Evening Herald

MONDAY, MARCH 14, 1908.

Wave of patriotism in the state, proves conclusively that this country is united.

One of the big games recently played in New York ran through a ten mile and put it squarely over the plate every time.

Republican has been greatly improved recently, in both the make-up and news features. Our contemporary displays much promise.

The hopes of our journalistic friend, J. Harry James, of the Ashland, promise to be realized in the near future. Everything points to free Cuba.

A CARLOAD of Illinois eggs passed through a railroad wreck the other day without having a single shell disrupted. This variety of non-explosive and armor-clad poultry product must be intended for the exigencies of the naval service.

The courts have finally decided that the Dingley bill did not take effect until the minute it was approved by the President. The Treasury officials have been acting upon the belief that it took effect at midnight preceding the signing.

Mr. WANAMAKER's letter of acceptance as a candidate for Governor is the principal topic of conversation the past week among state politicians. There is no doubt that the dry goods king means business, and some fear that it will end in an independent movement that will give Pennsylvania into the hands of the Quakers. Harmony in the Republican ranks is spelled with a very small h these days. If Stone is nominated the Wanamaker people would not support him, and if Wanamaker secures the nomination there are thousands of Quay adherents who would bolt the ticket. Under these circumstances, who can name the Moses?

SPARKING of building up a town it must not be forgotten that there are eight classes of men who do a town more injury than good and neutralize the efforts of the promoters of prosperity. These classes are as follows: First, those who run it down to strangers; third, those who distrust public spirited men; fourth, those who show no hospitality; fifth, those who hate to see others make money; sixth, those who oppose every movement which does not originate with themselves; seventh, those who put a bad face when a stranger talks of building in town; eighth, those who oppose every public enterprise which does not appear as a direct benefit to themselves. You don't believe any of these classes, do you?

ATTENTION is every now and again called to the fact that there is much avoidable waste in the mining of coal, not in this country alone, but throughout all coal mining centres, both at home and abroad. It has been estimated that during the last 50 years not more than 30 per cent. of the coal in the measures mined has reached the place of consumption. Much of this waste is generally admitted to be due to the methods employed, and the friends and promoters of coal cutting machinery are usually agreed that the more general adoption of coal cutters would tend to reduce the waste incidental to hand labor. The imperfect work of the miner and the waste of coal in working, is no doubt largely attributed to: First, miscalculations as to the amount of coal that must be left for the pillars, etc. Second, the leaving of large amounts of coal unmined in the vein.

Thus spoke Archbishop Ireland, in reply to a question as to what he thought of the advice alleged to have been given by a Catholic priest in New York state to his parishioners: "No true American Catholic will talk of espousing the cause of Spain against that of this country, because the former is a Catholic nation. To do that is to set oneself down as traitorously inclined to the teachings of this religion, as well as to the country which it is his bounden duty to defend against all enemies, both internal as well as external." Referring to the situation in this country, the Archbishop said: "President

PERIODS OF

Menstruation, the balance wheel of woman's life, is also the bane of existence to many because it means a time of great suffering.

Why no woman is entirely free from menstrual pain, it does not seem to have occurred to the doctors. The plan that women otherwise healthily should suffer so severely. Lydia E. Pinkham's Vegetable Compound is the most thorough female regulator known to medical science. It relieves the condition that produces so much discomfort and robs men of their lives. Here is proof: DEAR MRS. PINKHAM:—How can I thank you enough for what you have done for me? When I wrote to you I was suffering untold pain at time of menstruation; was nervous, had headache all the time, no appetite, that throbbing feeling, and did not care for anything. I have taken three bottles of Lydia E. Pinkham's Vegetable Compound, one of Blood Purifier, two boxes of Liver Pills, and to-day I am a well person. I would like to have those who suffer know that I am one of the many who have been cured of female complaints by your wonderful medicine and advice. —Miss JENNIE R. MILES, Leon, Wis. If you are suffering in this way, write to Miss Miles did to Mrs. Pinkham at Lynn, Mass. for the advice which she offers free of charge to all women.

