The Kidneys

are the seat of the starting point of many maladies, all of them serious, all more or less painful, and all of them tending, unless cured, to a fatal end. No organ of the body are more delicate or more sensitive than the kidneys. When symptoms of disease appear in them not a moment is to be lost if health is to be restored. The best way to treat the kidneys is through the blood, cleansing it from the poisonous matter which is usually at the bottom of kidney complaints. For this purpose there is no remedy equal to

Ayer's Sarsaparilla

For many years I have been a constant sufferer from kidney trouble, and have tried a number of largely advertised kidney cures without benefit. At last a friend advised me to try Ayer's Sarsaparilla. The use of eight bottles of this remedy entirely cured my trouble. -MART WILLIAMS, 1233 Hancock Street, Brooklyn, N. Y.
