Evening Herald

FRIDAY, MARCH 11, 1908.

Remember if you have a Cough or Cold, Pan-Tins always cures, 25c. At Grubler Bros. drug store.

EVERY SPAIN could buy several battleships she would lack safe coaling facilities on this side of the ocean. Black diamonds well deserve their name in naval operations.

ON Monday a local merchant placed a three-line advertisement in the HERALD want column. Result: Overrun with applications. It pays to advertise in the proper medium.

AN exchange describes a situation which is known in every newspaper office when it says that a man doesn't think of the feelings of his mother when he gets into a disgraceful scrape of depravity, but he expects the editor to have the tenderest regard for that mother's feeling and omit mention of his name in telling the shameful story.

GERMANY is going to try an experiment in administering judicial oaths, in the hope of diminishing the number of perjury cases. Instead of swearing to tell the truth the witness will make an unsworn statement in court; he will then be asked to swear to it, but before taking the oath he will be allowed to correct or withdraw any part of his testimony.

REPORTS as to the results of using antitoxin in diphtheria continue to show its inestimable value in checking the disease. The City Physician of Vienna, Dr. Kammerer, recently made a report as to the results attained with antitoxin down to the end of the year 1905 in the cities of Germany containing over fifteen thousand inhabitants. In the ten years from 1885 to 1895 there were 119,088 fatal cases of diphtheria and crup in these cities. On an average in the ten years under consideration, 10.69 people died of these diseases out of every 10,000. In 1895, the first year in which antitoxin came into general use, only 7,266 people died in these cities of diphtheria and crup; in other words, 3.4 out of every 10,000 inhabitants. The mortality from diphtheria and crup for 1895, in comparison with the average for the ten preceding years, was reduced nearly one-half, and was 44 per cent more favorable than in the best of those years.

The Christian Workers.
The Third Annual Conference for Ministers and Christian Workers will hold its sessions in Chicago, at the Bible Institute, throughout the month of April.

The object of this conference is to consider and discuss the various lines of aggressive Christian work, and to listen to the best Bible instructors that can be secured. It is free, non-denominational, and open to all interested in any line of Christian work. Mr. Moody will be present for some days at the opening, and Dr. A. F. Schaffter, Superintendent of the City Missions of New York, and a well known Sunday school worker and Bible teacher.

Besides the special addresses by speakers from abroad, the regular work of the Institute will go right on. This consists of lectures each forenoon at nine and eleven o'clock on Bible Doctrine, Bible Study by Chapters, etc., by the Superintendent, R. A. Torrey, and the Assistant Superintendent, W. R. Newell.

The outside work of the Institute has always proven a profitable feature of the Conferences. It will afford all who attend an opportunity to study its aggressive methods along all lines. Not only can they study these methods as they are taught, but they can see the three hundred students at work applying them successfully to every day Christian life.

It is interesting to note how the Conference appeals to Christian interest everywhere, and how widespread the interest is. Although the meeting will not occur until April, inquiries have long been coming in as to program arrangements for entertainment, etc. The Conference occurs at the close of the winter's heavy work, and many pastors obtain leave of absence for their vacation then, in order to attend the Conference.

In the past, churches appreciating the great advantages attained by attending this Conference, have not only granted their pastors leave of absence, but also paid the expenses of the trip for them. These churches have been abundantly repaid for the outlay of money by receiving their pastor back again refreshed in body and with increased spiritual power.

It is much larger this year than before, and great as the attendance has been, even greater

VIZCAYA NOT FORMIDABLE.

The Big Spanish Warship Would Prove an Easy Mark.

Havana, March 11.—As an indication of the estimate put upon the Vizcaya and the Almirante Oquendo, sister ships, by naval officers here, a report of one of them made today is worth reporting. The officer was standing with this correspondent on the quay watching the Vizcaya as she swung with the tide. "Yes," he observed quietly, "she is a beautiful ship, but too big a mark. The Iowa, for instance, could not miss her with a single shot at reasonable fighting range, and would be likely to blow her boilers out in the first ten minutes."

The same officer said: "The Pelayo is a really formidable battleship, but smaller and less dangerous than our Massachusetts."

There is a good deal of comment about propositions to the insurgents by the radical wing of the Autonomist party. The Spaniards say the Autonomist program promises nothing but sorrow and war, while General Gomez himself has offered \$50,000,000 and a favorable commercial treaty with Spain if independence is granted. Moreover, they say the Autonomist program to disarm the volunteers would mean independence if carried out, since the insurgents would not be disarmed.

