THE county seat newspaper that has its "own direct wire" was the laughing stock of the people north of the mountain yesterday; in fact, they were indignant. The aforesaid paper came out last evening with the exclusive news by "our own direct wire" to the effect that the President's message was submitted to Congress at noon yesterday) and referred to the committees. Such enterprise even surpasses the "yellow journals," but it is disgusting to intelligent readers. The people in this valley, as usual, had to rely on the HERALD for the authentic news from Washington.

During the discussion many arguments were advanced in favor of the use of anthracite. Following the widespread use of smokeless powder, it would seem that as many advantages would attach to a fuel from which no smoke was produced. A further and more important disadvantage caused by smoke is in the fact that, when a squadron of vessels is in motion, a dense cloud of smoke hangs around them, preventing a prompt reading of signals or the ability to locate each vessel.

Still another serious disadvantage in soft coal is in the constant danger from spontaneous combustion in the ship's bunkers. HAWAHAN ROYALISTS DIVIDED.

One of Their Former Leaders Urges Adherence to the Republic. Honolulu, via San Francisco, April 7. The old Royalist party of Hawali is hopelessly divided, and ill feeling be-tween the two factions is becoming more and more intense. Friendships of long standing have been greatly strained within the last few days. A Royalist meeting was held recently, but adherents of the ex-queen did not attend it, these present being Hawahans who favor Princess Kiaulani. The old party adheres firmly to Liliuokalani and restoration. It declines to recognize any other platform or set of prin-

ciples. It is the largest and most powerful faction. This faction has denounced a native named Kaulia, a member of the Hawallan commission just returned from Washington. Kaulla claims that restoration and annexation are both dead, and he advises the Hawaiians to unite in support of the republic, take the oath of allegiance, register and parthe tipate in the politics of the country. One of Kaulia's friends states that the ex-commissioner is very ambitious in a political way, and that he will be a candidate for the office of president of Hawaii if an election is held under the laws of the present republic.
