The situation is regarded as extremely grave. Great Britain's forces in the protectorate district number between 5,000 and 6,000 men under British officers in Lagos and the gold coast Hinterland and at the three separate points of British and French territorial disputes, 3oria, Wae and Argungu.
The Daily Mail says it has received onfirmation of the news from Sokoto.

The Times, commenting editorially on the news from Sokoto, says it cannot credit the report, and reproves the levity of the French press regarding a grave situation. The presence of a French force at Argungu, The Times declares, would be so flagrant a breach of any possible construction of the Say-ation within four months, is satisfac-tory and promises a wide expansion of immediate withdrawal could avert the most deplorable consequences.

Other papers publish similar articles urging Lord Salisbury to intimate plainly that Great Britain's limit of "squeezability" has been reached.

The Morning Post says: "If France is really making deliberate plans to annex Eritish territory by military occupation this can only imply that she de sires war with England. In that cas her wish will doubtless be gratified."

Wisconsin's Blizzard. Milwaukee, Feb. 21.—The bliggard which started on Saturday morning, and of which Milwaukee is the center, still continues. Twenty-two inches of snow is reported by the weather bureau to have fallen in this city. The storm is confined to the eastern part of the state. The street railroad companies do not pretend to keep their su-burban lines open, and not a wheel outside of the city limits has moved since Saturday afternoon. The tem perature has fallen about 20 degrees. Snow to the depth of seven feet is piled up all along the different lines of street rallway.

What pleasure is there in life with a head-ache, constitution and billiousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Risers, the famous little pills. C. H. Hagenbuch.

The Blizzard in Michigan. Detroit, Feb. 21.-Railroad traffic is badly tied up in northern Michigan, the result of the unusual snow storm which has prevailed since Saturday night. At Petoskey the snow is four feet deep on the level and badly drifted. Street cars are tied up and all traffic delayed at Marquette and Ishpeming. Trains on the western division of the Flint and Pere Marquette road are experiencing much de-lay and the Saginaw street cars are unable to operate.
