the daughter of James Alday, a prominent citizen of a district remote from telegraphic facilities in Decatur county. The girl, who is about 16 years of age, had occasion to go to a spring about 200 yards from her father's house and on returning through a dense thicket she was seized by three negroes, whom she had never seen before, and when they discovered that she was the daughter of Alday two of them firmly held her while the third applied matches to the skirts of her clothing. She was detained until the flames were licking her face and had eaten into her undergarments and then released. She ran screaming to her father's door, where she arrived with not a shred of clothing on her body and literally one huge blister. Immediate attention was given her and every effort made to save her live, but the latest reports from the place indicate that her death is hourly expected. The sheriff is making every effort to discover the fiends. The governor is investigating the affair, and it is very probable a large reward will be offered for the apprehension of the three men.

Twelve Sailors Presumably Lost.

Sydney, N. S. W., Feb. 18.—The tug Leveret has arrived here and reports having picked up a boat containing the captain and tree members of the crew of the Chilean ship Atacama, bound from New Castle, N. S. W., to San Diego. The Atacama had been abandoned at sea. Twelve of her crew, who left the vessel in boats, are missing. The rescued were picked up 40 miles off the coast. They had been eight days without food and water. A steamer has been sent to search for those who left in boats, but there are faint hopes of finding them.

DR. WURTH'S OPINION

OF THE NEW DISCOVERY IN MEDICINE.

A Remarkably Successful Remedy For Dyspepsia, Indigestion and Stomach Troubles.

Dr. Wurth, in commenting on recent discoveries in medicine said: There is none which is certain to be so valuable and far reaching in benefit as Stuart's Dyspepsia Tablets, the new stomach remedy; I say far reaching, because people little realize how important a sound stomach and vigorous digestion is to every man, woman and child.

Indigestion is the starting point of consumption, heart disease, Bright's disease, diabetes, nervous prostration, liver troubles; why is this so? Simply because every nerve, muscle and tissue in our bodies is created and nourished from the food we eat. If that food is, by reason of a weak stomach, compelled to lie for hours, a sour, fermenting mass of half digested food, it poisons the blood and nervous system, creates gas which distends the stomach and bowels, causing pressure on the heart, lungs and other organs and seriously impeding their action.

He says further, the point to direct attention is not the nerves, nor heart, nor lungs nor kidneys, but the stomach, the first cause of all the mischief.

The remedy to use for indigestion and weak stomachs is not some cathartic, but a remedy which will digest the food, increase the flow of gastric juice, absorb the gases, and Stuart's Dyspepsia Tablets will accomplish exactly this result in any case of stomach trouble, because these tablets are composed of the digestive acids, aseptic pepsin, Golden Seal and Bismuth, pleasant to taste, and not being a patent medicine, can be used by anyone with perfect safety. I believe Stuart's Dyspepsia Tablets will cure any form of indigestion and stomach trouble except cancer of stomach.

Full size packages of Stuarts Dyspepsia Tablets are sold by druggists at 50 cents. A book on stomach diseases together with thousands of testimonials will be sent by addressing Stuart Co., Marshall, Mich.

IN SENATE AND HOUSE.

The Senate Opposes the Sale of the Kansas Pacific Railroad.

Washington, Feb. 18.—After a spirited debate occupying more than two hours the senate yesterday, by a vote of 34 to 29, agreed to the resolution of Mr. Turpie, of Indiana, declaring the senate's opposition to the confirmation of the sale of the Kansas Pacific railroad. It was developed by the discussion that the government would receive from the sale of the Union and Kansas Pacific something more than $65,000,000, 91 per cent of the entire indebtedness of the roads to the United States, the basis of settlement being about $20,000,000 better for the government than that proposed by the Cleveland amdinistration. An agreement was reached to take a final vote upon the Corbett case on Monday, Feb. 28.

The debate on the bankruptcy bill dragged along listlessly in the house yesterday, interest in it being overshadowed by the Maine disaster. The speeches on the floor attracted almost no attention, and were delivered in most instances to a handful of members.