Henri Laine, the newspaper correspondent, was not compelled to leave the country because of newspaper work, but because of written charges, accompanied by alleged full proof furnished to the Autonomist government by Senor Bruzon, governor of Havana province, that he and others were involved in the conspiracy responsible for blowing 25 dynamite bombs at various points in Havana.

Senor Bruzon demanded the expulsion of all newspaper correspondents, on the ground that sensational stories on the ground that sensational stories to create riots in Havana. He demanded that create riots in Havana. He demanded that create riots in Havana. He demanded that create riots in Havana.

Shake Off Rheumatism and Neuralgia. Rub well with Red Flag Oil, 25c. At Grubler Bros., drug store.

India's Wheat Exports.
Calcutta, March 11.—Experts estimate that a million tons of wheat will be exported from Calcutta. Wheat for April delivery is selling at three rupees six annas per 50 pounds, against an average rate in past years of two rupees 14 annas. No such price was ever touched before, and the cultivators will benefit greatly.

Children and adults tortured by burns, scalds, injuries, eczema or skin diseases may be relieved by using DeWitt's Witch Hazel Salve. It is the great skin remedy. C. H. Hagenbuch.

Checked to Death by Jealous Lover.
New York, March 11.—Kate A. Pullison, 24 years of age, a white woman, was choked to death last night by Lou Pullison, a negro, with whom she lived as his wife in a West Thirty-third street tenement. Pullison was insanely jealous of the woman, and they had quarreled frequently. Last night Pullison ran to the room of Mrs. Leo, from whom he rented the apartment, greatly excited, and begged her to send for doctors, as he had almost killed his wife. He then made his escape. Mrs. Leo was found lying unconscious on the bed, with blood flowing from her mouth and ears, with the marks of the stranger's fingers on her throat. She died before the arrival of the ambulance.

There are three little things which do more work than any other three little things created—they are the ant, the bee and DeWitt's Little Early Risers, the last being the famous little pills for stomach and liver troubles. C. H. Hagenbuch.

Pierce Gate at San Francisco.
San Francisco, March 11.—A fierce gale swept over the bay Wednesday night. The wind blew steadily from the north until 3 o'clock yesterday morning, causing ships in the stream to drag their anchors and those at the pier to wear their sides against piles, carrying away rails and not only damaging themselves, but water front property. The steaming steamer Eureka lay at the bottom of the harbor. Her main deck is awash, and it will cost several thousand dollars to raise her. The bay is filled with wreckage of docks, scows, schooners, derricks and rafts. The damage will amount to \$200,000.

Whiteback War Vessels.
Cleveland, March 11.—It is stated that the government is considering a plan whereby the best fleet of whiteback vessels on the lakes can be turned into formidable fighting machines in case of war. They would doubtless be of great value for coast defense purposes. An important feature is that they can be submerged so that only one foot of the upper works appear above water. There are 25 of the whiteback steamers on the lakes.

What pleasure is there in life with a headache, constipation and biliousness? Thousands experience them who could become perfectly healthy by using DeWitt's Little Early Risers, the famous little pills. C. H. Hagenbuch.

Shot by a Bitter Suitor.
Toronto, O., March 11.—At Empire, three miles south of here, Wednesday night, Ross Miller and her daughter, Winifred Addington, aged 19, were shot. The shots came through a window in Mrs. Miller's home. Both mother and daughter may die. David McCoy, aged 38, is charged with doing the shooting and the police are after him. McCoy was hit by Mrs. Miller, and she says he had threatened her life.

Senate Rejects a 'Combustion.'
Washington, March 11.—The senate yesterday, in executive session, rejected the nomination of Henry S. Williams to be postmaster at Aberdeen, S. D. Williams was opposed by the friends of Senator Pettigrew on the ground that he had made a personal attack in a newspaper of which he was the owner upon the senator, and had refused to either explain or retract. Senator Kyle supported the nomination, saying that Mr. Williams' partner was responsible for the newspaper attack. The vote in opposition to confirmation was almost unanimous.

A Hit for Coughs and Colds.
What? Pan-Tins, 25c. At Grubler Bros. drug store.

Hood's Pills
Should be in every family medicine chest. It is a very effective traveler's grip. They are invaluable when the stomach is out of order, cure headache, biliousness, and all the troubles which attend it. 25 cents.

