TROOPS MOVE ON TO CUBA

The Regulars Leave Chickamauga To-Day
For the Sea Coast, Preparatory to
Invading the Island.

GEN. MILES TO COMMAND

Generals Lee, Wheeler and Wilson to Command
Divisions—Now on Their Way to Tampa.

DEWEY HAS TROUBLE AT MANILA

Special to EVENING HERALD.
Chattanooga, May 10.—The plans for the military occupation of the island of Cuba took definite shape to-day. Orders were issued this morning for the entire army now stationed at Chickamauga to go to the front. The First and Tenth Cavalry has been ordered to go to New Orleans, the Second Cavalry to Mobile, and the Third and Sixth Cavalry and the entire infantry to proceed to Tampa, Fla.
The First and Tenth Cavalry are men from Fort Riley, Kas.; Fort Huachuca, Ariz.; Fort Reno, O. T.; Fort Sheridan, Ill.; Fort Assiniboine, Mont.; Fort Keogh, Mont.; Camp Merritt, Mont. The Second Cavalry are men from Fort Wingate, N. M.; Fort Logan, Col.; Fort Riley, Kas. The Third and Sixth Cavalry comprises men from Fort Ethan Allen, Vt.; Jefferson Barracks, Mo.; Fort Myer, Va.; Fort Robinson, Neb.; Fort Leavenworth, Kas.
There are 16,000 regulars now at this place. The three Major-Generals, and eight Brigadier-Generals, are now on their way here. They are Major Gens. James H. Wilson, Fitzhugh Lee and Joseph Wheeler and Brig.-Gens. Compton, Burt, Sumner, Snyder, Henry, Lawton, Chaffee and Davis.
Word has also been received here that Gen. Miles and his staff will leave Washington to-night for Tampa to take the field in person and accompany the expedition to Cuba. He will direct the operations of these troops in person. It is expected that the expedition will effect a landing at Matanzas, making that a base of supplies and also headquarters for Maj.-Gen. Miles. The place of landing, however, is only conjecture, as the selection of the place of landing is being safely guarded by officials.
The troops will be moved on to Cuba at once, as soon as they arrive at their destinations and present arrangements for transportation are completed.
Eight transport steamers are now awaiting the disposal of the government in the vicinity of Tampa, and others are stationed at other coast seaports.
The 60,000 volunteers that are to be mobilized at Chickamauga, the movement of which orders have already been issued, will follow the regulars into Cuba as soon as they can be moved.

BLOOD-THIRSTY INSURGENTS.

Special to EVENING HERALD.
Hong Kong, May 10.—Word has just been received here to the effect that affairs at Manila have assumed a critical state. Admiral Dewey, of the United States squadron now in control of Cavite, cannot control the insurgents nor enable the Spaniards to do so.
The insurgents have attacked the Spaniards and massacres are reported outside of Manila. The insurgent troops are killing Spanish women and children, and there is a reign of terror among the inhabitants.
Admiral Montojo is reported as having been killed by the populace after escaping from Cavite.
The British residents of Manila have petitioned their government to send further naval support to them. Business at Manila is at a standstill. The British Consul at Manila is working in harmony with Admiral Dewey.
Most of the German residents at Manila, including the Consul, have left that port and embarked on a German cruiser.
When the McCulloch left here to return to Manila she took with her a telegraph operator, who will repair and work the cable connecting the Philippine capitol with this place.

NO WORD FROM SAMPSON.

Special to EVENING HERALD.
Washington, May 10.—The naval officials, while they do not expect to hear from Rear Admiral Sampson's fleet before to-morrow, were in a state of expectancy to-day. Our fleet is expected to arrive at Porto Rico to-morrow, and an engagement is not expected until that port is reached. Naval officials deny that they have information that the Spanish fleet is in West India waters. The statement was made at the Navy department this afternoon that no word had been received from Rear Admiral Sampson.

Arms Shipped To-day For Cuban Insurgents.

