Cape Haytien, June 9.—It is reported here that a great battle has taken place at Calmanera on the bay of Guantanamo. At 5:30 Tuesday morning five ships of the American squadron opened a heavy bombardment of the fortifications of the town. There was a perfect hall of bombs in the bay, striking and demolishing many es beyond the fortifications.

On the Spanish side the artillery replied vigorously, maintaining for some time a stout resistance. The fire from the warships, however, never slackened for an instant. It was regular and carefully directed, and a great majority of the shots proved effective. The Spaniards were forced to abandon their positions on shore and retreat to the town of Calmanera proper. It is supposed that later they fled from that position also, with the inhabitants.

Information has reached here that the Spanish at Santiago and Caimanera are preparing for a final desperate struggle, and are determined to resist the assaults of the Americans to the last extremity.
