ROBBERY CLEARED UP.

Thomas McHale Committed on Oath of Rev. Abramowitz.

A large crowd gathered this afternoon at the office of Justice William H. Shoemaker to hear the finale of the robbery which was perpetrated at the passage of the Lithuanian Roman Catholic church.

The prisoner was Thomas McHale, a well known young man of town. He professed total ignorance of the crime, but Rev. Abramowitz took the witness and after detailing the circumstances of the robbery, which have already been published by the Herald, he positively identified McHale as the man who held him under guard while the robbery was being perpetrated.

McHale was arrested at Colorado last night by Policeman Martin Mullaly. The source of information that led to the arrest is with the authorities.

Patience Bender and Mrs. Annie Hughes were two witnesses heard before Justice Shoemaker this afternoon and they testified that McHale confessed to them in the presence of other witnesses that he and the "Spider," whose real name is Michael Wills, and who is already in jail awaiting trial on the same charge, perpetrated the robbery. Mrs. Hughes also said that McHale told her that Wills caught the watch dog by the neck and gave him something to put him to sleep.

McHale was committed to jail to await trial without bail. After the hearing a Herald reporter was told by one of the witnesses that the watch dog at the parsonage, according to a statement made by McHale, was put to sleep by Wills with the use of a syringe and chloroform.

Extraordinary Announcement.

I wish to inform my many customers and public in general, that I am now about to embark in the manufacturing and merchant tailoring business on a large scale. This is only in accordance with what I have advertised since last fall. My piece goods will arrive in a few days and will be displayed in the windows. Each piece will be marked. All I ask is that you will visit the so-called merchant tailoring stores, examine their goods, get prices, and then get mine. It will not take you long to decide who is the cheapest. Every suit will be manufactured on the premises, No. 10 South Main street. I have transferred the management of my large ready-made department to Mr. John Elliott. He is fully conversant with the clothing trade in all its details and in the future will take entire charge of my ready-made department. I will devote my whole attention to merchant tailoring and manufacturing. My old ready-made stock has been almost entirely closed out. Whatever is left will be sacrificed at one-half the former prices. We intend to have an entire new stock and we are receiving daily the latest novelties in men's, boys' and children's suits, hats, caps and furnishing goods. The prices—well, you will have to call and examine to fully appreciate them. We don't brag, blow, or bluster, but substantiate plain, honest facts. A call will convince you that we mean what we say and that it will be dollars in your pocket to deal with us. L. REZOVSKI, 10 South Main Street, Shenandoah, Pa.

TWO NEW WAR SHIPS.

Purchased by Uncle Sam From the Brazilian Government.

SPAIN HAD MADE A BID FOR THEM

But Was Unable to Close the Bargain—The Auxiliary Cruiser Board Examining Vessels at New York—Unusual Activity at Sandy Hook.

Washington, March 15.—A week's negotiations closed yesterday by the triumphant purchase by the navy department, in London, of the two fine cruisers built and building at Elswick by the Brazilian government. Possibly the officers took more pleasure in closing up the business in this manner because of the knowledge that the Spanish agents have been striving to secure these very ships, to whom it is said they would be of much greater value in case of trouble than to the United States. The United States flag will be hoisted over the new ships within a week, probably, and just as soon as the crew can be put aboard the Amazonas she will start for the United States. The other vessel will follow at the earliest possible moment. The availability of the two Brazilian ships was first brought to the attention of the navy department by Mr. Lane, agent of the Maxim-Nordenfledt company, who was authorized to dispose of these ships and two others in course of construction in France. Mr. Lane said today that the two ships were the latest and best products of the famous Armstrongs yards. One of the ships is complete in every respect, has her coal supply and ammunition on board, and is ready to start at any time. There will be no trouble in bringing this ship across, as an adequate force from the local yards can be secured for the service. It is said the coal and ammunition on board passed with the sale to the United States. The ammunition is not all of the kind in use by the United States navy, so that the supply of ammunition is a necessary adjunct to the new ships.

The other ship has been launched, but it will take some time to make her ready for sea. Mr. Lane, however, believes that there will be no difficulty in bringing her over immediately if it is desired to make the move without delay, as the hull of the ship is so well along that she could be towed and her own sail power utilized for the trip across. The two Brazilian vessels will be extremely useful additions to the United States navy in either war or peace, in the opinion of Secretary Long. They are steel, sheathed and coppered, with twin screws, and will be the first cruisers in our navy to embody that most important useful feature of naval construction, sheathing, for which Constructor Hilsborn has worked earnestly for many years past. He finally succeeded in having some of the smartest gunboats constructed on this principle. The Amazonas is rated at 3,600 tons displacement, with an indicated horse power under natural draught of 7,500, which is calculated to develop 29 knots speed. Thus, while the ship is about the size of the Charleston, she is much faster. Her armament is also much more formidable.

