HR sensationalists on both sides he Atlantic have had to take a tack. Every calm observer of assing events well knows that there no more occasion for a serious reak between Washington and Maid than there was weeks ago. On ie contrary, the prompt and courous action of the National Admin-

The Whole Story Told by His Wife-It May Help You.

"When my little boy was six years old he had an attack of the measles, and after recovering he was restless at night, had no appetite, and was cross and fretful. Later on, large blotches and sores broke out on his face and limbs. We were told they would heal in a few days; but these few days grew into months. One

day my husband, who is a well-known railroad man, was advised by some of his fellow workmen to give the boy Hood's Sarsaparilla. We concluded to do so, and after he had taken the first bottle we noticed some improvement. We kept on giving him this medicine until he had taken three bottles, when he was com-pletely oared, and he has been well ever since." Mrs. E. J. Miller, Bennett, Pa.

KIDNEY DISEASE OVERCOME

Salesladies are necessarily on their feet much of the time The same is true of many women whose household duties keep them busy from morning till night. The result is headaches, dizzy spells, pains in the back and a feeling of being utterly tired out. The trouble can often be traced to the kidneys, Bladder and Urinary Organs. To make sure those parts are affected, put some urine in a bottle and let it stand 24 hours. A sediment at the bottom is a positive sign of Kidney trouble. So is frequent desire to urinate, especially at night, pain in passing water; stains on the linen; pain in the small of the back; inability to hold urine.
