

Beware Of the Knife.

Mr. Lincoln Nelson, of Marshfield, Mo., writes: "For six years I have been a sufferer from a scrofulous affection of the glands of my neck, and all efforts of physicians in Washington, D. C., Springfield, Ill., and St. Louis failed to reduce the enlargement. After six months' constant treatment here, my physician urged me to submit to a removal of the gland. At this critical moment a friend recommended S.S.S., and laying aside a deep-seated prejudice against all patent medicines, I began its use. Before I had used one bottle the enlargement began to disappear, and now it is entirely gone, though I'm not through with my second bottle yet. Had I only used your S.S.S. long ago, I would have escaped years of misery and saved over \$150."

This experience is like that of all who suffer with deep-seated blood troubles. The doctors can do no good, and even their resorts to the knife prove either fruitless or fatal. S.S.S. is the only real blood remedy; it gets at the root of the disease and forces it out permanently.

S.S.S. (guaranteed purely vegetable)

A Real Blood Remedy.

is a blood remedy for real blood troubles; it cures the most obstinate cases of Scrofula, Eczema, Cancer, Rheumatism, etc., which other so-called blood remedies fail to touch. S.S.S. gets at the root of the disease and forces it out permanently. Valuable books will be sent free to any address by the S.S.S. Specific Co., Atlanta, Ga.

OFFICER'S SLIP OF THE TONGUE

He Declares That the Court of Inquiry Into the Cause of the Maine Disaster Has Not to Depend Upon the Divers' Testimony Alone.

Washington, March 4.—Secretary of the Navy Long said at the close of his day at the department that no word had been received from the court of inquiry and that no orders had been or would be given as to the movements of the court from Key West, as the court was fully authorized to shape its own movements. The original orders to the court were issued by Admiral Stead, as commander of the fleet to which the Maine belonged, and it has the technical status of an admiral's court, reporting directly to him both as to its movements and as to its final report on the cause of the disaster. The understanding here is that the court has not concluded its work, but will return to Havana to take testimony, which has been delayed by the difficulties in the way of the divers. That Admiral Stead expects this movement back to Havana was shown by a despatch from him a few days ago suggesting that arrangements be made for a vessel to take the court back.

Arrangements are being made for the trip of the cruiser Montgomery and gunboat Nashville to Cuban ports with relief supplies. The navy department was advised yesterday that the Malory line steamer, leaving New York tomorrow, would carry free of charge 75 tons of supplies to be transferred to the Montgomery and Nashville at Key West. The two war ships are poorly adapted for carrying supplies, having scant quarters for their own supplies. It is only because they can make the run in daylight that any attempt is made to carry the 75 tons of supplies. The relief measures are proving unexpectedly successful, the supplies running into the carloads and hundred of tons. The state department has had notice from the Cuban relief committee at New York that there were shipped on March 1 from New York to Santiago 100,000 pounds of relief supplies; on the 23, to Havana, 75,000 pounds; yesterday to Matanzas, 100,000 pounds, and to San Juan La Grande, 100,000 pounds. In these shipments are 500,000 grains of quinine consigned to each of the ports except Havana.

Chairman Barton, of the central Cuban relief committee, has advised the state department that "Donations are coming in here in great abundance, not only money, but more particularly in the form of provisions, from all directions. The Oregon committee promises ten car loads, and possibly 20, and Omaha, Minneapolis and other western committees are offering shipments by the car load. We have upon the pier of the Manson line nearly 100 tons ready for their steamer, which had kindly offered to take to Matanzas and Sagua."

The Maine relief fund, under Mrs. Long's management, yesterday reached a total of \$100,000.

The only telegram relating to the Maine disaster that came to the navy department during the day was the following from Commander Forsyth at Key West:

"Boats arrived. Brought one body, unidentified, and Paul Leofitis, private marine; Jeremiah Shea, coal passer; John Heffner, ordinary seaman; Thomas J. Waters, ordinary seaman, wounded, from Tortugas. The wounded were sent to the Army hospital."

In the course of the inquiry into the naval resources of the United States an order has been issued to make a test at the League Island navy yard. These are single torpedoes, craft, and are arranged in a series of torpedoes in tunnels that could likely be pierced by modern high powered rifles on the battleships, but they would still be of service in an emergency. There are eight of these monitors at League Island and the government owns several others in the navy yard. The naval militia organizations of some of the states.

AN OFFICER'S LAPSPUS LINGUE.

Says the Investigators Must Not Depend on Divers' Testimony Alone.

Havana, March 4.—A naval officer here, in reply to a suggestion that it was a pity such an important decision as the verdict of the court of inquiry into the Maine explosion should rest solely upon the testimony of divers who seemed men of only average intelligence, replied: "The court of inquiry has not had to depend upon divers' testimony alone." Then, realizing that he had said more than he intended, the officer resumed his habitual reserve. It is believed that the testimony of Lieutenant Commander Wainwright was highly important as bearing on the question of the existence of submarines mines.

If the Spanish court of inquiry under Captain Peral has a definite plan of action, which seems doubtful, it has not been made public. The Spanish divers will, of course, report the results of their observations to the Spanish court of inquiry, but when or where has not been made known.

Senator Proctor has seen much in a short time, and there is good authority for saying that he will make the results of his observations known in a strong speech in the senate on his return to Washington. At Matanzas Miss Barton and Senator Proctor, under the guidance of United States Consul Brice and Mr. Govas, the British Vice Consul, saw extremes of suffering they had never conceived possible. Four persons died in one ward while the party was there.

