GOVERNOR HASTINGS has boasted that the next Legislature would not meet in the new capitol building, and it will be no fault of his if it does.

WHEN the Board of Inquiry makes its report, we may expect the yellow journals, which have assumed every position in the war talk, to come forth and say, "We told you so !"

SPAIN's 4 per cent, bonds are now quoted in the money markets of Europe at from 55 to 58. United States 4 per cents, new issue, are quoted at 122 and 123. That tells the story.

A PROMINENT Cincinnati pastor announces that he is in favor of legalizing the sale of beer in public houses. Anything that runs to schooners is justifiable while so much war talk is on.

BETWEEN the devil and the deep sea is an uncomfortable position to be placed in, but that is nothing to be compared with the position of one or two prospective candidates before the Republican county convention this year.

AFTER having endeavored for years to dissuade women from wearing birds and feathers as ornaments on their hats, Mrs. Richard Boyle, of London, gives it as her opinion that Every patriotic sentiment was cheered "where fashion is concerned the world of women are utterly callons tional features. The proceeds are no and blind to every consideration except their own selfish vanity."

Dr. Swallow is giving the state politicians much uneasiness. His independent candidacy for Hasting's shoes is causing the Quay people many sleepless nights, while the Wanamaker boomers have come to the conclusion that the reverend gentleman is not by any means a dead issue. And the Democrats smile complacently.

A Southern paper says "the North and East would supply the guns and ammunition, the West would supply the commissarit department, and the South would be the seat of war," all the needy in the island for a week Hence, according to that paper, the South would be the loser by a war tral points, from which 462 towns and with Spain, and all the rest of the country would be a gainer. This is hardly the correct view. Probably in the long run the gains and losses would be pretty equally distributed.

SHENANDOAH has long enjoyed a well deserved reputation for the excellence of its retail mercantile establishments, as well as for the enterprise and progressiveness of its individual merchants. Its standard to-day in this respect is higher than it has ever been, and there are few towns in the county whose retail stores, taken together, are more attractive or offer more inducements to purchasers. There are some main moth concerns in other towns which are superior in size, but there is none which excels our leading local houses in quality, in variety and cheapness, and none in which the general average of excellence is higher.

THE experts find that an average man requires fifty-nine ounces of food per diem and that he needs thirtyseven ounces of water for drinking. and also that he must have for breath- the president calling for congressional ing, thirty ounces of oxygen. It appears that a man eats with his food just about as much water as he drinks, many of the articles of so-called solid food being largely composed of water. In order to supply the fuel for running the body and to supply waste will begin tomorrow. The many emertissue a man ought to swallow daily gency items in the bill, the large inthe equivalent of twenty ounces of crease in the suffeted force, the liberal bread, three of potato, one ounce of butter and one quart of water. The subject of the necessity for the preplarge amount of water required is arations directly before the house. because the human body is largely made up of that ingredient.

In his speech last week John Wansmaker, the anti-Quay candidate for Governor, attacked the record of members of the last Legislature, and among other things said : "To more clearly show the character of the contemplated steal, and the conscienceless daring of the preasury unfinished business on the senate callooters, in November last at Pottsville, Schuylkill county, in a libel case, Jonathan Jones, a resident of that county, swore that his name had ported Wednesday or Thursday, and been placed upon the padded legisla-

AIDED BY MRS. PINKHAM.

Mrs. W. E. PANTON, Youngtown, North Dakota, writes about her struggle to regain health after the birth of her little girl:

DEAR MRS. PINEHAM:-It is with pleasure that I add my testimony to your list, hoping that it may induce others to avail themselves of your valnable medicine

After the birth of my ittle girl, three years ago, my health was very I had leucorrhom badly, and a terrible bearing-down pain which gradually grew worse, until I could do no work. Also had headache nearly all the time, and dizzy feelings. Menstructions were very profuse, appearing every two weeks

"I took medicine from a good doctor, but it seemed to do no good. I was becoming alarmed over my condition, when I read your advertisement in a paper. I sent at once for a bottle of Lydia E. Pinkham's Vegetable Comound, and after taking two-thirds of the bottle I fult so much better that I send for two more. After using three bottles I felt as strong and well as any

" I think it is the best medicine for female weakness ever advertised, and recommend it to every lady I meet suffering from this trouble.

Maternity is a wonderful experience and many women approach it wholly unprepared. Childbirth under right enditions need not terrify women

The advice of Mrs. Pinkham is freely offered to all expectant mothers, and her advice is beyond question the most valuable to be obtained. If Mrs. Paxton had written to Mrs. Pinkham before confinement she would have been saved much suffering. Mrs. Pinkham's ddress is Lynn, Mass.

TRANS-MISSISSIPPI EXPOSITION.

Thirty-five States Have Already Deelded to Participate. Omaha, Neb., March 21,-Plans for state buildings at the Trans-Mississippi exposition are coming in rapidly. The department of publicity has just reselved the architects' drawings for the Minnesota, Montana, Arkansas, Denver and Missouri buildings. The plans for the proposed Iowa building met the hearty approval of the experts of the exposition. The Illinois nearly completed, with exception of an additional wing, make necessary for the accommodation of the fine art exhibit which Illinois will bring to the exposition. The Wisconsin building is well under way, and is one of the most complete state buildings on the grounds. The Nebraska building is practically completed. The plans for the Denver or Colorado buildings have been accepted and the contract will be let in a day or two.

Plans for the Georgia pine palace have been submitted. It will be constructed wholly of pine donated by the people of Georgia. It is a handsome structure. The Minnesota building will be constructed on similar lines, of unhewn Minnesota logs. Plans for the Oregon building are now being drawn and will be submitted this week. Memers of commissions of other states send assurances that plans for their state building will be forthcoming within a short time. It is highly probable that the states of New Jersey and New York will construct handsome buildings at the exposition. Thirty-five states have to date decided to pardelipate in the exposition. In 30 of these commissions have been appointed and reports from agents in the field are to the effect that at least five more states will be organized within the next ten days. The winter weather having been favorable, construction work is fast advancing, and is progressing in the main court, the Bluff tract and the Midway with great rapidity.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that hast winter his wife was attacked with La Grippe, and his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption. Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at A.
