Movements of Cervera's Squadron. Cervera, May 17.—The Spanish squadron under Admiral Cervera which left Sunday evening after the cruisers Viscaya and Infanta Marie Teresa had taken on board about 700 tons of coal...

Strong Hint to Poto to Leave Canada. Toronto, May 17.—The Globe (government organ) says: "This is certainly not a time at which an important official of the Spanish government would be making holiday. The suicide of Downing and the evidence that he had been in communication with a member of Senor Poto's party in Toronto are circumstances that enhance the gravity of the situation. It is possible that some of the stories are exaggerated, but it must be apparent to our Spanish visitors that there is no effective means of settling such stories at rest so long as they remain in this country. We do not want to be lacking in courtesy, but we do desire that this country shall fall in its obligation to be neutral."

Hurrying the Volunteers. Washington, May 17.—Reports received by Adjutant General Cortwin indicate that 81,000 volunteers have now been mustered into the United States service. Several of the larger states—Pennsylvania, Ohio and Wisconsin among the number—have mustered in their entire quota of troops and many of them have either already arrived at or are en route to the camps to which they have been assigned. It is expected now that unless something unforeseen occurs all of the 125,000 volunteers will be in their permanent camps or en route thereto by the end of the present week.

Maryland's Naval Militia. Baltimore, May 17.—One hundred and forty-five men and all the officers of the Maryland naval militia were yesterday mustered into the government service. They will be used to man the vessels comprising the Chesapeake bay flotilla.

McKinley's First Veto Sustained. Washington, May 17.—The house yesterday received its first veto from President McKinley, and voted unanimously to sustain the executive. The veto was of a bill conferring upon the court of claims jurisdiction in a private claims case of long standing.

London First Steps in English. A native has been caught at Calcutta scaling the wall of the premises into the compound of No. 3, Chowringhee, dressed in a complete suit of European clothes. The man had, on the previous evening, concealed himself inside a shop, and had employed his time till morning in fitting himself with a complete suit of clothes including a white shirt, with studs and links, a red tie, carefully put on, black socks, a pair of boots, a watch and chain, handkerchiefs and even a pocketknife, with a straw hat and stick. He even went the length of writing his name inside the hat. On being caught, he said he wanted to learn English, and as a preliminary step thought it best to dress himself in sahib's clothes.—Hindustan (India) Advocate.

HAWAII NOT NEUTRAL.

Will Probably Allow Our Government to Raise the Stars and Stripes Over the Island.

San Francisco, May 17.—The Hawaiian government will not proclaim neutrality. This stand is taken on account of the existing relations between the United States and Hawaii. The executive considers that a proclamation of neutrality would be a breach of good faith. The government made known its position on May 9 at a secret session of the senate. It is understood that the senators favored the stand taken by President Dole.

Another important matter considered at the session was the occupation bill, which if ratified by the senate, will allow the United States to raise the American flag over the island and use the same as a base of supplies. This measure is said to have been prepared with the knowledge of the members of the senate committee on foreign affairs, and has had the approval of President McKinley. The bill was received by the Hawaiian government a short time ago, and has had the careful attention of President Dole and his cabinet.

The members of the senate questioned the executive regarding the foregoing measure. They were informed that the measure was under consideration, and that it would be wise to make it public at this time. When the bill is given to the senate that body will ratify it at once. On this point there does not seem to be any doubt.

It was extensively reported in the business community of the city that Spain, through agents in Hawaii, was buying all the coal to be had in the island. The coal for Spain denied this. That a coal famine is imminent there can hardly be any doubt. Only one mine has any coal for sale, and will only consent to sell in quantities to satisfy immediate demands.

United States Consul General Hayward has been watching the situation closely, and has strongly fortified America's position. He has 2,000 tons of coal on hand at the present time, with two cargoes about bound for Honolulu. In a few days the United States will have 7,400 tons of coal at Honolulu.

EVACUATING MOUNT GREINA.

By Saturday All the Pennsylvania Volunteers Will Have Departed.

