

THE EXCELLENCE OF SYRUP OF FIGS

is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the California Fig Syrup Co. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the California Fig Syrup Co. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high-standing of the Cali-FORNIA FIG SYRUP Co. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company -

TO GUARD THE TROOPS.

A Strong Fleet to Convoy the Cuban Army of Invasion.

SIXTEEN BIG MARINE FIGHTERS

Will Protect the Fifty Steamships Carrying the Soldiers From Possible Attack by Spanlards-The Charleston's Pacific Voyage.

Washington, June 11 .- Out of the maze of doubt and contradiction as to the dispatch of the first army of invasion to Cuba, one thing stands out clearly, namely, that the government, feeling strong in its present position and plan, is moving cautiously and with the deliberation which it believes will secure success unattended with disasters. With this main purpose in view the army and navy are co-operating toward the dispatch of the troops. some 25,000 in number, under escort of a strong fleet of naval convoys, made up of 16 warships, headed by the bat-tleship Indiana. Unattended by this strong fleet the troops might have left last Friday, when one strong naval as to the presence of Spanish ships in the North Atlantic. Realizing that nothing was to be gained by haste, and that the war was progressing steadily towards success, it was determined not to take the one small chance of having our troop transports mercared by some chronic roughs. All druggists sell Kemp's our troop transports menaced by some

couting ship of the enemy.

As a result the troop transports have not proceeded to Cuba, either Thursday or the day before, as has been reported. They are in readiness to go, but will of an unexpected attack by a thousand a Specialist on Rupture from Williamsport not move until the naval convoy is natives on a Russian post garrisoned by not move until the naval convoy is ready to accompany them, assuring the safe conduct from Florida to the point of destination. Whether that will be today or tomorrow the war department positively declines to say, and there is authority for the statement that any reports purporting to give the hour or day when this formidable flotilla of invasion will start was not only unwarranted, but meets with the most warranted, but meets with the most stantinople vigorous official condemnation. The administration feels that the time has come when it is of utmost importance come when it is of utmost importance that the precise movements of this invading fleet shall not be published in this country, and thus heralded to the

transport of troops has been planned Oaids digestion and strengthens the nerves is shown in the official list of transport It is not a stimulant but a health builder, Yessels given out at the war department. Of this list 34 large steamships, with great benefit. Costs about ‡ as much as varying from 4,100 tons down to 600 coffee. 15 and 25c. tons, are at Florida ports ready to carry our troops to the point of inva-sion. There are some 15 other craft, including vessels suitable for conveying fresh water, stores, etc., and for lightering the troops and stores from the ships to the beach when the embarkation begins. The entire transport fleet of about 50 steamships, augmented by the fleet of naval convoys, 16 in number, will make a formidable marine procession, exceeding in magnitude the notable spectacle of the naval review during the World's fair year.

The first official confirmation of the

engagement at Guantanamo last Tues-day came to the navy department yesterday and was made the subject of a builetin. The terms in which Admiral Sampson described the affair tended strongly to take away the large portance that had been given it in the unofficial dispatches. There was a notable failure on the part of the admiral to mention anything like a landing, although the statement that the Marblehead now holds the lower bay may by implication carry with it the idea that her marines are ashore. Elderly naval officers who have been in Guantanamo bay describe it as admirably suited to the reception of transports. The locality is one that would make a good base of operation sagainst Santiago itself, should it be decided to attack the latter town by the troops from

the rear instead of by the warships.

The statement coming from San
Francisco to the effect that the real bject of the Charleston's voyage was the seizure of the Spanish Ladrone Islands has small basis of truth in it. It became necessary to find places in the Pacific where the monitors could replenish their bunkers. The officials do not deem it prudent to name the particular islands chosen for the purpose, but it is obvious that the first recourse would necessarily be to some of the Spanish islands. Therefore it is assumed that if the Charleston really goes to one of the Spanish islands it will be with the purpose of securing In advance a suitable harbor for the use of the monitors.

A very substantial evidence of self sacrifice for the sake of their country is afforded by the taking up of a mili-tary nurse's duties by the daughter of Secretary Long, Miss Margaret Long, with some of her chums at the John Hopkins Medical school, of Baltimore. The young ladies who go with Miss Long are Dorothy Reid, Mabel Austin, daughter of ex-Governor Austin, of Minnesota, and Mabel Simis. They have already reported to the naval hospital at Brooklyn to nurse the wounded and sick sailors who were sent up from Sampson's fleet on the Solace.

Remarkable Rescue.

Mrs. Michael Curtain. Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless vic-tim of consumption and that no medicine could care her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found her-self benefitted from first dote. She continued its use and after taking six bottles, found her-self sound and well; now does her own housework, and is as well as she ever was.— Free trial bottles of this Great Discovery at A. Wasley's Drug Store. Large bottles 50 cents and \$1.00.