The Powers Support Prince George.

London, Feb. 18.—The Paris correspondent of The Times says: "Russia, France and England, with Germany's assent, persist in supporting the candidacy of Prince George of Greece, who, on taking the title of sovereign prince of Crete, would renounce his rights to the Greek throne, thus meeting the objection that his appointment would be the indirect annexation of Crete to Greece. It is believed the difficulty will be settled in this manner."

"Saved Her Life."

MRS. JOHN WALLET, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes. "In 1899 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiates. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continuing persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,

Helped by an Honest Doctor.

Determined to restore health to a man stricken with paralysis, the physician prescribed the remedy that has proved most powerful in such cases and effected a complete cure. A warning and a lesson for hard workers.

This is a plain, straightforward account of a farmer who worked too hard, who became helpless through a stroke of paralysis, but who had the good fortune to be attended by an honest doctor, who cured him by prescribing Dr. Williams' Pink Pills for Pale People.

The farmer is William Stimpson. His farm is near Rugby, Ind. Like thousands of other intelligent, hard-working men of his vocation he owns valuable property and is considered by his neighbors a well-to-do man.

Like thousands of others he worked through fair weather and foul to provide comfortably for his household.

Like thousands of others, on arriving at the age when the strain of toil should slacken up and rest begin, the grim enemy—paralysis, clutched him.

His cure was so unexpected, so rapid and complete, that it is a neighborhood wonder.

"While gathering a heavy fall harvest," he says, "I worked early and late. My hired help left me and I finished the fall work alone, but the end of the harvest found me exhausted.

"About the first of December I had a stroke of paralysis. We called in the doctor. He said overwork had caused my trouble.

"My left leg was dead and helpless; my right leg was fast falling into the same condition.

"After treating me a week without any gain, my doctor became uneasy. He did something for which I can never thank him enough.

"He brought me a box of Dr. Williams' Pink Pills for Pale People and told me they would do me more good than anything he knew of. He had used them with great success in a case similar to mine. The case in question was that of L. Phillips, of Petersville.

"In all I took nine boxes of the pills. I need not go over my gradual recovery in detail, but you must imagine my joy and relief when, after two months of helplessness, I felt life and strength return day by day to my dead limbs. When I had taken the ninth box I was completely cured.

"I am hale and hearty to-day, with no traces of my awful experience, and I give all the credit to Dr. Williams' Pink Pills for Pale People. They probably saved me from the grave."

Mr. Stimpson, to give more strength to his story, made affidavit to its truth before Abner Norman, a Notary Public at Rugby.

The power of Dr. Williams' Pink Pills for Pale People in the vast number of diseases due to impure or poisoned blood or to derangements of the nervous system, has been demonstrated in thousands of instances as remarkable as the one related above. No one who is suffering can rightfully neglect this way to restore health.

Druggists everywhere sell Dr. Williams' Pink Pills for Pale People.

The Florida Limited Will Again Run on the Southern Railway.

The Florida Limited, which is the synonym of all that is elegant in modern railway trains, and which during its former service has been a prime favorite for tourists from the North seeking the mild climate of Florida, will be placed in service by the Southern Railway about the first week in January, 1898. With its return to service this train, which will be solid Pullman vestibuled between New York, Philadelphia and St. Augustine will present features in the way of luxurious and comfortable appointments not heretofore presented, and which will be destined to add still further to its already well established popularity.

The Southern Railway is having built for the Florida Limited service three trains, each containing a dining car, two drawing room sleeping cars, a compartment car and a library and observation car, each car complete in all its appointments and equipped with the very latest devices and appliances for the comfort and convenience of the passengers. While no schedule has as yet been announced, it can be stated that it will be the quickest ever arranged between Philadelphia and St. Augustine, and will be so planned that passengers can leave Philadelphia at some convenient hour during the day and arrive at St. Augustine before nightfall of the following day.—Philadelphia Record.