Mount Gretna, Pa., May 17.—It now looks as though by the end of this week the camp will be deserted. Even now, since the departure of the Fourth, Sixth, Tenth and First regiments, the governor and his staff, with their staffs and with the absence of the several brigade bands, and with very little drilling, the effect has been to make the place quite dull. The First regiment of Philadelphia, left last evening for Chickamauga. The Fifth and Ninth regiments leave today and the Tenth and Second regiments will leave tomorrow. The Second, which was divided into two battalions, were hooked up to leave yesterday. The First regiment, of Philadelphia, left for Washington, D. C., and the second to Hampton, N. J. This order, however, was changed, and they will now remain in camp until tomorrow.

The colonels of the Sixth, Eighth, Twelfth and Fifteenth regiments received orders to leave for the farm near Washington, and all expect to be away from Mount Gretna before Saturday. The Pennsylvania division, United States volunteers, are now divided thus: First, Third, Fourth, Fifth, Ninth, Tenth and Sixteenth regiments leave for Chickamauga; Sixth, Eighth, Twelfth and Thirteenth, to Washington, D. C.; Second, Fourteenth, Fifteenth, Eighteenth, Sheridan Troops, Governor and City Troops, to the department of the east.

McKinley's First Veto Sustained. Washington, May 17.—The house yesterday received its first veto from President McKinley, and voted unanimously to sustain the executive. The veto was of a bill conferring upon the court of claims jurisdiction in a private claims case of long standing.

BILIOUSNESS

booses many a body and burdens many a mind. You can't enjoy the food you like because you are bilious. You take all sorts of precautions, and yet the bilious attack leaps on you like a tiger from ambush. You know the feeling! The blood seeming on fire with a dull heat; the boring pains in the eyes; the head seeming to open and shut; the horrible nausea. You know the irritability which precedes and the languor that follows the attack. It's miserable, isn't it? Why not cure the trouble? There's a pill that will cure biliousness. Dr. J. C. AYER'S PILLS are an acknowledged specific for this derangement.

A. Swanger, Terrell, Tex., writes: "For fifteen years I have used Ayer's Pills, and find them very effective in bilious complaints. I have yet to see the case where they have failed to cure."

If You are Bilious DO NOT FAIL TO Try AYER'S PILLS

POTTSVILLE NEWS.

Attairs of Interest in and About the County Seat.

Special Herald Correspondence. Pottsville, May 17.—The civil term of court is not very active, and as usual the attendance is much smaller than during criminal court. Shennandoah, however, is pretty well represented. There is still no relief for those holding orders against the county. No money is coming from the tax collectors and other sources, and nothing can be done until the court has settled the land issue middle one way or the other. This matter is now in the hands of Judge Koch, who has granted the Controller a preliminary injunction against the Commissioners issuing bonds to the amount of \$250,000, and is made returnable on Wednesday afternoon next at 3:30 o'clock.

The case of Arner and Andrews vs. J. D. Koeber is on trial before Judge Hechtel. The feigned issue in which John Madalis is the prosecutor and W. R. F. Weimer & Co. the defendants is on trial before Judge Koch. The suit involves the title to a certain saloon property in Shenandoah, who has granted the Controller a preliminary injunction against the Commissioners issuing bonds to the amount of \$250,000, and is made returnable on Wednesday afternoon next at 3:30 o'clock.

A Fatal Fall. Mahanoy City, May 17.—While getting milk at a farmer's wagon at ten o'clock this morning Mrs. Mary E. Phillips, 65 years of age, was seized with a fainting spell and fell so heavily to the pavement that her skull was fractured. The victim was removed to her home, on West Centre street, and she died at 2:30 o'clock this afternoon. Two children survive, Miss Annie and Harry E. Phillips, living at home.

Ochenswald Convicted. Philadelphia, May 17.—Thomas J. Ochenswald, of Altoona, who decided to become a letter-carrier and tried to irregularly put himself for examination, was to-day convicted in the United States Court of making certain false writings in violation of the civil service law. Sentence was deferred.

Buy Keystone Flour. Be sure that the name LESSIE & BAKER, Ashland, Pa., is printed on every sack.

