I have been troubled with heart disease 15 years or more. Most of the time I was so had it was not safe for me to go out alone. If overtaken by one of my dizzy spells, I would fall, helpless. I had severe palpitation, shortness of breath, and sudden painful attacks that prostrated me. The only thing physicians did for me was to advise keeping quiet.

In August last I commenced taking Dr. Miles' New Heart Cure, and before I had finished the first bottle. I found the medicine was a God-send. I have now used four bottles in all and am feeling entirely well. I have not had an attack of the trouble for some months.

I am 73 years of age, and have held a grudge against patent medicines all my life, but I will not allow this feeling to prevent me from giving my testimony to the great cure your valuable remedy has wrought in me. I do this to show my appreciation of the great merits possessed by Dr. Miles' New Heart Cure.