MRS. PINKHAM TALKS ABOUT "CHANGE OF LIFE."

Women are Urged to Prepare for this Wonderful Revolution in the Economy of Their Life Blood—Mrs. Watson Tells How She Was Helped.

At no time is woman more liable to physical and mental dangers with hours of suffering than at the "Turn of Life." The great want in woman's system is ability to properly adjust herself to the new conditions. The outlet, monthly, of blood is now being diminished and carried into the body for the supply food of its later years.

Daughters, you can now to some extent repay your mother's early care. She must be spared every possible exertion. You must help her bear her burdens and anxieties. This, however, is not all. She will return to renewed health and happiness. That so many women fail to anticipate this change thus happily, is owing not merely to lack of care, but to ignorance. There is, however, no excuse for ignorance when experienced advice can be yours free of all cost.

Write to Mrs. Pinkham, at Lynn, Mass., she has helped great numbers of women successfully through the Change of Life, and she will help you. Lydia E. Pinkham's Vegetable Compound is the best tonic for uterine changes. It works harmoniously upon all these overwrought organs, invigorates the body and drives off the blues.

Read this letter from Mrs. DELLA WATSON, 524 West 5th St., Cincinnati, Ohio.
"DEAR Mrs. PINKHAM—I have been using Lydia E. Pinkham's Vegetable Compound for some time during the change of life, and it has been a savior of life unto me. I can cheerfully recommend your medicine to all women, and I know it will give permanent relief. I would be glad to relate my experience to any sufferer."

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills
SENT HOME FOR HIS BRIDE.
Our Minister to Persia Wedded at Athens, Greece.
New York, March 11.—Announcement was made in this city today of the marriage Wednesday at Athens, Greece, of Arthur Sherburne Hardy, United States minister to Persia, to Miss Grace Applewhell Bowen, of Brooklyn, N. Y. Miss Bowen is the daughter of the late Henry C. Bowen, of Brooklyn, at one time editor of the Independent. Minister Hardy met Miss Bowen in Athens last year, while she was visiting there, and within a short time their engagement was announced.

HOW TO FIND OUT
Fill a bottle or two with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine turns brown it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and sealding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Unrequited Love, Murder, Suicide.
Pittsburg, March 11.—Unrequited love incited Chris Schmidt, a cigar-maker, to kill his sweetheart, Annie Lentz, and then himself. The tragedy occurred in the doorway of August Loch, 70 Cedar avenue. Schmidt had been paying attention for six months to Miss Lentz in opposition to the wish of the girl's parents, and she decided to get rid of him. Late last night Schmidt rang the bell at the Loch residence, where the girl was employed as a domestic. When she came to the door it is supposed she recognized her intention to quit him. The double tragedy followed.

Two Victims of Morphine.
Nashville, Tenn., March 11.—Mrs. John L. Driscoll was found dead in her room at the Chamber of Commerce building yesterday afternoon, while her husband, in a dying condition, was seated in a chair near her. The discovery was made by a physician, who received a note from Driscoll asking him to call at his room, stating that his wife was dead and that he would be dead when found. Morphine had been taken, probably on account of ill health. Driscoll was a shorthand teacher.

Placed Through Burning Trestle.
Rome, Ga., March 11.—A mixed train on the East and West railroad, running from Cartersville, Ga., into Alabama, went through a burning trestle near Ribland, Ala., yesterday. The engine and five cars went through the trestle. Engineer Spencer Phillips was instantly killed. He was buried under the debris and his remains have not yet been found. The passenger cars did not go over the trestle.

Don't Tobacco Spit and Smoke Your Lungs Away.
If you want to quit tobacco using easily and forever, be made well, strong, magnetic, full of new life and vigor, take No-To-Bac, the wonder-worker that makes weak men strong. Take Dr. Davis' Kidney Pills. All druggists.

IN SENATE AND HOUSE.

House Defeats Senate Amendments to Indian Appropriation Bill.

Washington, March 11.—After a debate in the house which lasted more than five hours the senate amendment to the Indian appropriation bill providing for the free entry of ceded Indian lands was yesterday non-concurred in by a vote of 99 to 136. The friends of the free home clause made a gallant struggle, but they met the opposition of some of the prominent leaders on the Republican side, Messrs. Dingiey, Grosvener, Duffell and Payne, and they were further weakened by the fact that many of the friends of the proposition were alienated by the belief that, as drawn, the amendment would work injury to the agricultural colleges of the country. The senate amendment for the ratification of the Seminole treaty was also non-concurred after the substitute proposition offered by the conference to ratify the Kiowa, Comanche and Apache treaty had fallen under a point of order. The action of the house sends the bill back to conference with non-concurrence on all the senate amendments.

