Blood Poison. BROKEN DYKE'S VICTIMS.

Contagious Blood Poison has been appropriately called the curse of mankind. It is the one disease that physicians can not cure; their mercurial and potash remedies only bottle up the poison in the system, to surely break forth in a more virulent form, resulting in a total wreck of the system.

Mr. Frank B. Martin, a prominent jeweler at 926 Pensylvania Ave., Wash-

ington, D.C., says: I was for a long time under treat ment of two of the best physi-ciaus of this city,

filled with eating sores; my tongue was almost esten away, so that for three months I was unable to taste any solid food. My hair was coming out rapidly, and I was in a horrible fix. I had tried various treatments, and was nearly discouraged, when a friend recommended S.S.S. After ' had taken four bottles, I began to get better, and when I had finished eighteen bottles, I was cured sound and well, my skin was without a blemish, and I have had no return of the disease, S.S.S.saved me from a life of misery." S.S.S. (graranteed purely regetable) will cure any case of blood poison. The Flood Was So Quick and Thorough That Not a Pound of Provisions of Any Sort Is For Sale in the Town-All Must Be Fed by Charlty.

Shawneetown, Illa., April 6 .- Twentythree known dead, a possibility that the list may reach 20, 1,500 people in actual need of the necessaries of life, 700 people homeless, and damage to the amount of \$290,000 is the net result of for a severe case of blood poison, neetown tate Sunday afternoon. Not but my condition grew worse all the while, not withstanding the withstanding the fact that they charged me three charged me three to the town unless more storms sot in, and even then it is difficult to see

large semi-circular dyke to the south of the town, enclosing it on that side as the broken dyke enclosed it on the north. Down the edge of this dyke and in the town proper is a tangled mass of trees, shrubs and brush wood. Into the curve formed by the southern dyke the bodies were carried by the flood, and all of them are supposed to be scattered along the southern dyke, which is nearly a mile in extent from the western end of the curve to the eastern end.

The flood at the time the damage was caused and the people were drowned was not over three feet in depth. It rushed in with such violence, however, that all people who were caught waist deep in the stream were hurled to gether and smothered before they could rise. As an example of the speed with tioned that Mrs. Charles Pillow had just removed her dress, for the purpose of putting on a new gown when the alarm was given. Before she could don the new dress the water was six inches deep on the parior floor. Warned by the shouts of her husband, she grasped her baby and ran for the unbroken portion of the dyke, distant but a few feet. Before she could reach it the water was knee deep, and she was water was knee deep, and she was thrown to the ground and would have been drowned but for her husband.

The flood was so quick and so thorough in its work that not a merchant, a butcher, a baker, a dry goods man or any dealer in any of the other necessaries of life was able to save any por-tion of his stock. The consequence is that today in Shawneetown there is not a loaf of bread, a pound of meat or an ounce of drugs that can be bought with money. There is abso-lutely nothing in the town for sale. Charles Carroll, the richest man in Gallatin county, was obliged to stand in line at the relief boat and receive food for his family from the contributions of adjoining towns.

An Alleged Message From Andree. Seattle, Wash., April 6.—A telegram from Nanaimo says: Jack Carr, a United States mail carrier, arrived here last night from St. Michael's via Dawson City. Carr claims to have a mes-sage from Andree, one of his carrier pigeons having been picked up. It is stated that the message says that Andree is alive and on land. Carr will not give out the message for publication. Several parties at Nanaimo claim to have seen the message, and they say it is to all appearances authen-Full credence is not given to the
