MONDAY, FEBRUARY 21, 1909.

This rush to the Klondike is fully up to expectations. It can not be said that the present generation is lacking in faith.

SENATOR QUAY has introduced a bill into the Senate providing for the construction of a new residence in Washington for the President. Perhaps he has in view his own future comfort.

The Black Diamond says there was "a coon in the woodshed" in the appointment of deputy postmaster for Shenandoah, claiming the successful applicant secured the position to promote the welfare of another individual, "at the expense of Republican success in Shenandoah." The "coon" is small, but he is there all the same.

A WRITER in a New York paper says it is unconstitutional to make the United States singular. Technically he is right. The constitution framers deferred to the old state sovereignty notion, and said "the United States are." The Union armies and the Supreme Court, however, in knocking out secession and killing state sovereignty, proclaimed to all the world that the United States is.

THE enterprising citizens of Mt. Carmel have formed a Board of Trade. Most of the larger towns of the region have an organization of this character with a view to securing industries, while Shenandoah sits idly by and seems content to rely safely upon the coal industry. The other boroughs have set an example in this respect that might be followed with profit by the citizens of the "largest town in the county."

THE feeling in Shenandoah during the past week, caused by the sensational reports sent from news columns in reference to the destruction of the Maine, has been at high pitch. But the statements issued from naval officials has discredited these war rumors, and everyone is now awaiting the result of the official Board of Inquiry and the developments from inspection to be made by the government divers.

THE assistant Secretary of the Navy says "the United States is a war with Germany for fifth place in naval power among the great nations." This is an effective answer to those who claim that this country would prove an easy mark in a war with any of the Eastern powers. The fact is in the quality of its vessels and in general fighting strength, England and France are the only two nations ahead of the United States.

It is with profound sorrow that we record the death of the estimable wife of Prof. J. W. Cooper, superintendent of the local public schools. Her death occurred early yesterday morning at the family residence in this town, and the announcement will be received among all classes with universal regret. It is, indeed, a severe blow to Prof. Cooper, and he has the sympathy of the entire community in his great bereavement.

ONLY those who live in a small town can realize the power and fascination of the home paper. It occupies a place that no other publication can fill. The home newspaper comes first always. Everybody looks through every column to see if his or her "name is in the paper." Each bit of local gossip is read and discussed. Sometimes it is a birth, sometimes a death, sometimes a marriage. No matter what it is, every name mentioned is familiar to all, and for this one reason alone the home paper is prized above and beyond anything the "literary fellows" can produce.

other locality. If the aggrieved parties assert their rights as often as they are violated, those outrages will stop after awhile.

AN EDUCATOR'S WARNING.
Noted Colored Leader Advises Loyalists to Consider Constitutional Convention.
New Orleans, Feb. 21.—Joseph P. Washington, prominent colored leader and educator, of Tuskegee, Ala., in an open letter to the constitutional convention now in session in this city, after explaining the motives which prompt him to address the convention, says, among other things:
"Since the war no state has had such an opportunity to settle the race question, as far as it concerns politics, as is now given Louisiana."
"The negro agrees with you that it is necessary to the salvation of the south that this constitution be put upon the ballot. I know that you have two serious problems before you: ignorant and corrupt government on the one hand and the other a way to register the ballot so that central will be in the hands of the intelligent, without regard to race. With the sincerest sympathy with you in your efforts to find a way out of the difficulty, I want to suggest that no state in the south can make a law that will provide an opportunity or temptation for an ignorant white man to vote and withhold the same opportunity from an ignorant colored man without injuring both men. Any law containing the ballot that is not absolutely final and fair to both races will work more permanent injury to the whites than to the blacks."
"I beg of you further that in the desire that you close the ballot box against the ignorant that you open the schoolhouse. More than one-half of the people of your state are ignorant. No state can long prosper when a large percentage of its citizenship is in ignorance and poverty and has no interest in government. Let the very best educational opportunities be provided for both races."

Penitentiary Taxation.
Harrisburg, Feb. 21.—Deputy Secretary of Internal Affairs L. B. Brown is preparing some interesting statistics showing the total amount of taxes collected in the commonwealth. This table, based upon the population of the state at the time the last census was taken, will show that in the entire state there was collected last year for the support of the poor 46 cents per capita; for construction and repairs of streets, roads and bridges during the year, 43.87 cents per capita; for schools, etc., 22.13 cents per capita; for other purposes, 44.91 per capita. Of the total amount of taxes collected for all purposes in the state, 22.58 per cent was devoted to educational purposes.

