Nothing the doctors gave me sceneed to have any effect. They gave the very strongest of heart medicines, but to no avail. I had severe pains in the region of the heart, and was unable to skeep or lie on my left side for more than three minutes at a time without great pain. My heart seemed to miss bents, and I had smothering spells, in which it seemed every breath would be the last I should draw on earth. We accidentally heard of Dr. Miles' New Heart Cure and Restorative Nervine, and as a last resort we purchased a bottle of each. After taking the remedies a week, I could be lifted in a chair and sit up an hour. In two weeks I could walk about, and in a short time I was able to do light house-work and I am now well along on the road to health. I shall be ever grateful to you for your wonderful medicines and will praise them to everyone I know. Truly they saved my life.
