OUR COUNTRY: First, Last and Forever

BLANCO keeps his outrage up by firing at the blockading squadron out of range.

SPAIN is not issuing medals to her heroes, for the very good reason she has neither medals nor heroes.

THE only thing drinkable that is not taxed by the new revenue bill is water, sparkling water, the very best beverage of all.

MRS. GLADSTONE, it is said, does not realize her husband's death, and continually speaks of him as being in the next room.

WHAT happened in Oregon is very likely to happen in Schuylkill county. The patriots with silver-toned harps should take warning.

HOLLAND has just established compulsory service for all Dutch citizens in the army. The only persons exempted are priests, ministers, and divinity students.

THE war department should go slow in sending Bryan's regiment to the front, as the New York Journal would make the claim that it is a conspiracy to have its Colonel killed.

THE man Clemmer, who is on trial at Norristown for the murder of Mrs. Kaiser, is now realizing what others have experienced, that it is never safe to make a woman a partner in crime.

LENTEN fall teaches the lesson anew that natural laws can not be suspended indefinitely for the benefit of any man or any collection of men, however audacious and resourceful.

VERMONT pays each of its volunteers $7 a month during the war, and it is far from ranking with the rich states. But when it comes to patriotism Vermont is among the foremost.

A NOTICEABLE feature of this year's base ball season in the principal League is the unusually creditable light made by the clubs that bring up the rear. The very lowest of them rarely drops below .300 in its ratio of victories.

THE war revenue law and the $200,000,000 popular loan will probably furnish all the funds the government needs until the conflict is ended. If more money is wanted, however, the authority to issue additional bonds is provided.

NOWHERE in Schuylkill county is there a better advertising medium than the HERALD. Last week one of our patrons inserted a three-line want ad. in these columns, and before the entire edition was off the press the want was supplied.

IT was refreshing to hear John O. Ulrich, silverite candidate for the Senate, reading the sound money Democrats out of the party. The Republicans should engage one Mr. Ulrich, of Tamaqua, to stump the county for the Democratic ticket during the approaching campaign.

A BILL is before the Legislature of Louisiana to provide separate street cars for whites and blacks in the cities of the state and forbidding persons of either race to ride in the cars set apart for the other. Now the question is how to arrange it that white children in the care of negro nurses shall have street car accommodations.

CONGRESSMAN BRUMM is not the only member of his party in the House of Representatives who was refused the commendation of his party in convention as Speaker Reed was intentionally ignored in the Republican convention, which met at his home in Portland, Maine, on Thursday. Not a word of reference was made to him although he has represented the district for sixteen years and has always been enthusiastically endorsed in convention every year. The reason is given that the speaker's stand on the Hawaiian question does not meet with the approval of his constituents, who are strongly for annexation and do not hesitate to call their idol down from his perch if he misrepresents them.

## A LIVING WITNESS.

### Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM:—Before using your Vegetable Compound I was a great sufferer. I had a dull ache in my back all the time, and was troubled with dizziness. In a way part of the time I was entirely prostrated with dizziness, headaches and nervousness. I felt so bad I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice. Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—MRS. EMMA VAN R. HOFFMAN, 5th Ferry St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on with their daily tasks disregarding the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by letter as many as a hundred thousand ailing women during a single year.

### Schooner Blew Down, Two Drowned.

New York, June 20.—While Captain Rose of the Tompkins line steamer Antoinette reached a port yesterday he reported that just before midnight on Saturday, between Execution Island and Turney Point, below Tivoli and Barrytown, on the Hudson, he ran down the coal-laden schooner Gainsook, of Glasco. The schooner was cut down to the water's edge, and her crew of three men were thrown into the river. These were Captain William Mason, of the schooner, his brother Ebenezer and the latter's son James. The latter two were drowned, but the skipper was rescued.

### Cadiz Fleet Again Sighted.

Gibraltar, June 20.—The captain of a British steamer which arrived here yesterday reports that he sighted the Spanish squadron off Cape Gata, a promontory of Spain, on the coast of Granada, forming the eastern limit of the Gulf of Almeria.

The human machine starts but once and stops but once. You can keep it going longest and most regularly by using DeWitt's Little Early Risers, the famous little pills for constipation and all stomach and liver troubles. C. H. Hagenbuch.

### Notice to Dog Owners.

Notice is hereby given that hereafter the undersigned will rigidly enforce the following ordinance:

AN ORDINANCE FOR TAXING DOGS AND REGULATING THEIR RUNNING AT LARGE IN THE BOROUGH OF SHENANDOAH.

SECTION 1.—Be it ordained and enacted by the authority of the Borough of Shenandoah, and it is hereby enacted by the same, that each and every owner of a dog or dogs, bitch or bitches, shall inform the High Constable, when called on by him for such purpose, of the name, species, and such other description as may be necessary to the identity of such dogs or bitches, which said name and other descriptions shall be taken and registered opposite the owners name in a register to be kept for such purpose by the Chief Burgess, and that each and every owner of a dog or dogs, bitch or bitches, shall pay a yearly tax of one dollar per head for each dog and two dollars per head for each bitch, owned by him or her, which tax shall be collected by the High Constable as borough taxes are by law collected, and be paid to the Chief Burgess for the use of the borough.

