undated. The water has bucked up for five miles and rashed down upon. undated. The water has backed up for five miles and rushed down upon the city like a tidal wave. After the message was received telephone and telegraph communication with Sbay.

Increased the estimates, stories coming from various points near the scone of the flood, showing clearly that the disaster was far more serious than at first bolleved. People from Mount Vernan and the surrounding country basieged the telephone and telegraph offices, frantie for todings from relatives and friends in the flooded town. No st-tempt at an accurate list of the lost was possible, however, and the crowds stood all night before the bulletin boards on which were posted the meager reports being received.

The Reports Verified.

Evansville, Ind., April 4.-The leves at Shawneetown, Illa, broke last evening and the entire town is flooded by from 10 to 20 feet of water. The levee is in front of the town and the hills are in the rear. It is reported that more than 200 lives are lost. All wires are down and no particulars can be had. Evansville has sent two shown boats with food and biankets to the scene.

It is a great loap from the old-fashioned doses of blue-mass and nauscous physics to the pleasant little pills known as DeWitt's Little Early Risers. They ours constipation, sick headache and biliousness. C. H. Hagenhuch.

A Terribie'Weapon of Destruction. Wayne, Me., April 4.-Hudson Max-im, a brother of Hiram Maxim, the inventor of the Maxim rapid fire gun. has just invented a gun that in its awful destructive force goes far he-yond Hiram's. It is called the Maxim nerial torpedo, and is designed for coast defense and naval work. As its name implies, the torpedo is fired into the air, instead of being shot along the surface of the water. In fact, it is used the same as any cannon or is used the same as any cannot or mortar. The gun from which it is fired has a bore of 26 inches. It will throw a ton of dynamite a distance of five miles, and if the torpedo strikes anywhere within 200 feet of a warship mu it will shiver it to atoms. Mr. Maxim has also invented a smokeless powder. to use with the torpedo.

A Terrible Disaster Overtakes the City of Shawneetown. TWO HUNDRED REFORTED DEAD. From the Meager Reports Obtained it is Evident That the Bursting of a Levee Caught the People Without Warning, Carrying Mauy to Death. Girard, Illis, April 4.—A telephone message has been received here from Shawneetown, Illis, saying that at the o'clock yesterday afternoon the level above the city broke and the city is in-undated. Spanish ships "In Bad Condition. London, April 4.-It has been ascerthined from reliable sources that some of the Spanish ships are in bad condition. The Pelayo started from Tou-ion for Cartagena Saturday night in tow, with 150 French workmen on hoard fixing up her bollers and making othe repairs. The Emepror Carlos V started Saturday from the Seine shipbuilding yards at Havre for Ferrol, with a turret out of position and her guns un-mounted. Neither ship will be ready for service for a month. They left French waters, presumably in the

fear that war might begin before the repairs were finished, in which event THE FAVORITE FAMILY NEWSPAPER they would not be permitted to leave.

> Both Incides Mortally Wounded. Little Rock, Ark., April 4.—A desper-ate revolver duel occurred at Haynes, Ark., Saturday night between Dr. W. W. Scott, a preminent physician of that town, and John J. Hughes, a leading merchant. Scott entered Hughes' store and opened fire upon him. The latter drew his weapon and both combatants emptied their revolvers at each other at close range. When the shooting ceased both men were lying on the floor, Scott bleeding from four wounds, and Huphes had been struck by five bullets. Each men are still alive, but their recovery is doubtful. The trouble said to have grown out of family affairs.
