Evening Herald

WEDNESDAY, APRIL 19, 1918.

CASUALTY SPEAKING: The military quiverer and something most of the public office in this country. And they are all good fellows, and popular with the people too.

PORTO RICO is a fertile little island of 3,500 square miles and 1,000,000 inhabitants. It would be an admirable territory for any small American port. Spain might succeed in bombarding.

THE INSURGENTS will give no attention to the autonomous appeal from the aristocracy. If they had wished to treat for the home rule fraud which they could have stopped the revolution at any time.

THE BUSINESS MEN of Mahanoy City have drawn up a big petition and forwarded the same to the officials of the Lehigh Valley praying the latter to keep all the work they can at the Mahanoy shops and not discriminate. They do not favor consolidation of the shops either, and advance as a reason that the people of Mahanoy contribute annually many thousands to the revenues of the company in freight and passenger traffic.

ADVERTISING is the most useful of all the tools of business, but it has a razor-edge, and the man who handles it carefully is sure to wish he hadn't. The mere fact that a man advertises is by no means an insurance of business success. He must give constant, careful thought to the subject. It is the only part of his business which will never run itself. You can get any other department in the business down to such a system that it will require very little thought, but the successful advertiser must be always alert and must never take his hand off the advertising trough. Try the Herald.

As outlined in our Pottsville correspondence several days ago, Governor Hastings yesterday appointed Charles A. Snyder, Esq., of Pottsville, to succeed Controller B. R. Severi, recently resigned. The appointment will meet with general satisfaction, and even those who favored some other applicant will acknowledge the selection is a popular and deserving one if party loyalty and services be considered. Mr. Snyder will carry to the office a mind trained in the intricacies of the law and will enable him to pass judgment in a legal and impartial manner. Mr. Snyder has every qualification for a successful administration of this important office, and we venture the prediction that when he retires at the expiration of his term he will have fulfilled every pledge made by those who urged his appointment.

In these times of war talk, let it be remembered that it is the most extraordinary thing for Spain to order a cessation of hostilities at this crisis. If the United States had done the same thing in 1892 or '93 or '94 the whole world would have known that the Southern Confederacy was a fixed fact. It would have been a practical surrender of national sovereignty. This is what the Spanish armistice means, in effect, though perhaps not immediately, in its entirety. Should the Cubans in the field reject this offer and continue their struggle for absolute independence, and should the United States actively intervene in their behalf, Spain will surely resist and will expect to be supported by some of her neighbors at least, how many and to what extent cannot now be told. But the Queen Regent, acting under the personal advice of the watchful head of the Vatican, will not be left friendless. Of that fact there can be no manner of doubt. This brings matters to a head at Washington, and all should understand the gravity of the situation. In defense of the "moral and material interests" of the Spanish Kingdom there will be a strong force gathered, and if war is to be precipitated it will be no holiday affair, no sixty days' campaign, no mere picnic, with speedy possession of Cuba and the obliteration of the Spanish navy. It is, indeed, a most serious hour, and the people of this country cannot too soberly consider the situation. Upon the action taken depends immense interests. It is most earnestly to be hoped that wise counsels will prevail.

Whether pleasant or business, take every trip bottle of Syrup of Figs, as it acts most pleasantly and effectually on the bowels, liver, and bowels, preventing fevers, headaches and other forms of sickness. For sale in 30-cent bottles by all leading druggists. Manufactured by the California Fig Syrup Co. only.

Two Philadelphia Men's Suffragists. Philadelphia, April 18.—Flames which are of mysterious origin broke out at an early hour in the morning in the residence of George Dugan, No. 903 South Thirtieth street, almost completely destroying the dwelling and resulting in the deaths of two children and the serious injury of a third. The victims are George Dugan, aged 9 years, and Richard Barry, aged 8, a cousin of young Dugan, both of whom were suffocated. Helen Dugan, 15 years old, is at the hospital suffering from terrible burns received while trying to save the boys.

Accidents come with distressing frequency on the firm. One business, things, sprains, Dr. Thomas' Electric Oil relieves the pain instantly. Never safe without it.

A DAMAGING ADMISSION. Spain's War Minister Says Havana Harbor Is Mined. Madrid, April 18.—El Herald de Madrid publishes an interview with Admiral Beranger, former minister of marine, in the course of which he expressed his confidence in the ability of the Spanish navy to win in the event of a war with the United States.

"There is no fear," said Admiral Beranger, "of our Cuban ports being exposed to a night attack, inasmuch as Havana, Cienfuegos, Nuevitas and Santiago de Cuba are defended by electric and automatic torpedoes, with a large radius of action. They were placed by order of the late Senator Canovas del Castillo and myself."

