ident This Afternoon. Washington, April 21.—The topic of nisorbing interest in military circles yesterday was the expected decision of the president and Secretary Alger upon the question of how to place the vol-unteer forces at the service of the government. No less than three consulta-tions were held yesterday at the White House on this subject, but it was finally announced that it would not be possible to issue the expected call for volunteers until this afternoon. The district militia forces have been fered to the government by General

Marries, and there is some expectation that these will be the first of the militia forces to be drawn into the government service. Other events of the aches and fevers and cures habitual bureau also made another heavy requi-

only remedy of its kind ever pro-duced, pleasing to the taste and ac-reptable to the stomach, prompt in its action and truly beneficial in its The present expectation is that Gen effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and hear mode it the to all and have made it the most there the general will proceed to the other points, returning thereafter to

## AN UNDOUBTED SUCCESS Holland Submarine Boat Is So Officially Declared

The Little Diver Stayed Under Water
The Little Diver Stayed Under Water
For an Hour, and Then Robbed Up Seronely, to the Mystification of the Naval Experts.
New York, April 21.—The submarine boar Holland was tested officially yes-terday under the direction of a navat board of inspection, and proved an un-doubted success. The official triat took place in Raritan bay, in the vicinity of the dredge channel, where the sub-marine boat had about 30 feet of water

Rave orders to make a dive of ten min-utes' duration and come to the sur-face, then dive ten minutes more and come up again, after this two more dives, each of ten minutes' duration, which would bring the boat back to the place of beginning, then to run on the surface, when the aerial pro-ties and dummy torpedo were to be excelled from the boay and atern expelled from the bow and stern Food For the starving Cubaus,

and Captain Holland pulled down the covering, which made the boat practi-cally water and alt tight. A long blass from the two inch whistle signified that the test was about to begin, and shi disappeared in about 30 seconds. Ar-she wont down a load effect wont up from the spectators on the tugs, and it was seen that the alondor tiggstaff aft, on which the small American like was held fast to the boat by a signific was held fast to the boat by a slender

wire rope. After the end of 30 minutes there was no sign of the submarine terror, and then some of those most interested be-
