It is said that about thirty saloons in Hamilton are for sale, because of poor business.

SENATOR SAYLOR, who was recently appointed Consul Matanzas, Cuba, after a big fight, is home on a visit. It is said he is very much disappointed with his new office, inasmuch as he found Matanzas to be about the last place on earth where a thrifty American would care to live.

THAT old chestnut, that has become a dusty withage, that the local theatre is to be improved at the close of the present season, is again sprung upon a long suffering public. The date for the improvement is given as April 1st. While the date is significant, there will be few caught by this April fool joke. It was sprung too early.

THE re-election of Edward Brennan as mine inspector of the Seventh district, was noted in last night's Herald, was no surprise. Shenandoah had a candidate in the person of Elias Cooper, but the age limit was a bar. Had he been four months older the result would very likely have been different. The election of Mr. Brennan, however, gives entire satisfaction to the people of the Shamokin district. The Board of Examiners were balloting for several weeks and over four hundred ballots were taken.

JOAQUIN MILLER in speaking of the different methods of authors asserts that Walt Whitman could write anywhere, even on top of an omnibus; and of Bret Hart he says: "He once told me that his first line was always a cigar, and sometimes two cigars." That is to say, in the one case the inspiration came unbidden; in the other it had to be wooed. It is the unbidden sort that does the best work in advertising, as elsewhere. Enthusiasm tells in any work; in none more effectively than in the handling of publicity. Philadelphia Record.

War Scare Subsiding. It is reasonably certain that there can be no ascertained cause of the explosion of the Maine in the Havana harbor until the Board of Inquiry has made its official report, and the people have settled down to patiently await that result. Information from Washington is to the effect that the Board will hardly make its report before the latter part of this month. All newspaper reports assuming to give information as to evidence submitted to the Board are inventions or reckless assumptions.

The question of war with Spain depends entirely upon future developments, and the result of the findings of the Board of Inquiry. It is not disputed that the government is completing its preparations for a conflict with Spain. The better we are prepared for war, the better assurance we will have for a continuance of peaceful relations between this country and other nations. Public attention has been especially attracted to the activity in military and naval service, and every movement is exaggerated and every official order is swelled into undue importance by the sensational journals.

The Court of Inquiry will complete its work and make its report in due time, and the whole matter will be disposed of to the satisfaction of the American people. To say there will be no war with Spain, would be delving too far into the future. Many conservative officials at Washington believe that the present "unpleasantness" will result in a clash of arms between the two nations.

Judging by the declarations we have been having within a few days from Washington, war does not seem probable with Spain over the disaster to the Maine, because the administration is of the opinion that Spain has had "no official participation" in it. There is more danger of a conflict with Spain over the main question of Cuban independence. It is said the President has not relinquished his purpose to do something to put an end to the atrocities of the warfare in Cuba, and in his determination in this direction it is suggested the real danger of conflict exists, if it exists anywhere.

No matter what the report of the Court of Inquiry may be, it is generally conceded that the beginning of the end of Spanish rule in Cuba has been reached. The European powers want the Cuban hostilities stopped, and they look to the United States to stop them. The Administration is preparing an alternative to be submitted to Spain in case nothing serious comes of the Maine incident, and it will be Cuban liberty or war. Cuba must and shall be free, is the slogan that fires the hearts of the people of this nation.