McKinley is proving himself pre-eminently the man for the hour and the occasion. His course throughout the present painful and trying crisis has been marked by a loftiness of purpose, a serenity and dignity of conduct which has commanded the respect and admiration of his most pronounced political enemies. This was abundantly shown by the remarkable and impressive action of Congress in unhesitatingly placing the sweeping powers it did in his hands. I think every one has come to place the utmost confidence in his wisdom and ability to meet whatever exigencies may arise in connection with the present unfortunate situation.

HOW TO FIND OUT

Fill a bottle or common glass with urine and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys. When urine turns limen it is evidence of kidney trouble. Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

WHAT TO DO.

There is comfort in the knowledge so often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine and sealding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists, price fifty cents and one dollar. You may have a sample bottle and pamphlet both sent free by mail, upon receipt of three two-cent stamps to cover cost of postage on the bottle. Mention the EVENING HERALD and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Noted Swedish Poet Dead. Helmsfors, Finland, March 14.—Zacharie Topelius, the Swedish poet, historian and litterateur, is dead. Zacharie Topelius, who was of Finnish origin, was born at Kuddus, Jan. 14, 1818. He began his studies at Ulenberg, was subsequently a pupil of the poet Runeberg, at Helmsfors, and finally took the course of history and natural sciences at the Helmsfors university. In 1854 he was appointed professor of Russian and Scandinavian history of the university, holding the chair until 1878, when he retired to devote himself entirely to literature.

Pingree Warns Michigan Officials. Detroit, March 14.—In view of the extra session of the Michigan legislature, called to consider Governor Pingree's measures for increasing the taxes upon railroads, the governor last evening issued a proclamation warning members of the legislature and state officers against accepting passes. The governor quotes state laws making the offering or acceptance of such gifts with intent to influence officials acts punishable by heavy fines and imprisonment. He adds that violations of these statutes have been so common that he intends to do his utmost to have them enforced.

Gold Seeker Lost Both Feet. Seattle, Wash., March 14.—Steamer Noyo, from Alaska, brought down several of the crew of the steamer White-Jay, which was destroyed by fire at Skagway. Among her passengers was E. J. Robinson, a gold seeker, who came from Fort Wrangel. His feet were so badly frozen that it was found on his arrival to be necessary to amputate both above the ankle.

NUGGETS OF NEWS.

Hempstead Washburne, Republican member of the Chicago civil service commission, has resigned. The safe in the postoffice at Ashland, Va., was blown open Friday night and robbed of \$600 in stamps. Thomas Cash, a young machinist, is under arrest in New York, charged with killing his mistress, Mrs. Elizabeth Henning. Among the passengers who arrived at New York by the steamer Advance, from Colon, was Shen Sen Yu, secretary of the Chinese Legation at Washington. Antonio De Marco, who killed his uncle in Stamford, Conn., on Dec. 15 last, has been found guilty of murder in the second degree and sentenced for life. George B. Erb, formerly of Shermanstown, Pa., who thought he had divine power and could fly, tried it, and is at the Eastern District hospital, Brooklyn, N. Y., suffering from internal injuries and a broken leg.

THE WORK OF CONGRESS.

A Virginia Contested Election Case May Arouse Party Rivalry. Washington, March 14.—The program of the house this week as mapped out would be completely changed if any move is made in connection with the Spanish crisis involving legislative action. But as at present arranged it includes simply the consideration of the postoffice appropriation bill and the Virginia contested election case of Thorp versus Kipper, with the possibility that the naval appropriation bill, which will be reported today or tomorrow, might be reached at the tail end of the week. There will be a conflict for precedence between the election case and the postoffice bill. The Democrats intend to contest the election case bitterly, as upon the decision in this case they believe will depend the fate of two other cases from Virginia.