Senator Proctor was reticent on the subject, but others of the party declared that the whole east of the island was under the control of General Maximo Gomez. Senator Proctor, however, went so far as to say to the correspondent: "Certainly a peculiar state of affairs exists. A resident of Matanzas told me that if I wished to correspond with General Gomez he would send my letter to him and have an answer back in a short time."

DEATH CAME TO NINE

By the Capsizing of a Schooner Off the Florida Coast.

ONE ENTIRE FAMILY DROWNED.

It Included Father, Mother and Two Children and the Paternal Grandparents, Besides Three Children of Captain Collier, Master of the Vessel.

Key West, Fla., March 4.—The schooner Speedwell, Captain Collier, from Marco, Fla., for Key West, was struck by a squall yesterday while off Marco, 15 miles from here, and capsized. Nine persons were drowned out of 35 all told on board. Among the victims were the three children of Captain Collier, George, Tom and Wilbur, aged respectively 4, 6 and 8 years, and the entire Nichols family, Bradley Nichols and his wife, their son and the latter's wife and two children. The family was from Bridgeport, Conn. They saved are Captain Collier, Samuel Gates and Jesse Green, deck hands, and R. W. Bates, of Myers, Fla., a passenger.

The Nichols family is said to have been well to do. All had been staying for a month or two at a small hotel kept by Captain Collier, at Marco, and they were on their way home.

The survivors say the Speedwell, which was a small vessel of about 25 tons, was making slow headway yesterday morning against a head wind about 7 o'clock Captain Collier was at the wheel and the Nichols family and the Collier children were in the cabin asleep. Suddenly a squall came howling up abeam. Gates and Green rushed to take in sail. As the jib flamed loose the squall caught the schooner and blew her clean over on the port side.

Collier, the deckhands and Mr. Bates were swept into the seething sea, but caught the rigging just in time to save themselves. The wind, rain and seas drowned the dying cries of the imprisoned Nichols family and the Collier children.

The men lashed themselves to the rigging. After being there for two hours the sea subsided. Then they got the dinky loose, baled her out with a pump, and started toward Marco, and with these for tars rowed toward Marco. After going three miles they were picked up exhausted by a fishing sloop and brought here about 4 o'clock yesterday afternoon.

Samuel Gates, one of the survivors, who was seen at his home here last night, said:

"Captain Collier has been sailing now for 25 years in these waters. He is not to blame for this awful thing. The squall came up like nothing I have ever seen around Key West. The sea, wind and waves were so high that we knew it was lifted off our feet and in the water, and as for those poor people down below, they were panned like rats. The wife of the young Nichols, as pretty a woman as ever stepped aboard a ship, saw the sky light. It was lightning to the rigging. She waved her hand at me, and I saw the last sight of her. When we got off, two hours later, they were all dead."

"Old Mr. Nichols was the only one to get out of the cabin. I guess he was washed out, for after young Mrs. Nichols waved her hand at me, I saw what I thought was the coat of old Mr. Nichols floating by. Then I saw his hand, and I knew it was not only a coat. We did not see a thing of the children, or hear a cry. We had to battle with the hat all the time we were in the dinky and often came near being swamped."

At the Home of the Nichols Family.

Bridgeport, Conn., March 4.—The news received last night from Key West of the capsizing of the schooner Speedwell and the drowning of members of the Bradley Nichols family, of this city, was the first knowledge received here of the sad accident. Bradley Nichols was one of the most prominent citizens of this city, and was very wealthy. His son Warren, who was also drowned, was associated with him in business. The wife of the young Mr. Nichols was the daughter of Prosecuting Attorney Glidings, of this city. A third child of the young people was not taken on the trip, but remained in this city with its maternal grandparents.

We are anxious to do a little good in this way, and we do it by recommending One Minute Cough Cure and other serious ailments, consumption and other ailments that follow neglected colds.

C. H. Hagenbuch.

Cottaged in a Fog.

Atlantic City, March 4.—Six persons were injured yesterday near Sea View, Chelsea, by a passenger trolley car colliding with a gravel train. All the injured were taken to the local hospital and cared for. The accident is attributed to a dense fog, the motorman not being able to discern the freight train ahead. The passengers and motorman were thrown heavily by the collision, but luckily no one was fatally injured.

Energy all gone? Headache? Stomach out of order? Simply a case of torpid liver. Burdock Blood Bitters will make a new man or woman of you.

Predicts Revolution in Salvador.

New York, March 4.—The low price of coffee, and the silver crisis, are causing a revolution in the republic of Salvador, said Charles Gray, of Bloomington, Ill., who has been living in that country for the last two years, and who arrived here yesterday on the steamship Alliance from Colon. "Coffee in Salvador is selling for 14 pesos per 100, where formerly it brought 30 pesos. This is owing to over production, and the increase of the Brazilian output. The legislation aimed against silver has sent the price of silver down. Coffee is falling, leaving a silver using country, and the demonetization keenly.

What pleasure is there in life with a head ache, constipation, indigestion, and a nervous system that is all out of gear? You can be perfectly healthy by using Dr. Williams' Pink Pills. The famous little pills. C. H. Hagenbuch.

Killed While Hoisting Arrest.

Mobile, Ala., March 4.—Near Monroeville, Mo., Monroe county, Ala., Jeff Slater, white, was shot and killed while resisting arrest. During the day he passed three counterfeit silver dollars in Monroeville and was pursued 16 miles by officers, who found him and demanded his surrender. He seized a rifle, and was shot through the head.

Buckton's Arniea 'sava.

The best salve in the world for cuts, bruises, corns, salt rheum, fever sores, other chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles.
