THE anthracite coal trade presents little change, says the Ledger. The Census Bureau to Be Placed Under the Interior Department. Washington, Feb. 22. - Yesterday was private bill day in the house, but little was accomplished, owing to the fact that most of the time was consumed in the passage of private pension bills coming over from Friday night session three weeks ago. feature of the day was the spirited contest over the bill to pay Newberry college, a Lutheran Institution in South Carolina, \$15,000 for danages sustained by it while used as a barracks by federal troops shortly after hostilities censed. It was strongly opposed by Mr. Dingley and Mr. Dalzeli, but Mr. Cooper, of Texas, who championed it on the Democratic side, was supported by Mr. Mahon of Pennsylvania, Mr. Walker of Massachusetts and other

Republicans, and it was finally passed, For three hours today the senate had under discussion the bill providing for the taking of the 12th and subsequent censuses. It was so amended as to place the census bureau under the secretary of the interior, but the extended wide a divergence of views on the part of senators as to the various features of the measure that no further action was taken.