There is no prepared program for the senate for the present week. Senator Bacon is prepared to speak on the Hawaiian annexation treaty it will be taken up promptly, as indeed it will be if any senator is prepared to go on with the debate. It is not expected, however, that there will be much further discussion of this matter in executive session, and it is the intention of Senator Davis, chairman of the senate committee on foreign relations, at a very early day to move to lay Senator Bacon's plebiscite amendment upon the table. It is upon this motion that the managers of the treaty hope to secure a test vote, and Senator Davis said today that he was hopeful that this vote might be reached during the present week. Senator Pettigrew is anxious to get his 5 per cent land bill before the senate early in the week, and Senator Vest will make an effort to secure consideration of the quarantine bill. There is also a possibility that the census bill may be pressed for consideration. The committee on appropriations is hopeful of being able to report the sundry civil bill during the week.

What pleasure is there in life with a headache, constipation, indigestion, and other ailments which would be perfectly healthy by using DeWitt's Little Early Risers, the famous little pills. C. H. Hagenbuch.

TO THE LAND OF SUNSHINE

And Flowers, the Hand of America, California. Via the true pathway, "The Iron Mountain Route," which traverses a region of perpetual sunshine, where snow storms, blizzards of high altitudes are unknown. Pullman first and second class palace and tourist sleeping cars to points in Missouri, Arkansas, Texas, and New Mexico, Arizona, California, Oregon, Washington, Nebraska, Utah and Nevada, without change. Quick time, low rates, and all the comforts of modern railway improvements guaranteed to all who purchase tickets via the Missouri Pacific railway system. For rates right for your home, literature, and full information, drop a postal card, J. P. McCann, T. P. Agent, 509 Hall road avenue, Elmira, N. Y., or 391 Broadway, New York.

W. E. Hoyt, G. E. P. Agt.

Don't annoy others by your coughing, and risk your life by neglecting a cold. One Minute Cough Cure cures coughs, colds, croup, grippe and all throat and lung troubles. C. H. Hagenbuch.

Spain Must Rely on Herself.

Paris, March 14.—The Temps says: "Spain does not deceive herself when she counts upon the sympathies, at least in part, of European governments, but it would be a mistake for her to expect any effectual support either Great Britain or the triple alliance. Before all she must rely upon herself."

AMBASSADOR WHITE TALKS.

Our Government Would Not Enter into Alliance With Other Nations. London, March 14.—The Sunday Special publishes from its Berlin correspondent an interview with United States Ambassador White on the attitude of the United States toward Spain and the Cuban situation. Ambassador White, according to this dispatch, declared the statement that the United States had entered into an alliance with England and Japan absolutely without foundation. "The United States," Mr. White is reported to have said, "will never bind herself by such an alliance. President McKinley's administration cannot act against the tradition which forbids all such complications in America's international relations. Least of all will it do so for the sake of American interests in the far east."

THEY RIDICULE IT.

MANY PEOPLE RIDICULE THE IDEA OF AN ABSOLUTE CURE FOR DYSPEPSIA AND STOMACH TROUBLES.

Ridicule, however, is Not Argument and Facts are Stubborn Things. Stomach troubles are so common and in many cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such people themselves on never being humbugged especially on medicines.

This fear of being humbugged may be carried too far; so far, in fact, that many persons suffer for years with weak digestion, rather than risk a little time and money in faithfully testing the claims of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, Bismuth, hydrates and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten promptly, thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success. Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely upon the bowels, whereas the whole trouble is really in the stomach. Stuart's Dyspepsia Tablets, taken after meals, digest the food. That is all there is to it. Food not digested or half digested is poison, as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite, and many other troubles which are often called by some other name. They are sold by druggists everywhere at 50 cents per package. Address Stuart Co., Marshall, Mich., for book on stomach disease or ask your druggist for it.