Daughters of the Revolution.
Washington, Feb. 21.—The annual meeting of the Daughters of the American Revolution opened here today. This year there is a hot fight in prospect over the office of president general, to be vacated by Mrs. Adlai Stevenson. The organization for the first time will depart from its custom of electing to this office the wife of the vice president of the United States. The two most prominent candidates are Mrs. Daniel Manning of Albany, wife of the ex-secretary of the treasury, and Mrs. Donald McKeown, president of the powerful New York city chapter.

Constable Murdered by Negroes.
Little Rock, Feb. 21.—G. M. Massey, a prominent citizen and constable of Franklin township, Little River county, was murdered in a horrible manner at a point six miles from Ashdown, Saturday night, by Ned Allen and his son and two negroes he was trying to arrest. Massey was shot from ambush, his lungs being torn from his body by bullets. Massey had previously arrested Charles Johnson, Allen's son-in-law, for carrying a pistol, and Johnson escaped. Massey and Richard Dickson, a doctor, had started to Allen's house to arrest Johnson, when the murder occurred.

The Florida Limited Will Again Run on the Southern Railway.
The Florida Limited, which is the synonym of all that is elegant in modern railway trains, and which during its former service from New York to Philadelphia from the North seeking the mild climate of Florida, will be placed in service by the Southern Railway about the first week in January, 1909. With its return to service this train, which will be sojourning westbound between New York and Philadelphia, will present features in the way of luxuriant and comfortable appointments not heretofore presented, and which will be destined to add still further to its already well established popularity.
The Southern Railway, having built for the Florida Limited service three trains, each containing a dining car, two drawing room sleeping cars, a compartment car and a library and observation car, each car complete in all its appointments and equipped with the very latest devices and appliances for the comfort and convenience of the passengers. While no schedule has as yet been announced, it can be stated that it will be the quickest ever arranged between Philadelphia and St. Augustine, and will be so planned that passengers can leave Philadelphia at some convenient hour during the day and arrive at St. Augustine before nightfall of the following day.—Philadelphia Record.

FLORIDA.
PERSONALLY CONDUCTED TOUR VIA PENNSYLVANIA RAILROAD.
One must appreciate the advantages of modern railway travel when he can leave the land of blizzards one day and find himself in the land of flowers the next.
To do this take the Pennsylvania Railroad tour to Jacksonville, which will leave New York and Philadelphia by special train of Pullman Palace Cars Tuesday, February 22, allowing two weeks in Florida. Excursion tickets, including railway transportation, Pullman accommodations (one berth), and meals en route in both directions while traveling on the special train, will be sold at the following rates: New York, \$50.00; Philadelphia, \$48.00; Canandaigua, \$32.85; Erie, \$34.85; Wilkesbarre, \$30.35; Pittsburgh, \$38.90; and at proportionate rates from other points.
For tickets, itineraries, and full information apply to ticket agents, Tourist Agent, 110 Broadway, New York, or address Geo. W. Boyd, Assistant General Passenger Agent, Broad Street Station, Philadelphia.

DANGER IN SODA.
Serious Results Sometimes Follow Its Excessive Use.

Common soda is all right in its place and in its proper use, but it is never intended for a medicine, and people who use it as such will soon regret it.
We refer to the common use of soda to relieve heartburn or sour stomach, a habit which thousands of people practice almost daily, and one which is fraught with danger; moreover the soda only gives temporary relief and in the end the stomach trouble gets worse and worse.
The soda acts as a mechanical irritant to the walls of the stomach and bowels and cases are on record where it accumulated in the intestines, causing death by inflammation or peritonitis.
Dr. Harlanston recommends as the safest and surest cure for sour stomach (acid dyspepsia) an excellent preparation sold by druggists under the name of Stuart's Dyspepsia Tablets. These tablets are large 25 grain lozenges, very pleasant to take and contain the natural acids, pepsines and digestive elements essential to good digestion, and when taken after meals they digest the food perfectly and promptly before it has time to ferment, sour and poison the blood and nervous system.

Dr. Worth states that he invariably uses Stuart's Dyspepsia Tablets in all cases of stomach derangements and finds them a certain cure not only for sour stomach, but by promptly digesting the food they create a healthy appetite, increase flesh and strengthen the action of the heart and liver. They are not a cathartic, but intended only for stomach diseases and weakness and will be found reliable in any stomach trouble except cancer of the stomach. All druggists sell Stuart's Dyspepsia Tablets at 50 cents per package.

