Nothing so interferes with one's plans or ambition like sickness or poor health. Have you ever thought that your kidneys may be the cause of your sickness? You can easily find out by setting aside your urine for twenty four hours ; a sediment or settling indicates an unhealthy condition of the kidneys. When urine stains linen it is evidence of kidney trouble Too frequent desire to urinate or pain in the back, is also convincing proof that the kidneys

### The Appointments.

The exclusive announcement in yes toriay's MERALD of the appointment of Frank A. Kantner, of Lofty, and M. P. Quinn, of Pottsville, as members of the Board of County Commisstoners, succeeding Messre. Rentz and Martin, recently resigned, was recoived with much satisfaction on the part of the people in this community. The announcement on the part of The Judges was somewhat of a surprise, being made late in the after-Seon.

The selection of Frank Kantner who has long occupied a prominent position in the Republican party of this county, was foreshadowed in these columns several weeks ago. His appointment is a just recognition of the Thirtieth Senatorial district, and at the hands of the great body of texpayers as well. Mr. Kantner has every qualification for the important position to which he has been called, and we predict that his administration of the county's affairs will refloctcredit upon the appointing power and honor to himself.

The Democratic member of the Beard, M. P. Quinn, needs no introduction to the voters of this county. No is known from one end of Schuylkill to the other, and has many warm personal and political friends in Shenandoah. As a matter of local pride we would have been pleased to see Shenandoah's home candidate secure the plum, but the "powers that be' said otherwise. Mr. Quinn, we understand, did not seek the position, and coming to him unsolicited is an ondorsement that he might well feel proud of.

The Judges had a small army of applicants to choose from and they have certainly chosen wisely. The new appointees will give a good account of their stewardship.

under by former State Printer Busch his old contract, had been enlarged to 1,000 pages, of which Dr. Warren con tributed 935 pages and Dr. Pearson his original number. Dr. Warren's por-tion of the pamphiet had been enriched by the insertion of 101 beautifully fin-ished plates of the birds and beasts of