THE TALK OF THE CITY

It's of Interest to Our Readers Because it Refers to Shenandoah Readers.

It's astonishing how good news will spread. From every ward and street we hear of our people talking about the workings of the little conqueror. Merit and honorable methods receive their just reward. So many cases are cropping up that it is next to impossible to investigate them all, but we have taken a few in hand and given them publicity for the benefit of our readers. Our representative obtained the following facts in a personal interview. They are true in every particular, and no stronger evidence can be obtained than home endorsement.

Mr. John D. Hughes, of 213 Market street, miner, says: "I have been in Shenandoah for twenty-eight years. My son and I have been troubled with my back and kidneys, and both a pain and lameness across my loins, and in the month of my back. Well, this bothered me very much, sometimes being worse than others. I was induced to try Dean's Kidney Pills and procured them from Kiril's drug store. I derived great benefit from them for they corrected the kidneys and since taking them I have had no trouble with the kidney secretions and I have been free from pain. Dean's Kidney Pills took out the lameness across me, and I know that they are a reliable kidney remedy."

Dean's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S. Remember the name Dean's and take no other.

ACTIVITY AT NEWPORT.

A Rush of Work That Discredits the Peaceful Reports Given Out. Newport, R. I., March 14.—There has been the greatest activity yesterday and today at the torpedo station in preparing charges for torpedo outfits and also for perfecting the defenses at the entrance of Narragansett bay. In the machine shops at the station the lathes cutting the shell for fuses and primers were run to their full capacity, while extra hands were in the fuse room loading and packing. Hands also have been taken on in the gun cotton and smokeless powder plants, which are being pushed to their full capacity.

It is claimed at the station that all this stir has no war significance, and is only for the purpose of catching up with orders for fuses and primers were sufficiently numerous to keep the plant in operation on ordinary time for some months, this work had been so portioned out as to be completed by the time the ships now building were ready for supplies.

Since the war scare there has been a large demand for fuses for the ships fitting out, and as there is practically no reserve supply extra work has been made compulsory, and that, too, without providing for regular orders. The gun cotton plant has been making only enough of its product to keep the smokeless powder plant supplied, but now it is working up the supply for the running of the powder mill to its full capacity.

There are three little things which do more work than any other three little things created—they are the ant, the bee and the wasp. The ant, the bee and the wasp are the famous little pills for stomach and liver troubles. C. H. Hagenbuch.

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

MCKINLEY AND BRYAN BUILDINGS

Homes of the Leaders to Be Reproduced at Omaha's Exposition.

Omaha, Neb., March 14.—Senator John M. Thurston, chairman of the senate commission on expositions, recently suggested that the McKinley home at Canton be reproduced as the Ohio state building on the grounds of the Trans-Mississippi exposition at Omaha. The board of managers approved the idea. The building when constructed will be used as a place of reception for Ohioans, and it is proposed to exhibit therein many mementoes of the late campaign, avoiding as far as possible anything favoring of partisanship.

Noting the action of the board of managers the friends of William Jennings Bryan lost no time in putting a proposition looking to the reproduction of the Bryan homestead at Lincoln, and to exhibit therein campaign and other relics, of which Mr. Bryan is said to have no less than a cartload. The board of managers unanimously voted authority to the buildings and grounds department to allow the space for such building, making a proviso, as was done in the case of the McKinley homestead, that the exhibits be non-competitive and not for sale.

Women love a clear, healthy complexion. Pure blood makes it. Burdock Blood Bitters makes pure blood.

Wanted to Find Hidden Treasure. Victoria, B. C., March 14.—A letter received here from a sailor on H. M. S. Amphion says that the ship's search for the Coosa Island treasure, which C. C. Harford claimed to have located, was as unproductive as the search of H. M. S. Imperieuse. The men dug for ten days under Harford's directions, but could locate nothing.

From Extreme Nervousness.

That no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone.

