Yet it Cures the Worst Cases of Dyspepsia and Indigestion.

Dr. Jennison, who has made a life study of stomach troubles, says; All forms of indigestion really amount to the same thing. that is, failure to completely digest the food cateu: no matter whether the trouble is acid dyspensia or sour stomach, belching of wind nervous dyspepsia or loss of flesh and appe tite; a person will not have any of them i the stomach can be induced by any natural, harmless way to thoroughly digest what eaten, and this can be done by a simple remedy which I have tested in bundreds of aggravated cases with complete success. The remedy is a combination of fruit and vegetable essences, pure aseptic pepsin and s, the object being to monopolize manufacture and sale of some le of general public utility. Aleevery branch of manufacturing commerce, says the Philadelphia between the commerce and says the properties of the commerce of golden seal put up in the form of pleasant mouth and mingling with the food in the stomach, digests it completely before it has

OVER-WROUGHT NERVES OF WOMEN.

Extracts From Letters Received by Mrs. Pinkham.

"I am so nervous and wretched." "I feel as if I should fly." How familiar these expressions are. Little things annoy you and make you irritable. You can't sleep, you are unable to lift ordinary burdens, and are subject to dizziness.

That bearing down sensation helps to make you feel miserable. You have backache and pains low down in the side, pain in top of head, later on at base of the brain. Such a condition points unerringly to crious uterine trouble If you had written to Mrs. Pinkham when you first experienced impaired vitality, you would have been spared these hours of

awful suffering. Happiness will be gone out of your life forever, my sister, unless you net promptly. Procure Ledia E. Pinkham's Vegetable Compound at once, and begin its use, then write to Mrs. Pinkham, at Lynn, Mass., if there is anything about your case you do not understand. You need not be afraid to tell her the

things you could not explain to the doctor, your letter is seen only by women and is absolutely confidential. Mrs. Pinkham's vast experience with such troubles enables her to tell you just what is best for you, and she will charge you nothing for her advice. MRS. JENNIE BIEBLY, Youngdale, Pa., writes:

"Dear Mrs. Pinkham:-Will you kindly allow me the pleasure of expressing my gratitude for the wonderful relief I have experienced by taking your Vegetable Compound. I suffered for a long time with nervous prostration, backache, headache, loss of appetite, a heavy bearing-down feeling, also burning pains in the groins. I could not sleep, was tired all the time, had no ambition. Life was a burden to me. The pains I suffered at times of menstruation were something dreadful. I thought there was no cure for it. I saw your advertisement in the paper, and my husband advised me to try your medicine. I took five bottles, and now I am well and happy. Your medicine saved my life." Michigan's Governor Calls a Special

Session to Equalize Taxation. Lansing, Mich., March 9.—Governor Pingree yesterday afternoon issued a proclamation convening the legislature In extra session March II. The procla-mation cites provisions of the state constitution under which the legislature is required to provide a uniform rule property at its cash value.

that the spirit if not the letter of these rates, and all the comforts of modern railway constitutional provisions is being vio-lated, laws having been passed by which ratiroad, express, telephone and telegraph companies now owning at least a third of the property within the state are required to pay only about one twenty-sixth part of the taxes. Governor Pingree urges that taxation in many parts of the state has become 3-1-tf in the nature of confiscation; that the situation has become unbearable, and that under his oath of office it is his duty to see that the constitution's pro-visions are obeyed, and the extra session is called to that end.

How Cattle Were Once Acquired.

A ranchman's cattle are what he looks to for by far the greater part of his in-come. Nearly all the work done on the ranch is for their use and benefit, and they have to repay him. To increase his herd as the capacity of his ranch increases is the ranchman's idea. As long as a man has only a few cattle, say perhaps 25 cows, he can give them the best of care and all the feed in the winter they can "lay to," and the increase will reach a very high percentage. Quite likely every cow will bring a calf for the first year or two. As the numbers increase, however, the percentage drops. It is always much better in a new country and on a fresh range. Here is an opportunity for industry in stock raising to show itself.

In the early days, when large herds were the fashion, the "industry" many men displayed in securing a large "calf crop" was through the medium of a brand-ing iron. It used to be a common saying on the prairies that a good rustier with a branding iron would heat any man's herd of cows in the matter of increase. By the of cows in the matter of increase. By the word "rustler" was meant an energetic, unscrupulous man. One would hear of some big stockman and be told that he though I had paid a lot for doctor's prescripstarted ten years ago with a single black steer and branded over 200 calves the first year-a truly phenomenal increase Longman's Magazine.

The tragedy occurred in front of the victim's own doorsteps. The burglar enwent to the servant's room, from which he stole \$18. He then went into Mrs Hutchins' room, and was looking for valuables there when Mrs. Hutchins entered. On seeing the intruder she ran downstairs and told her husband.

After advising his wife to go to his father's house, next door, Mr. Hutch ins took a cane from a rack and was ascending the stairs to his wife's roon when he heard the burgiar open a win dow and jump into the portico over the front entrance to the residence. Hutchins turned around and left the house by a side door, intending to head off the burglar. The burglar dropped from the portico to a grass embank ment below. As his feet struck the earth Hutchins dashed at him and struck him a heavy blow over the head with the came he carried. The stick broke in two, and Hutchins retreated lar drew a revolver and fired at him Hutchins staggered to a drug store the corner and died in 15 minutes. Th
