

NO CANDY IS BETTER

Than the kind we sell, for the reason that the maker uses only the best material, and above all, he knows how to make it.

HOOKS & BROWN, 4 N. Main St.

Word in Passing.

Charles Smith was a Pottsville visitor this morning.

Joseph Monaghan, of Girardville, was a town visitor last evening.

Thomas Scott and Frank Jones, two prominent residents of Wm. Penn, read the Herald's account of a late tragedy.

Barbeck Blood Bitters gives a man a clear head, an active brain, a strong, vigorous body—makes him fit for the battle of life.

How Fruit Eaters. An egg eating contest for the championship of the Annapolis region took place at Burchell's hotel in Trappeville on Wednesday evening, last, before a large audience.

DM's. If a dealer offers you a bottle of Salsation Oil without labels or wrappers, or in a mutilated or defaced package, don't touch it—don't buy it at any price.

Driver Killed. William Roberts, an Annapolis young man, 17 years of age, was instantly killed at the P. & C. Co's. Boat killed. He was a driver. He had started out on the highway with a loaded wagon, and after it had attained a pretty high speed he attempted to jump on the front when he missed his footing on the bumper, and fell prostrate on the track, and the wheels passed over him, crushing and mauling him in a terrible manner.

Mr. F. A. Sullivan, of Chicago, Ill., writes that he has used Dr. Bull's Cough Cure for bronchitis and found it to be "wonderful," a great remedy and a good one.

Shenanandoah McGoverner. The lecture given in Shenandoah, Pa., by William McGoverner, was a most interesting one. It was held in the evening at the Hotel Shenandoah, and was attended by a large audience.

Mr. Julia Foltz, wife of Christian Foltz, Sr., died yesterday afternoon in the hospital at Schuylkill Haven, aged 78 years. She succeeded in being able for the past three years and suffered chiefly from a heart affection. She is survived only by her husband and step-son, Christian Foltz, Jr., at town.

Abraham Lerch, aged 73 years, one of 341 Carroll's pioneer citizens, having resided there since 1832, died yesterday.

John, the twenty-year-old son of Jonathan Evans, of Springfield, near Shenandoah, died on Wednesday night of pneumonia.

EDMUND HARRIS, 204 South Main Street. Suitable to the Times for This Week. Two pounds of Arbuckle's coffee given away with one pound of 50c tea.

BARBEY'S BOCK BEER. Gives a satisfied smile to every palate that tastes it.

Now on tap at all our customers. W.M. SCHMICKER, JR., - Agent.

BEST LINE OF GROCERIES, FLOUR, FEED, HAY AND STRAW. Floor and Table Oil Cloths. E. B. FOLEY, 27 West Centre St.

The Health of the Hair

to indicate by its condition. When the natural secretions decrease, when the hair becomes dry, brittle and the ends become frayed, the condition of the hair is indicated.

BITTY POINTS.

Philadelphia's reputation as the country's greatest city is well known.

Female's strength is a matter of great importance.

Young ladies should be careful to keep their hair in good condition.

POTTSVILLE NEWS.

Commissioner Appointments Will Probably be Made on Monday.

Potsville, March 23.—There was unusual activity today among the friends of the candidates for the office of County Commissioner, and it was stated that Judge Peck was out of town and would not return until Saturday night.

The Oriskany extension of the Schuylkill Electric Railway, a distance of four miles from Schuylkill Haven, will take the river road to Adamsville and then turn off to the left, reaching the old city near ex-Prothonotary Keat's home and the Deyer mill.

GREAT MEN'S WORDS

How Discoveries Are Helping Us.

PROF. ROENTGEN'S X RAYS.

What They Can Do and the Strong Statements Some Great Scientists Voluntarily Make.

Few people ever stop to think what wonders modern science and discovery are doing for us.

Just consider for a moment! The telegraph, the telephone, the electric light, electric cars, all these and more contribute to the blessings we enjoy.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

What they can do and the strong statements some great scientists voluntarily make.

strange pains, loss of strength and energy, shortness of breath and a feeble appetite, all mean disordered kidneys.

THOMAS A. EDISON.

pulling under the eyes, pains in the back, colored or brick-dust urine, chilliness and feverishness are pretty certain to indicate that you are on the road to Bright's disease.

Why? Because kidney diseases are the most mysterious of all known troubles, and they are the hardest of all things to detect.

If you were asked to put your hand directly over the kidneys, would you know just where to place it?

The fact is that the kidneys have few symptoms of their own, but possess nearly all the symptoms known to suffering humanity.

There is in all these great discoveries of science one grand lesson for everyone. That lesson is this: Do not hesitate to avail yourself of the best discoveries and improvements

of modern times for preserving your health and prolonging both your lives and your happiness.

Remember that invention and discovery are at work constantly, and that you are entitled to the benefits they place within your reach.

You cannot have the Roentgen X Rays thrown upon you all the while, but by watching your symptoms carefully, and guarding against the first approach of disease by a faithful use of the best of all known remedies, you may certainly live in health to a good old age.

Simply state this: I have been able to give more relief and effort than ever by the use of Warner's Safe Cure than by all the medicines in the United States.

Dr. Wm. Edward Boyer, M. R. C. S. I., L. C. I.

man or woman whose kidneys are in good order is ever long diseased.