Dr. Miles' System of Restorative Remedies consists of seven distinctly different preparations, each for its own purpose. Mrs. L. C. Branley, 37 Henry St., St. Catharines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nerve, Heart Care and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

GOLD DUST. OILY LAMPS. Hardest things in the house to clean. Most contrary things to keep clean. Most unpleasant when not cleaned. Are made clean and kept clean easily with that enemy of oil and grease and dirt—GOLD DUST Washing Powder. Largest package—greatest economy. THE N. K. FAIRBANK COMPANY. Chicago, St. Louis, New York, Boston, Philadelphia.

THE Florida Limited Will Again Run on the Southern Railway.

The Florida Limited, which is the synonym of all that is elegant in modern railway trains, and which during its former service has been a prime favorite for tourists from the North seeking the mild climate of Florida, will be placed in service by the Southern Railway about the first week in January, 1908. With its return to service this train, which will be sold Pullman residential between New York, Philadelphia and St. Augustine will present features in the way of luxurious and comfortable appointments not heretofore presented, and which will be destined to add still further to its already well established popularity. The Southern Railway is having built for the Florida Limited service three trains, each containing a dining car, two drawing room sleeping cars, a compartment car and a library and observation car, each car complete in all its appointments and equipped with the very latest devices and appliances for the comfort and convenience of the passengers. While no schedule has as yet been announced, it can be stated that it will be the quickest ever arranged between Philadelphia and St. Augustine, and will be so planned that passengers can leave Philadelphia at some convenient hour during the day and arrive at St. Augustine before midnight of the following day.—Philadelphia Record.

Notice—Applications for further information addressed to Jno. M. Beall, district Passenger Agent, Southern Railway, 828 Chestnut street, Philadelphia, will receive prompt attention. 10-25-tf

After years of untold suffering from piles, B. W. Fursell, of Philadelphia, Pa., was cured by using a single box of DeWitt's Witch Hazel Salve. Skin diseases such as eczema, rash, pimples and ultimate sores are readily cured by this famous remedy. C. H. Hagenbuch.

RUNNING ON TIME.

SOUTHERN RAILWAY FLORIDA TRAILS MAKING A REMARKABLE RECORD. Jacksonville, Fla., Feb. 22.—Last season it was not an uncommon occurrence for the trains from the North to reach here from one to five hours late. The remarkable regularity of the arrival on time of the Southern Railway trains this season is a matter of comment and favorable criticism around the hotels and by all incoming tourists. The schedule of the Florida Limited, the fast train over the Southern Railway and the Florida Central and Peninsular, is several hours shorter than that of last year, but the train has been put in excellent condition and the engineers of incoming trains say the new schedule is made with ease.

We are anxious to do a little good in this world and can think of no pleasanter or better way to do it than by recommending One Minute Cough Cure as a preventive of pneumonia, consumption and other serious troubles that follow neglected colds. C. H. Hagenbuch.

SEEING IS KNOWING

There isn't a hidden thing about our work or our methods with Gent's Furnishings. There are no mysteries about our ways of doing or dealing. There is but one thing likely to surprise you when you look into our business—and that is

THAT THINGS ARE EXACTLY AS WE SAY.

It would be foolish for us to try to have it otherwise, for with all the doors so wide open as we keep them no one could be misled very long. When we say style and finish right, the facts are clear as daylight. When we say best values we know of, you are competent to judge. All we ask is that you look for yourself; that you trust your own eyes. A few extra steps or a square or two further in the cars—that's all, at the worst. Ten minutes, five minutes in this store will tell whether you were wise or unwise to come.

Our Stock is the Newest Styles for Spring.

Not only the newest effects for spring in every most wanted department—in styles you will find only here—and at prices you'll find only here.

Shenandoah's - Greatest - Gent's - Furnishing - House, THE UP-TO-DATE HAT STORE, MAX LEVIT, Prop. 15 East Centre Street.