SECTION 4.—That during the months of June, July, August and September of every year no dog or bitch shall lawfully go at large within the Borough of Shenandoah, unless such dog or bitch shall have a strong muzzle or shield of wire securely fastened over the nose of such a dog or bitch, so as to prevent effectually any injury from biting, and it shall not be lawful for any bitch when in heat to run at large in the Borough of Shenandoah, at any time, and any bitch or dog running at large in violation of the provisions of this section shall be disposed of as provided in section three of this ordinance.

## TWO RAILROAD WRECKS.

### As the Result Five People Are Dead and Several Injured.

Roanoke, Va., June 20.—Norfolk and Western passenger train No. 4 was wrecked yesterday two miles west of Shawsville. Three were killed and several injured. The dead are: Engineer Al Horner, Bristol, Va.; Fireman Ed Sadler, Bristol, Va.; Mail Clerk A. S. Francis, Merion, Va. Mail Clerk L. V. Gill, of Lynchburg, Va., two express messengers and several passengers were injured. Gill may die. Engineer Horner was buried beneath his engine and Fireman Sadler was so badly scalded that he died two hours later.

The train was running down grade at the usual rate of speed, and just at the entrance of a cut the flange of the outside rail broke, derailing the engine. The mail coach jumped over the embankment and was overturned, being completely demolished. Mail Clerk Francis had his neck broken. Mail Clerk Gill was severely injured, and how he escaped instant death is a miracle. The express car telescoped into the mass of debris, and the two messengers were badly shaken up.

### Beltons Purest See Kentucky Mines.

Louisville, Ky., June 20.—All the coal mines in the Jellico district will soon be transferred to an English syndicate. At a meeting between those interested in the property and representatives of British capital, in Knoxville, Tenn., on Friday, the deal was practically consummated, and all that remains now to be done is to receive the money and transfer the deeds. This will close one of the largest coal deals ever consummated in this country, and will bring millions of dollars into Louisville and other parts of Kentucky. The total acreage of the Jellico coal district is about 72,000. The mines cover about 121 square miles, with the exception of a few acres owned by Williamsburg people.

S. C. P. Jones, Millesburg, Pa., writes: "I have used DeWitt's Little Early Risers ever since they were introduced here and must say I have never used any pills in my family during forty years of house keeping that gave such satisfactory results as a laxative or cathartic." C. H. Hagenbuch.

## TO PREVENT CAPTURE.

(Continued from First Page.)

of the Spanish forces here, is undoubtedly in a fair way in regard to obtaining food for his men. The prisoners who have been captured appear to have been ill fed, and are apparently indifferent to their fate.

Another force of five Spaniards was captured Friday by Ensign A. A. Pratt, of the Machichead. While cruising in a steam launch outside the bay he picked up in a fine sloop containing a Spanish captain named Lores and four sailors. They said they were on their way to Guantanamo to get a supply of oil for the lighthouse at Cape Maysi, but papers found on the sloop proved that they had been sent to obtain information relative to the American forces. The crew of the sloop asserted that they had been ill fed and frightfully ill treated by the Spanish commander of Cape Maysi forces.

There was a brief bombardment of a blockhouse up the bay by the battleship Oregon Friday and it is believed that during the firing at least a score of Spaniards were killed. Scouting parties report that the blockhouse was completely destroyed, but that they were unable to discover any bodies, the remains of the soldiers who had been killed having probably been carried off by their comrades.

The marines are growing very restless owing to the delay in the arrival of the reinforcements of troops, but it is generally believed here that the troops will reach Santiago not later than Monday.

**All But Morro Castle Leveled.**

A careful inspection of the fortifications along the crest of the hills defending Santiago has been had since last Thursday's bombardment, and shows that the American gunners spread wreck and ruin everywhere. The vultures, which circled on level wings over the hills as thick as swallows around a chimney for hours after the firing ceased, furnished gruesome evidence of the fatality among the Spanish soldiers. Hundreds of troops could be seen from the ships digging in mounds of earth piled up by the explosion of the projectiles from the heavy guns for bodies, while their heads were fanned by the wings of the black scavengers of the battlefield.

There are two spots, one on the east and the other on the west of the harbor entrance, which are denuded of foliage. The hilltops seem literally blown away. These marked the places where the 200 pound charges of gun cotton blown from the Vesuvius landed. But the most ominous token of death flew from Morro Castle. The saffron flag of Spain was half masted for several hours. The significance of this is not known. Possibly some Spanish leader was killed by the heavy fire of our guns, though some officers of the squadron believe that the flag was half masted as a notification to the Americans that Lieutenant Hobson and his brave men were dead. If such is the case they must have been wantonly murdered. The Spanish might seek to lay their death to the bombardment, but not a shot from the American ships struck the fortress.