No business of real importance was transacted by the senate in open session yesterday. The session lasted only an hour, and a few bills of minor importance were passed.

Mrs. Sweet Away in a Gale.
San Francisco, March 11.—When the steamer Mona, which has just arrived, left Sydney a hurricane was blowing spreading devastation on sea and shore. The crew was wrecked, and all hands on board were swept into the sea in sight of shore. Hundreds of people saw the disaster, but were unable to lend any assistance. The captain and crew of eight persons perished. Another vessel, a schooner, the name of which could not be ascertained, lumbered and her crew of six were drowned.

"Saved Her Life."
MRS. JOHN W. WELLET, of Jefferson, Wis., than whom none is more highly esteemed or widely known, writes: "In 1899 I had a severe attack of LaGrippe and at the end of four months, in spite of all physicians, friends and good nursing could do, my lungs heart and nervous system were so completely wrecked, my life was despaired of, my friends giving me up. I could only sleep by the use of opiate. My lungs and heart pained me terribly and my cough was most aggravating. I could not lie in one position but a short time and not on my left side at all. My husband brought me Dr. Miles' Nervine and Heart Cure and I began taking them. When I had taken a half bottle of each I was much better and continued persistently I took about a dozen bottles and was completely restored to health to the surprise of all."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle refunded or money returned. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

Live Stock Markets.
New York, March 11.—Cattle steady; calves unchanged. Calves steady at \$4.50 to \$7.50; all sold. Sheep and lambs dull; sheep barely steady; lambs 10c lower; 5 1/2c. Hogs steady at \$2.00 to \$2.50; lambs, 45c to 5.50. Horses dull at \$40 to \$50.

East Liberty, Pa., March 11.—Cattle steady; prime, \$5.50 to \$6.00; common, \$3.00 to \$4.00; butts, steady at \$2.00 to \$2.50; pig medium, \$1.50 to \$2.00; heavy Yorkers, \$4.00 to \$4.50; light Yorkers, \$3.00 to \$3.50; pigs, \$2.50 to \$3.00; heavy hogs, \$4.00 to \$4.50; 2 Sheep steady, choice, \$4.50 to \$5.00; common, \$3.50 to \$4.00; choice lambs, \$5.00 to \$6.00; common to good, \$4.00 to \$5.00. Veal calves, \$5.00 to \$7.00.

Don't annoy others by your coughing, and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, croup and all throat and lung troubles. C. H. Hagenbuch.

Kenilucky's New Election Law.
Frankfort, Ky., March 11.—The senate yesterday passed the Goebel election bill over the governor's veto, and the house will do so today. The house passed the bill originally by a larger majority than the senate. This bill puts the entire election machinery of the state in the hands of three commissioners, who are expected to be W. T. Ellis of Owensboro, W. S. Pritch of New Castle and Charles B. Poyntz of Maysville. The commissioners will be selected at a Democratic joint caucus to be held tonight. These commissioners are appointed at the election officers in the district and counties.

Unrequited Love, Murder, Suicide.
Pittsburg, March 11.—Unrequited love incited Chris Schmidt, a cigar-maker, to kill his sweetheart, Annie Lentz, and then himself. The tragedy occurred in the doorway of August Loch, 70 Cedar avenue. SEEING IS KNOWING

There isn't a hidden thing about our work or our methods with Gent's Furnishings. There are no mysteries about our ways of doing or dealing. There is but one thing likely to surprise you when you look into our business—and that is

THAT THINGS ARE EXACTLY AS WE SAY.

It would be foolish for us to try to have it otherwise, for with all the doors so wide open as we keep them no one could be misled very long. When we say style and finish right, the facts are clear as daylight. When we say best values we know of, you are competent to judge. All we ask is that you look for yourself; that you trust your own eyes. A few extra steps or a square or two further in the cars—that's all, at the worst. Ten minutes, five minutes in this store will tell whether you were wise or unwise to come.

Our Stock is the Newest Styles for Spring.

Not only the newest effects for spring in every most wanted department—in styles you will find only here—and at prices you'll find only here.