Jacobs Goes Down. Congressman Brumby was a visitor to Mahanoy City and Gilberton yesterday and it is stated that, as one of the results of the visit, Justice Williams, of Gilberton, is to be made the postmaster of that place and the Polish applicant, Alex. Jacobs, is to be turned down.

PITHY POINTS.

Happenings Throughout the Country Chronicled for Hasty Perusal. When will that prodigal son return for good? Railroad employes have donned their summer suits. Consult the railroad time tables before leaving town.

The new Lehigh Valley time table gives very little satisfaction. George W. Kahlit was yesterday appointed fourth-class postmaster at Pigeon. About forty young men of Jackson's have organized a company of light infantry. The Grand Lodge, I. O. O. F., of Pennsylvania, is now in session at Wilkes-Barre.

Mahanoy City will organize no company to encircle the old county seat of Hazel. The section men at Fricksville raised a flag, and Yarnmaster R. C. Hunt made the address. George Robinson, the saddler, will remove his family to Philadelphia about the first of the month.

The attendance at the public schools in Mahanoy City this year was larger than for many terms. While walking with his mother in Lebanon two-year-old George Bros was attacked by a vicious dog and terribly bitten in the face. The thirty-first annual convention of the Sunday schools of the Church of God will begin to-day at Mount Joy, Lancaster county. Michael J. Cleary has been recommended by Congressman Brumby to succeed Postmaster Reed as letter carrier at Mahanoy City.

The Lehigh Valley continues its retrenchment policy. The agent at Beaver Meadow has been removed and the telegraph operator will do his work. The strike of the Honey Brook stripping employes was brought to an amicable settlement on Friday night by the suspended hands being reinstated.

John Edwards, son of T. J. Edwards, and Miss Annie Frank will wed on Wednesday next. All the parties are of Shamokin, but formerly residents of Mahanoy City. For the second time within a month candidates vented their spite against Harry Fess, of North Cornwall township, Lebanon county, by cutting in pieces his harness and carriage.

It will require a great deal of patriotic glue to hold that new Spanish Cabinet together. That Spanish feet may be an "Artful Dodger," Lt. Sampson will raise the Dickens with it.

Window shades from 10 cents and upward. Estimates given on large shades. F. J. Post, 21 North Main street. The anthracite coal trade has again relaxed into the condition of dullness usual at this season of the year. The New England dealers are not so active as they were, and unusually large shipments of coal made to the Eastern markets within the past two months, there now exists a condition of stagnation in the wholesale anthracite trade, and consequently there has been a material reduction of vessel freight rates within the past week or two. The New England markets are now well supplied with coal and there are large stocks on hand at most of the Western lake distributing ports. The mining and carrying companies have still unfilled a considerable number of coastwise orders, which will keep their colliers and barges moving for some time yet.

At Repehinski's Arcade Cafe. Venetian soup, free, to-night. Hot lunch to-morrow morning. Harper's Bazar. Everything at the moment is keyed to the emergency of the war, and Harper's Bazar recognizes the universal feeling, takes special note just now of woman's share of the work in war times. J. Grace N. Kimball, in the Bazar to be issued on May 21st, will give practical details as to the equipment of nurses, and state what women may do in the way of relief to the wounded and suffering. Edith Lawrence will tell in a later number about the society girls of New York and their organizations to help the soldiers. The number of the Bazar dated May 14th tells of the Patriotism of Miss Womans.

Keedrick House Free Lunch. Grand Army bean soup will be served, free, to all patrons to-night. Lost Control of the Engine. A costly accident occurred at the Gilberton water shaft last Saturday night. Frank Evans, a new engineer, was on duty and lost control of the engine while a tank holding 2,400 gallons of water was being hoisted. The tank went up to the sheave wheel at full speed. The shock broke the heavy iron cable holding the tank and it plunged down the shaft a depth of 1,070 feet. The accident wrecked the machinery of the shaft badly, but no one was injured.

To Cure Headaches in 15 Minutes. Take Dr. Davis' Anti-Headache. All druggists sell.

