OUR COUNTRY: First, Last and Forever

APPARENTLY Admiral Dewey believes that "the better the day, the better the deed."

OUR German friends across the water are beginning to believe that they are "not the only people on the beach."

If everybody continues to talk war to the exclusion of every other topic, the politicians might as well go out of business.

UNLESS something is done to the anthracite trade Congress will have to act in behalf of our own recontractors, says the Wilkesbarre Newsleader.

THE Irish-Americans of Mahanoy City are organizing a company of volunteers. The descendants of the Emerald Isle are coming to the front in defense of the Stars and Stripes.

No quarter and no prisoners is the cry of some of the Madrid editors, but from present appearances Spain's chances of being able to give or take either seems slimmer than the slimness of Hidalgo to be found within her borders.

It is alleged by Washington correspondents in this state are being held back for some reason. There are several in this county in which Democratic postmasters are serving after the expiration of their terms.

THE Philadelphia Press contained an estimate of the status of the Philadelphia delegates to the state convention on the gubernatorial nomination. In the classification of the 88 delegates, 52 are put down for Wannamaker, 34 for anybody Quays nominated and 2 as undecided.

SOMETIME ago those Congressmen from the anti-slavery district who desire a re-nomination made much ado about their visit to the Navy department, ostensibly for the purpose of inducing the government to use anthracite on American naval vessels.

REV. P. F. DAGBERT, of Lost Creek, is in great demand as an orator at patriotic demonstrations these days, and his impromptu speeches have awakened a sentiment in that community that bodes no good to barbarians of the Weyerle strip.

MUCH admiration is expressed, and justly so, when it is known that the great majority of the members of the National Guard volunteered their services to the government. But what about those who answered in the negative when called upon to defend their country?

A GRATEFUL NATION

Will Honor Admiral Dewey and All the Other Heroes of the Battle of Manila.

Washington, May 10.—Fitting tribute was paid by the senate yesterday to Commander Dewey for the magnificent victory he achieved in the battle of Manila bay.

The senate went farther even than that. A bill was introduced increasing the number of rear admirals in the navy from six to seven, in order that the president might nominate Commander Dewey to the highest position in the navy within his gift, and that, too, was passed without dissent.

The greater part of the day in the house was consumed by war measures. The recommendation of the president that a vote of thanks be tendered Commander Dewey and his associate officers and men was quickly passed by a unanimous vote.

KIDNEY DISEASE OVERCOME

Salesladies are necessarily on their feet much of the time. The same is true of many women whose household duties keep them busy from morning till night.

There is no necessity for a doctor for either men or women in such cases. Dr. David Kennedy's Favorite Remedy can be taken, and relief and cure will follow.

DON CARLOS BITTER

The Spanish Pretender Vigorously Assails the Leaders of the Spanish Government.

Brussels, May 10.—Don Carlos, the Spanish pretender, in the course of a long interview, said: "When I left Venice about the middle of April I had in contemplation a desperate and unquestionably hazardous enterprise, unlikely perhaps to further my own dynastic interests, but sure to force the hands of the cowardly officials who are shrinking from the responsibility of upholding the arms of the monarchy of the Spanish dominions."