A little book describing all forms of stomach weakness and their cure mailed free by addressing the Stuart Co. of Marshall, Mich.

LIVE STOCK MARKETS.
Cattle Receipts in Philadelphia and the Latest Quotations.
Philadelphia, Feb. 21.—The receipts of cattle in this city last week were as follows: Receipts, 4,528; hogs, 4,024. Receipts for the previous week were: Cows, 2,341; sheep, 4,957; hogs, 4,464.
Cattle receipts were in moderate, but not brilliant supply, and prices remained steady. The offerings, which were of Chicago, Ohio and Lancaster county stock, were of better quality than that of the week previous. The market was characterized by a steady demand. Among the receipts were 300 head on steamer Roundabout for Glasgow. We quote: Extra, \$5.00; good, \$4.75; medium, \$4.50; common, \$4.25; 40c.
Receipts of sheep were ample, but a large proportion of the stock was heavier than the market demands, which caused a shade of dullness to pervade. Prices remained steady and unchanged. Quotations: Extra, \$5.00; good, \$4.75; medium, \$4.50; common, \$4.25; 40c.
The shipments of hogs were reasonable and were well covered up under a firm market at steady prices. We quote: Choice western, \$4.60; other sorts, \$4.50; Fat cows were in fair demand and fairly steady at 25c.
This cow ruled unchanged from \$8 to \$12.
Veal calves were in ordinary offerings and firm at 50c.
Milk cows sold reasonably well from \$20 to \$40.
Dressed steers brought 75c to 80c.
Dressed cows sold for 60c.

There are three little things which do more work than any other three little things created—they are the ant, the bee and the fly. The ant, the bee and the fly are the famous little pills for stomach and liver troubles. C. H. Hagenbuch.

THE WEEK IN CONGRESS.
Another Cuban Recognition Resolution Expected in the Senate.

Washington, Feb. 21.—Following the Cuban question or some phase of the Cuban question should come before the House this week the time, with the exception of today, will be devoted nominally at least to the sundry civil appropriation bill. This bill is a very voluminous measure, containing all the odds and ends of appropriations, as its name indicates, and is usually productive of more protracted contests than any of the other appropriation bills. It is understood that the information regarding the situation in Cuba asked for last week by the House has been prepared by the state department and is ready for transmission. But in view of the condition of public sentiment pending the result of the official investigation into the cause of the disaster to the Maine it is considered probable that the answer of the state department will be withheld for several days.
The diplomatic and consular and the Military Academy appropriation bills will be considered and passed by the Senate during the week. There will be more or less debate in executive session of the Hawaiian annexation treaty, and speeches will be made on the claim of Mr. Corbett to a seat in the Senate on the appointment of the governor of Oregon. The Corbett matter will not be pressed except to the end of having the speeches so far disposed of as to make sure of getting a vote at the time fixed, a week from today. The expectation is that the bill making appropriations for the consular and diplomatic service will be made the basis for considerable debate. It is understood to be Senator Spooner's intention to make an effort to secure the incorporation into the bill, as an amendment, of his provision for the recognition of Cuban belligerency.

The prevailing opinion, however, is that the operatives will be forced back to work inside of two weeks. A significant fact is that the weavers' union is getting short of funds. The strike was thought to be the result of accident. Kartunien had been postmaster nine years. His body was reduced to ashes.