A dangerous deficiency in the engineer branch of the navy has been brought to light strikingly in the fact that two gunboats constructed on this principle. "deserves attention as giving an accurate account of the views and intentions of at least three of the great powers." The correspondent says: "The article asserts that the United States are well aware that in declaring war against Spain they could not count upon the approval of any of the European powers. All, it alleges, would sympathize with Spain, if not actively, certainly by categorical protest against President McKinley's conduct. This is also well known at Madrid.

"Therefore," continues The Novoye Vremya writer, "it is hoped that Spain will not fall into the trap laid by Washington, for she has so far no serious grounds for declaring war, and measures should immediately be taken in order that she may not have such grounds in the future. "The European representatives," concludes the article, "will notify the Washington government of their opinion that war is undesirable, and it is to be hoped that President McKinley will realize the disadvantages of such general censure and will not allow himself to be egged into war by American speculators."

Philadelphia, March 15.—A representative of the United States government has been in the city several days on a special mission with the Philadelphia and Reading Railway company in regard to finding what the company wants for its fleet. The question was put to one of the officers, and he said that the company did not desire to part with its fleet unless it was an absolute necessity, but if there was war the company would do all it could to help the government. The government wants to know what the company values its whole fleet at. In case of war the various vessels, barges and tugs owned by the company would be of immense service. There are 66 vessels of various sizes in the fleet.

FAIR TO ALL.

A System That Carries With It Genuine Equality. The Spring season has arrived and we are ready to fit with the largest, finest and best stock of clothing for men, youths and children ever brought to Shenandoah. Each article is sold with a guarantee as to quality and make, and every piece is made by us.

Have you heard of our One Price System? We'll tell you. Since the 3rd of March we have been doing business on a strictly One Price basis. No more cutting prices at our place. You find every garment marked distinctly at what it is actually worth to the consumer. If you like what you examine you take it at the price marked—nothing less and nothing more. Since the One Price system has been in operation our business is greater than ever it was before. People express surprise at the prices marked on our goods. We have always sold cheap, but under the One Price system our prices are still lower. We mark every piece at bottom rock and that mark becomes our One Price. We can sell cheaper than others because we manufacture all our own clothing and have no rent to pay. Spare a few minutes to look at our show windows—one filled with men's clothing and the other with children's clothing. After looking you will agree with us that there never before was a better or larger display of clothing in children's suits and novelties in Shenandoah. Anyone who wants to see the latest styles in clothing should not miss looking at our windows.

A Fine Merchant Tailoring Department has been opened in our store and we have over \$100 worth of piece goods from which you can select and have a suit made by our own tailors in our own building. We guarantee perfect fit and elegant finish at any price you want. No fit, no purchase.

MAIMOTH CLOTHING HOUSE.

L. Goldin, Prop., 9 and 11 South Main street, Shenandoah, Pa.

P.S.—If anybody finds five days after making a purchase of us that we are not cheaper with our One Price system than any other store in the county, we redeem the goods and refund the money.

Itchiness of the skin, horrible plague. Most everybody afflicted in one way or another. Only one safe, never failing cure—Don's Ointment. At any drug store, 50 cents.

An Excellent Production. Eloy's Stock Company opened a week's engagement at Kaiser's grand opera house, Mahanoy City, last night with excellent success. The play was "Wife for Wife," a story of Southern life, which was strongly presented and won the hearty approbation of the audience. The company is headed by J. Harvey Cook and Miss Lottie Church. The latter will be remembered as the leading lady of John A. Stevens' Company. The company's repertoire is a strong one. To-night "The Land of the Midnight Sun" will be produced.

Removal Sale.

We have a large stock of dry goods and notions on hand, and in making preparations for moving we will for the next ten days price our entire stock of plain and figured silks, satins, cashmeres, serges and fancy novelty dress goods at cost.

Our stock of domestic goods, muslins, toweling, tickings, flannels and cotton flannels at similar prices. Notions consisting of gloves, hosiery, handkerchiefs, collars, cuffs, underwear, corsets and all other notions will be sold at cost.

Kendrick House Free Lunch.

Pure of pea soup will be served, free, to all patrons to-night.

A Promising Future.

John Elliott has taken charge of the balance of L. Refowich's retail stock and will hereafter assume full control of the business. He is a young man of genial disposition and excellent business ability and his future is a bright one. Mr. Refowich could not have a better successor.