Special to EVENING HERALD.
Tampa, Fla., May 10.—The steamer Gussie, one of the Mallory line of boats chartered by the government for use as a transport, sailed for Cuba at midnight loaded with arms, ammunition and supplies furnished by the United States government for the use of the Cuban insurgents. A company of 100 United States troops from the First regiment of infantry accompanied the expedition to aid in guarding the landing of the valuable cargo and will, if necessary, penetrate into the interior far enough to place the supplies in the hands of the insurgents. The expedition is in charge of Captain W. H. Dorst, General Miles' aide, who has just returned from Cuba.
The Gussie has on board between 6,000 and 7,000 Springfield rifles, about 200,000 rounds of ammunition and several hundred boxes of provisions, consisting principally of canned meats and hard tack. The utmost secrecy is maintained regarding the point of landing, but in view of Captain Dorst's recent landing near Havana, where he communicated with the insurgent leader, General Deigado, it is believed that the expedition will be headed for a point not far from Havana.
The Whitney, the sister ship of the Gussie, which sailed for Dry Tortugas Saturday with two companies of the Fifth infantry, returned yesterday. It is intimated that she will follow the Gussie to Cuba as soon as the arms, ammunition and supplies can be landed. Before a week has passed it is believed that the insurgent leaders will have been furnished with arms enough for at least 15,000 men, and with a base of supplies established on the coast, a vigorous campaign against the Spanish forces will be inaugurated.
Large amounts of powder and projectiles for the blockading squadron are now arriving here.
Major General James F. Wade is now in command of the army of invasion, by his right as senior officer displacing Major General W. R. Shafter, heretofore in command.

WASHINGTON NEWS.

Latest Advice From the National Capital on the War Situation.
Special to EVENING HERALD.
WASHINGTON, May 10.
A conflict between Admiral Sampson's squadron and the Spanish fleet is hourly expected by naval officials here. The latter have positive information that the Spanish fleet is not at Cadiz or the Canaries. The Spaniards have scouts out in advance of their fleet. Word has been received that one of their cruisers put in at St. Thomas.
There is no doubt that Admiral Sampson is now in the immediate vicinity of Porto Rico, and while our fleet is probably to the westward of these islands, the Spanish fleet may be cruising leisurely on the southern coast.
Secretary Long has issued an order forbidding the officials of the naval department from giving any information whatever about the movements of the American ships, especially those of Admiral Sampson's squadron.
The ambulance ship has sailed from Hampton Roads to join Sampson's fleet in the West Indies, and to remain there until the war is over. The vessel flies the Red Cross flag and is not subject to attack or seizure.
Constructor Casps, who has been ordered to sail from San Francisco for Manila on the City of Peking, has instructions for making a thorough examination of every American and every Spanish ship above water, and to report exhaustively on all features of injury and disaster suffered, for future use of the experts in Washington. Also to report the effect of the rapid-fire guns on the enemy at certain ranges as well as can be estimated.
It is intimated that the naval experts shall know everything relating to the battle in order to estimate accurately the value of certain types of ships under certain conditions.
All the necessary preparations are made to send an army, consisting of both volunteers and regulars, of more than 61,000 men, to invade Cuba. The first detachment of this army will be in Cuba by Sunday next, and will immediately establish a base of supplies for the United States troops.

Sagasta on the War.

Special to EVENING HERALD.
Madrid, May 10.—Prime Minister Sagasta, in an interview, said: "The situation is very simple, and, unfortunately, it cannot be concealed. Spain is isolated and ruined by internal trouble. The United States is prosperous, and increases in riches and strength daily. There is no use saying this state of affairs is the fault of the present government. Would a monarchy have prevented the development of the United States? I do not think so. A republic would have done no better for Spain, and might have done worse."
The Cape Verde Fleet.
Special to EVENING HERALD.
London, May 10.—The papers to-day say that it has been learned from a private source that the Spanish transports City of Cadiz and San Francisco and three torpedo boats arrived at the Canary islands on Saturday.

Spain's Shaky Cabinet.

Special to EVENING HERALD.
Madrid, May 10.—It was reported to-day on high authority that the Ministers have placed their portfolios in the hands of Prime Minister Sagasta, leaving it to him to submit them to the Queen at his discretion.
Canada Refuses Spain Coal.
Special to EVENING HERALD.
Montreal, May 10.—A coal company here a few weeks ago received an order for 10,000 tons of coal delivered at Cape Breton, each on delivery. They then learned the order was placed by the Spanish government, and the contract has been repudiated.
 Riots Continue.
Special to EVENING HERALD.
Madrid, May 10.—Rioting at Alicante, about three hundred miles from this city, continued all night. All the bonded warehouses have been burned.
Spanish Cruisers Active.
Special to HERALD.
Gibraltar, May 10.—Spanish cruisers are active in boarding vessels in the straits in search of American ships and contraband goods.
Guns for Sandy Hook.
Special to EVENING HERALD.
Bethlehem, May 10.—The Bethlehem Iron Company has furnished and shipped to Sandy Hook four 10-inch guns, and is furnishing six more. The company's ordnance department is working day and night on government work.