Numerous groups in the Puerto del Sol and in front of the offices of the minister of the interior last evening raised the cry "Viva Espana." The policemen and police scattered them and occupied the square, but the groups quickly reformed several times, until finally the gendarmes charged the crowd. Many were injured or arrested. Senior Anallera, the civil governor, called out the civil guard to clear the streets, and the city finally quieted down.

It is said the United States minister, General Stewart L. Woodford, leaves Madrid today. It is further alleged that he will be accompanied to the frontier by an escort of gendarmes.

Ask your grocer for the "Royal Patent" brand, and take no other brand. It is the best flour made.

Pittsburg, April 18.—The threatened wage trouble in the Pittsburg coal district are about settled. The operators met yesterday and ratified the scale as adopted by the committee.

"Little Colds." Thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds, cures big colds, too, down to the very verge of consumption.

By Keystone Courier. Be sure that the name LESSEE & BARN, Ashland, Pa., is printed on every sack.

Pittsburg Miner's Strike Averted. Pittsburg, April 18.—The threatened wage trouble in the Pittsburg coal district are about settled. The operators met yesterday and ratified the scale as adopted by the committee.

OVERWORKED WOMEN.

Letters to Mrs. Pinkham From Women Who Have Been Helped From Sickness to Health.

The ordinary every-day life of most of our women is a ceaseless treadmill of work. How much heavier the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung!

The following letter from Mrs. WALTER S. BANTA, Sparilla, N. Y., tells the story of many women who have been helped to get well:

"Dear Mrs. Pinkham:—I cannot thank you enough for all the E. Pinkham's Vegetable Compound has done for me. When I wrote to you I had suffered for years with falling-in-continuation and ulceration of the womb; my back ached, and I was so much distressed I could scarcely walk. I was a burden to myself and did not know whether I lived or died."

"I have taken five bottles of your medicine and it has done wonders for me as all my friends can testify. I can now do my own work, and do not feel how to express my gratitude to you for the good your medicine and advice have done for me. I owe my life to Mrs. Pinkham."

"Mrs. Pinkham's Compound has done for all women who need advice about their health. Her address is Lynn, Mass. Mrs. P. H. Hutchinson, Kellerton, Iowa, tells here in her own words how Mrs. Pinkham helped her:

"DEAR MRS. PINKHAM:—I was in a very bad condition before I wrote to you and began the use of Lydia E. Pinkham's Vegetable Compound. I did not know what to do. I suffered terribly every month, when on my feet I had a heavy, sore, swollen-down feeling, was very weak, womb was swollen, back ached, appetite was very poor, also had trouble with my head. I have used several bottles of your Compound and cannot say enough in its favor. It helped more than all the doctors."

Lydia E. Pinkham's Vegetable Compound, a Woman's Remedy for Women's Ills

"Spanish Women" Leaves Key West. Well known here yesterday that the Spanish vessel at Key West had fled from the peninsula there because of threats said to have been made against his life. This is the first removal of a Spanish official in the United States in a century of present trouble. The vessel at Key West reported the circumstances in its case to the Spanish minister at Washington and said the boat against the coast included those bound at Key West who represented the home government. As a result the consul and a number of Spanish who have been living there have been removed to Tampa, where it is said their safety is better assured.

The Spanish minister, Senor Bernabe, made his prediction of a more hopeful turn in the affairs of Cuba yesterday and there are no signs of impending departure of the minister and his staff. He made specific details yesterday of two published reports. One of these was to the effect that he had recently visited the Cuban capital, Havana, and returned to Madrid with certain propositions. The minister also advised a denial of the published statement that he had been in conference with those representing the plan for the purchase of Cuba.

It was stated this morning on high authority that an arrangement has been practically effected by which the senate Cuban resolution may pass both houses today. It is understood that the senate will agree to the resolution and a vote will be taken for the purpose of perfecting an agreement whereby the former resolution will be substituted for the other resolutions. It will be modified by the elimination of the second paragraph, which recognizes Cuban independence, and other slight changes made to conform to the action reached by the committee. Members of the senate committee believe that the resolution will pass both houses by a practically unanimous vote. It is said that if necessary a continuous sitting will be had in the morning to secure final action during the legislative day.

At the request of National Guards of Pennsylvania, Ohio and other states a conference of guard officers of the various states has been called for the purpose of discussing the committee on military affairs Saturday and to consider army organization. It is hoped as many states as possible can be represented, so that entire harmony can be had.