Merchant Tailoring. The merchant tailoring department which will now form an important addition to the Mammoth Clothing House was ushered into the tailoring world to-day. A large force of experienced tailors have been employed and they are already engaged in the orders which were placed at earlier dates. Mr. Goldin, the proprietor, invites the public to inspect the stock of piece goods on hand and is satisfied that his prices are the cheapest in town.

Headache Quickly Cured.

NEWS FROM THE COURT.

The Farmers' League Against the Taxpayers' Association.

A PROTEST FROM THE FORMER!

They Object to the Settlement of the Cases Against the County Commissioners and Controller—The Case Against Commissioner Meyers Taken Up Again.

Special to HERALD: Potsville, March 15.—The Union Labor Society of Shenandoah, which was chartered by the court yesterday, has for its objects beneficial and protective measures for its members from the funds collected from them. There is no capital stock. The trustees are Joshua Warkentlick, Joseph Shupis, Anthony Marosevich, Matt Pawluis and Anti Wloszek.

THE MEYERS CASE.

The case of County Commissioner Charles Meyers for misdemeanor in office was called up before Judge Bechtel this morning in court room No. 1. E. D. Smith, Esq., one of the counsel for the defense was still ill and George J. Wadlinger, Esq., took his place. William D. Hill, architect, was the first witness called and was examined by John F. Whalen, Esq., in behalf of the Commonwealth. He testified as to the extras on the almshouse contract as allowed by him. The witness testified as to each item, the prosecution trying to show that there was negligence on the part of the Commissioners. The architect made a report to the County Commissioners in June, 1897. This report included several items, some of which were removed by the contractors. The investigation was a tedious and uninteresting one and at 10:45 Judge Bechtel said he was obliged to meet the funeral of a relative arriving on the 11 o'clock train and he adjourned court until two o'clock.

The Mahanoy City arrest case, which was fixed for trial this morning, was called over to the engagement of one of the prosecuting attorneys, John F. Whalen, Esq., in the case of County Commissioner Meyers. It is probable that the case will go over to the next term of court.

THE FARMERS' SPEAK.

The Taxpayers' Association has received notice from the Farmers' Taxpayers' League that the latter has adopted resolutions condemning the settlement of the suits against the County Commissioners and County Controller. The Farmers' Association, having stood the burden of expense in the investigation and prosecution so far as it has progressed and it is not likely to be influenced by the resolution.

Ex-County Auditor F. S. Swayberger, of Mohr, near Port Clinton, is president of the Taxpayers' League and William W. Brown, of Wayne township, the secretary. Mr. Brown is not the court crier, who bears the same name.

Messrs. Allison and Woltjen, of the local Board of Charities, spent this afternoon investigating the case of a Polish inmate of the county insane asylum. She has been in the institution two years and her condition is the result of the investigation. Dr. Henry M. Wetherill, secretary of the State Lunacy Committee, will continue the investigation next Monday.

A CRAFTY FORGER.

Michael Castellone, an Italian, was committed to prison by Judge Bechtel, of this place, in default of \$1,200 bail, charged by Dominick Durell with larceny, assault with intent to kill and forgery, and also carrying concealed deadly weapons on oath of Policeman George W. Fortz. Castellone drew a revolver on the policeman at the corner of Centre and North streets, and when the latter went to work Castellone stole his bank book showing a deposit of \$100, a revolver, razor and other articles. Castellone tried to induce Thomas Cheska, a fruit dealer of this place, to identify him as the owner of the bank book, so that the money could be drawn. The prisoner also forged Durell's name to a note. Castellone only recently arrived from Italy.

In the matter of the estate of James L. Manbeck, late of the Township of Union, deceased, the return of the sale was confirmed and W. J. Kennedy was appointed guardian of Veda E. Hattie E. Lala G., George G. and Clara E. Hoyer, minor children of Chas. C. Kover, late of the borough of Frankville, deceased. Five bonds in the sum of \$205 each were filed and approved by the Court.

New Lumber Firm.

The lumber yard at the northern end of Main street, for many years conducted by J. W. Johnson, to-day passed into the hands of Messrs. William Glenn and John O'Hearn. Both gentlemen have for a long period been connected with the Shenandoah Feed and Lumber Company, Limited, and are therefore no strangers to the public of Shenandoah and vicinity. The deal has been under consideration for some time, and the new proprietors carry with them the best wishes of their friends. They have concluded to add a feed department, and will carry constantly in stock hay, oats and corn. Brick, lime and sand can also be procured from them. At present Messrs. Glenn and O'Hearn are conducting a branch lumber yard at Mt. Carmel.
