OUR COUNTRY: First, Last and Forever

Refers to the contrary notwithstanding, the Cuban insurgents at Santiago are doing all right.

It will be safe to predict that Dr. Swallow will not receive half as many votes for Governor as he did for State Treasurer.

The Republican state chairman says this will be a "speaking cat" party, and all the candidates will take the stump.

We may expect to hear something drop in the vicinity of Santiago at any hour now. The next message from Madrid, also, will be interesting reading.

There are indications that ex-National Committeeman Hartley will constitute himself chairman of the Committee on Trouble at the Democratic state convention.

The address of William Wilhelm, Esq., are being his nomination for Congress on the Democratic ticket. Our lawyer friend is a good Democrat, when measured by the rule of 16 to 1.

S. C. Kirk, who served a term as Prothonotary of this county, has been removed as deputy Collector of Customs at Philadelphia and is succeeded by T. L. Eyer, of Chester county. This was the position sought by a Schuylkill Republican.

The Borough Council is to be commended for offering a reward of \$200 for the arrest of "Old" Sandusky, the murderer of Charles Rughdewer. Every effort should be made to capture the cold-blooded criminal, and it is to be regretted that the reward was not offered at the time the deed was committed.

In the light of the heavy sentence given Editor Joyce, of the Black Diamond, a plea of guilty has little weight in Dauphin county. There is much sympathy for the editor and his estimable wife and children, and the universal opinion in this county is that, all things considered, the sentence was too severe. It is said Joyce's counsel will appeal the case to the Supreme Court and ask for a special alibi.

There is no necessity of electing Democrats to remedy the evils of the last Legislature. If the Republicans will nominate clean, capable men the abuses of the last session will be avoided. There has been no good argument produced to show why the present members from this county should be returned, and if the voters of the party will turn out at the primaries and brush aside the petty losses, not one of those who hold down a seat in the hotel corridors at Harrisburg last winter will have the opportunity of again misrepresenting Schuylkill. To be successful next fall the Republican party must ignore the old baronies and bring new clean men to the front as its standard-bearers.

The International Mining Congress, which meets in Salt Lake City on July 6th will be attended by nearly a thousand delegates. Its objects are purely practical in character and political subjects and discussions are out of order in its sessions. The Congress is intended to promote the interests of all engaged in mining pursuits whether as investors, managers or laborers. In aid of this purpose, one of its principal aims is to secure the establishment of a national department of mines with a cabinet officer at its head. It will discuss the desirability of revising and codifying the mineral land laws; of opening the Spanish land grants to prospectors and miners; it will discuss the desirability of mutual bonding privileges for mine shipments and supplies between Canadian and American points; it will discuss problems of mine management, ore treatment methods, relation of railroads to mineral development and a number of other subjects of broad general interest to miners. Every branch of the industry will be represented among the delegates and every region of the country, so the program will take the widest range possible within practical limits.

S. C. P. Jones, Milburg, Pa., writes: 'I have used DeWitt's Little Early Risers ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that give such satisfactory results as a laxative or cathartic.' C. H. Hagenbach.

One ship, the Commodore Shafter, is reported to have been captured by the Spanish fleet. The Commodore Shafter, a United States battleship, was captured by the Spanish fleet on the 17th inst. The ship was captured in the Bay of Manila, and is now being held by the Spanish fleet. The capture of the Commodore Shafter is a serious blow to the United States fleet, and it is expected that the Spanish fleet will be able to use the ship in the future.

Dr. Miles' Nervine Restores Health. A man who has passed the 80th life milestone, says: 'Dr. Miles' Restorative Nervine has done a great deal for me. I suffered from sleeplessness and nervous heart trouble. I would feel weary and used up in the morning, had no ambition and my work seemed a burden. A friend recommended Dr. Miles' Nervine, and I purchased a bottle under protest as I had tried so many remedies unsuccessfully. I thought it no use. But it gave me restful sleep, a good appetite and restored me to energetic health. It is a grand good medicine, and I will gladly write anyone inquiring full particulars of my satisfactory experience.'
