## Stomach Trouble

Stomach trouble is the common name applied to a derangement of the system which is keenly felt but vaguely understood. It may mean inability to retain food or to digest it. It may mean nausea, pain after eating, fullness, inordinate craving for food, or entire lack of appetite. Whatever it means, there's trouble, and it's with the stomach. If you have stomach trouble, you will be interested in this letter from a man who had it and was cured by

## Ayer's Sarsaparilla

"For nine years I suffered from stomach trouble. I tried the aid of the best doctors of Philadelphia and Pittsburg, and spent large sums of money, all in vain. One day while waiting a train in Bellairs, O., I picked up a paper with a notice of Ayer's Sarsaparilla. I got one bottle to try it. It did me so much good that I purchased five more bottles. I took four of them and gained in flesh, my appetite improved, and now I can eat anything. My stomach is all right, thanks to the use of Ayer's Sarsaparilla."—CALVIN M. SIMMONS, Uniontown, Pa.

**The Gilbert Trouble.**  
Last evening a public meeting of the citizens of this town at the Chamber was held for the purpose of considering the proposition of the Traction Company made to Council to relay their tracks in that borough. The meeting was well attended, and many speeches were made for and against the proposition. A vote was taken on the motion to urge Council to accept the proposition and it resulted in 100 votes against and 5 for the ordinance. The latter gives the company the privilege of connecting the tracks over the bridge in that town, in which two of the citizens were killed, but Council has refused to grant the permission because the company will not pay the annual tax on its cars, which is due for several years, and which is provided for in the original ordinance. The question will be finally decided at the next meeting of Council.

It was understood that the auditors should correct the asset accordingly and the Council will give the matter any further attention it may require to get a regular meeting.

**More Recruits Are Needed.**  
It is likely that more Schuylkill county men will have a chance to serve Uncle Sam within the next few days. In order to make up the full quota of men from this state, it is the intention to recruit the companies up to their full number of 100 members, and the work of securing the necessary number of recruits for each company is to be begun next week. Quite a number of the present members of the Guard will be rejected for various reasons. Some are too old and others will not be able to pass the medical examination. The place of those men will be filled by recruits so that next week an opportunity will be given to over 300 more Schuylkill county men to join the guard.

### [SAD AFFAIR.

**An Old and Respected Resident Probably Fatally Injured.**  
The community was shocked this morning by the announcement that Jeffrey Williams, an old and highly respected resident, had been shot. The shooting took place at the family residence, 427 West Raspberry alley. Friends of the family say it was an accidental shooting, but whether or not such was the case it is certain that the victim was suffering from temporary amnesia due to prolonged suffering from an injury sustained in the mines. While lifting a heavy cross timber Mr. Williams sustained an injury which kept him under the continuous care of the family physician, Dr. J. S. Callen, the past six months and during the past two weeks the victim has suffered from amnesia. The bullet, which was of 45 calibre, entered just over the heart and penetrated through the body, resting under the left shoulder blade. An effort to extract the bullet will be made this evening. This was contemplated this morning, but the victim was too weak. The chances for recovery are not promising.

**Schuylkill's Yellow Journal.**  
This county has its quota of sensational journals, especially as to war news. Yesterday a local contemporary contained a "Sheep patch" that Cardenas, Cuba, had been fired by our feet, the engagement lasting two hours and that many Spaniards had been killed. This was also to be found among the "fake" bulletins about town, and even "our own wire" publication at Pottsville was taken in. The people have come to the conclusion that no reliance is to be placed in any news furnished from these sources, and appreciate the reliable service furnished by the HERALD, which is invariably verified by subsequent publication in the city papers.