Schuykill Boy in Command. The Philadelphia papers say that Lieut. Thomas W. Ryan has been given command of the picket boat Fortia, now lying at the Lehigh Island navy yard. The vessel is expected to be manned by a crew of men from the regular navy, and that she will be ordered to join the squadrons now at Cuba. Lieut. Ryan is a native of Mahanoy City, where his parents now reside.

The Keating Bicycle 365 days ahead of them all at Brumby's. Also a full supply of cement, oils and sundries. Death of a Noted Violinist. Edmond Remenyi, the noted Hungarian violinist, dropped dead at the Orpheum Theatre, San Francisco, on Sunday afternoon, while rendering his performance. Mr. Remenyi gave a performance of the violin in about two years ago. He was an intimate friend of Rev. Cornelius Laurin, pastor of the Greek Catholic church. They were schoolmates in their early boyhood days and were born in the same village.

Potted Plants. For Decoration day now on sale daily at the Ferguson House, Main street side, by John Hall. Cheap and big variety. 5-14-17. Palmer's Successor. It is rumored that James O'Donnell, fire boss at Packer No. 3 colliery, Lost Creek, operated by the Lehigh Valley Coal Company, will succeed William Palmer as inside foreman at Primrose colliery. Mr. O'Donnell, until six months ago, was employed at Rock Mountain colliery.

The best place to buy your wall paper is at F. J. Post, 21 North Main street. We have the largest stock north of the mountain. If Hugh Evans a "Daddy." From Mt. Carmel Star. The home of Pennsylvania colliery clerk, Hugh Evans, on West Avenue, was made a bright and happy one this morning when a young master Evans smilingly acknowledged the welcome accorded his entrance into this world.

THE WEATHER.

The forecast for Wednesday: Fair, warmer weather, preceded by local frost near the Lakes, with light variable winds.

POLITICAL POINTS. The Republican district convention, for the election of state delegates, will be held at Mahanoy City on Saturday. B. J. Yost apparently has a clear track for the Republican legislative nomination in this district.

The Democratic polling place in the Second ward has been changed, and will be held at Mulholland's cafe. The Republican state convention will be held on June 2d. It is predicted that George J. Wadlinger, Esq., will secure the delegates from this town for the judicial nomination.

It is likely the Republican county convention will not be held before August. The name of John T. Schooner, present Clerk of the Courts, is prominently mentioned in connection with the Congressional nomination.

There is a lively contest brewing among the factions of the Democracy over the election of delegates to the county convention. The principal contest is over the Judicial and Controllorship nominations. The District Attorney fight is given very little consideration; when it is talked of James Moran, of Lappshamock, appears to be the favorite. This is said to have been the result of the conference of the leaders at Reading, the past few days.

White blanks at 5 cents per piece and gilt at 6 and 7 cents per piece. We have higher priced wallpaper. At F. J. Post, 21 North Main street.

A Serlon Case. Anthony Solanewski, the man who was badly beaten at Klondike on Sunday morning, was still unable to appear against his assailants last night and each of the four accused men were put under \$500 bail for a hearing on Friday night. Peter Cherke, another of the assailants, was arrested by Postmaster J. H. Smith at about five o'clock this morning, while he was on his way to the Pennsylvania R. R. station.

Grammums, fuchias, pansies, daisies, roses, etc., for spring planting at Payne's nurseries, Girardville. Tuberoses and gladioli bulbs.

Will Remain a Gunner. Michael Harkins, who is a gunner's mate on the United States cruiser Montgomery, writes to his relatives in Girardville that he has been re-enlisted. In June next Harkins will have concluded his third enlistment, nine years of service. He is getting \$65 a month and expects promotion to gunner, which will give him \$90 a month. That is certainly better than Harkins could do in the mines of this region.

25 years ago commenced with a burning on my hands. Which I rubbed then you could see little blisters. I had high fever and cold chills, and I had to go to the floor and lie down. I had to go to the floor and lie down. I had to go to the floor and lie down. I had to go to the floor and lie down.
