Mr. Lincoln Nelson, of Marshnella, some write: "For six years I have been a sufferer from a scrofulous affection of the glands of my neck, and all efforts in Washington, D. C., Mr. Lincoln Nelson, of Marchfield, Mo., of physicians in Washington, D. C., Springfield, Ill., and St. Louis failed to reduce the enlargement. After six months' constant treatment here, my physician urged me to submit to a removal of the gland. At this critical moment a friend recommended S.S.S., and laying aside a deep-rooted prejudice against all patent medicines, I beduring the delivery by Mr. Thurston, of Nebraka, of a speech on the Cuban situation. Not since the inauguration of President McKinley have so many and now it is entirely gone, though I am not through with my second bottle yet. Had I only used your S.S.S. long ago, I would have escaped years of misery and saved over \$150."

This experience is like that of all who suffer with deep-seated blood troubles.