Lawlessness in Alaska.
Governor Brady Describes the Immoral Invaders of the Territory.
Washington, Feb. 21.—Secretary Bliss is in receipt of a letter from Governor John G. Brady, of Alaska, descriptive of the lawless condition of affairs at Skagway and Dyea. It was referred to at the cabinet meeting yesterday, when Alaska came under discussion, and was considered sufficient justification for the members for the dispatch of the additional military force already authorized to be sent to Alaskan territory. The letter says in part:
"News from Skagway by the steamerboat now in port is serious. The United States deputy marshal has been shot dead in discharge of his duty. Another man was killed at the same time and place. Recently the steamers have been carrying great numbers of passengers. Many of these are gamblers, thugs and lewd women from the worst quarters of the cities from the coast. They have taken in the situation at Skagway and Dyea, and appear to have combined to carry things with a high hand. The best people at these places are powerless, because they have no municipal form of government.
"The United States marshal is powerless, because he can appoint only a few deputies, and when they undertake to act they are assailed by the mob with this ruffianly element. One of this class was tried in the United States district court last December for the killing of United States Deputy Marshal Watt in January, 1897, and was acquitted by the jury. He never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. FUGITIVE TELLER RETURNS.
William S. Boggs, Charged With Robbing a Delaware Bank of \$100,000.
Wilmington, Del., Feb. 21.—William S. Boggs, the teller of the First National bank, of Dover, who is accused of taking \$100,000 from that institution, walked into the office of Marshal Short, in the federal building, Saturday and gave himself up to the United States authorities. After strenuous efforts to secure bail for the accused man he was taken to New Castle Jail late in the afternoon. Boggs refuses to say where he has been. He says the matter has been settled, his case returned voluntarily to take the punishment for his crime. It has been learned that Boggs has not been out of the country. He had many good friends in the north, and there he spent most of his time.
Another mention in the case was the arrest of four prominent citizens on charges of complicity in the bank robbery. They are Thomas S. Clark, Charles Butler, ex-Sheriff Cole and Colonel Cooper. The amounts with which the men are accused of aiding in securing are as follows: Cooper, \$23,000; Cole, \$1,400; Clark, \$1,000, and Butler, \$188.21. All pleaded not guilty and were released on bail. None of the men seemed to be disturbed over their arrest.

THERE ARE OTHERS.
Plenty of Them, But so Different. Local Proof is What Shenandoah People Want.

There are a great many of them. Every paper has its share. Statements hard to believe, harder to prove. What people say in Maine. Public expression from California. Ofttimes good endorsement there. But of little service here at home. Shenandoah people want local proof. The sayings of neighbors, friends and citizens. Home endorsement counts. It dispairs the skeptic, is beyond dispute. This is the backing that stands behind every box of Dean's Kidney Pills. Here is a case of it.
Mrs. Thomas McKay, of 502 Raspberry Ave., says: "I had been much troubled with an ache in the small of my back and a lameness or tenderness in my loins when stooping or rising from a chair. There were pains in the top and back of my head and a feeling of weariness hanging over me all the time. I had no energy and seemed more tired morning than I was the night before. Dean's Kidney Pills were highly recommended to me and I got them from Killa's Pharmacy on South Main street, and began using them according to directions. I found immediate relief and they soon stopped the dull, grinding aching in my back and renewed the lameness and also the humor from which I suffered. I can highly recommend Dean's Kidney Pills as a remedy that can always be relied upon to cure backache and kidney troubles."

AN IRREPRESSIBLE WITNESS.
Mrs. Gallagher Insisted Upon Denouncing Sheriff's Deputies.

Willsboro, Pa., Feb. 21.—There was nothing new developed in the testimony offered at the Martin trial on Saturday. Mrs. Mary Gallagher assumed command of the trial when she ascended the witness stand. She is the mother of Grace Coyne, the school teacher of Lattimer, who testified to seeing the strikers shoot down like rabbits, as they were running wildly away from the deputies. Mrs. Gallagher is of middle age and comely, and there is no impediment in her speech.
Mrs. Gallagher tried to tell what a wounded man had said to her, but the conversation was ruled out. While counsel was arguing Mrs. Gallagher broke in: "Mr. Lenahan, I am not here to be intimidated by anybody. You can do to me as the deposition did to the poor working man; you can shoot me, but you can't intimidate."
"Judge Woodward's gavel had no effect on the lady's eloquence. She wanted to tell what another wounded man said to her near the railroad track. "Object! It's hearsay," exclaimed Mr. Lenahan.
"No, it ain't! It's my say," cried Mrs. Gallagher. "I said it was a massacre, red handed, in broad daylight. I saw a man fire at a gun."
When asked if it was Sheriff Martin she said: "No, it was a nice, respectable man. I went up to him and I denounced him. Oh, I dare not tell it here. I know about the law of evildoers. I can't repeat it because I can't identify him."
Mr. Lenahan declined to cross-examine, and the lady talked herself all the way out of the court room. "Well, it was a massacre," she declared. "I'm sorry to see you, Mr. Lenahan. Identify with such a case. You're a good lawyer, but a bad man. I'm sorry to see you doing this for a little of Paradise's money."

Elizabethtown, N. Y., Feb. 21.—The residence of Peter Liberty was destroyed by fire at 1 o'clock in the morning. Of the 20 persons in the house all escaped but John Bradford, of Essex, N. Y., a teamster, who was suffocated and burned to a crisp.

That no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.
Mrs. L. C. Bramley, of Henry St., St. Catharines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nerve, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."
Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.