Neither Admiral Sampson nor Commodore Schley believes that Lieutenant Hobson and his party have been killed. We have 17 prisoners taken at Guantanamo, including a lieutenant, besides a number in the United States, for reprisals or exchange.

There was evident demoralization among the Spanish troops during the bombardment. Officers could be seen, with drawn swords, driving the men to the guns, but even then they could not be forced to stay so long as our guns were directed at them. The 15 minutes' night work of the Vesuvius had shattered their nerves.

**Perhaps a Spanish Ship Destroyed.**

It is believed by some that the 13 inch projectile fired from the Texas which was reported to have exploded the powder magazine in one of the western batteries did not fall in the battery, but went beyond and blew up one of the ships in the harbor.

A dramatic incident of the bombardment was the act of a Spanish officer, who bravely ran along the parapet under a heavy fire encouraging his men to stand by their guns. Shot and shell rained about him, and after one terrific explosion he was seen no more and the parapet had disappeared. He could not have escaped death.

From the foretop of the Brooklyn, 2,500 yards distant, the men in the grounds could be noticed, but a minute later dust and flying debris would take their places and when the smoke cleared away only a spot of red earth could be seen—guns and gunners had been swept away. It was the most deadly and destructive bombardment of the war thus far. Scarcely a shot from the big guns of the squadron gone astray. The aim of our gunners was superb, and not only were the coast forts annihilated, but the batteries on Cayo Smith, up the harbor, were destroyed.

Several attempts to find landing places for the United States troops, within a distance of two miles west of Santiago, have demonstrated, along with previous inquiries to the eastward, that the shore for 15 miles is lined with Spaniards. While this will not prevent a landing close to Santiago, it may entail considerable delay, as the surrounding country must be thoroughly shelled and cleared before the troops can land in safety.

## From Extreme Nervousness.

THAT no one remedy can contain the elements necessary to cure all diseases, is a fact well known to everyone. Dr. Miles' System of Restorative Remedies consists of seven distinctively different preparations, each for its own purpose.

MRS. L. C. BRAMLEY, 37 Henry St., St. Catherines, Ontario, writes: "For years I suffered from extreme nervousness and annoying constipation, developing into palpitation and weakness of the heart. I was unable to sleep, suffered much from headache, pain in my left side, palpitation and a constant feeling of weakness and prostration. I began using Dr. Miles' Nervine, Heart Cure and Nerve and Liver Pills and the Anti-Pain Pills to relieve sudden paroxysms of pain and headache. I soon felt much improved and the pains and aches and weariness left me. I then took Dr. Miles' Restorative Tonic and am now restored to my former good health."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address,

**The Rosy Freshness**

And a velvety softness of the skin is invariably obtained by those who use Pozzoni's Complexion Powder.

"GOLD DUST." "GOLD DUST."

**Robbed the Grave.**

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at A. Wasley's drug store.

**Report of Manila's Capitulation.**

Paris, June 20.—The Madrid correspondent of The Temps says that it is reported there that Manila has capitulated, though the ministers have not received any news to that effect. The correspondent also says that Senor Romero Giron, the minister of colonies, states that if Governor General Augusti has made over his power to General Sanderes to govern Manila General Sanderes will attempt a sortie.

S. M. Geary, Pierson, Mich., writes:—"De Witt's Witch Hazel Salve is curing more piles here to-day than all other remedies combined. It cures eczema and all other skin diseases." C. H. Hagenbuch.

**Spaniards Running the Blockade.**

Kingston, Jamaica, June 20.—Three large cargoes of supplies are known to have run the blockade already, and great quantities of food are smuggled to Havana by the way of the Isle of Pines. Cienfuegos and other points on the southwest coast having direct railroad communications with the capital. It is believed, however, that nothing reaches Santiago from any of those points.

**Give the Children a Drink**

called Grain-O. It is a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it because when properly prepared it tastes like the finest coffee but is free from all its injurious properties. Grain-O aids digestion and strengthens the nerves. It is not a stimulant but a health builder, and children, as well as adults, can drink it with great benefit. Costs about ¼ as much as coffee. 15 and 25c.

**A Convict's Suicide.**

Trenton, June 20.—John Zimmons, an inmate of the state prison, hanged himself in his cell Saturday afternoon with a cord which he obtained in one of the shops. He came from Essex a week ago to serve two years for picking pockets. Before hanging himself he wrote a letter begging his mother's forgiveness.

"One Minute Cough Cure is the best preparation I have ever sold or used and can't say too much in its praise."—L. M. Kennon, Merchant, Odell, Ga. C. H. Hagenbuch.

**The Independent Albanians.**

Cettinje, Montenegro, June 20.—There was fighting all day Friday near Berane, on the left bank of the River Lim. It lasted until late hour at night. The number of killed is as yet unknown. There were repeated attacks by the Albanians on the monastery of Giurgiovi Stupovi. The exodus of women and children from the disturbed district into Montenegrin territory continues. On Saturday the Servians pursued the Albanians as far as Berane, where a Turkish battery in the fortress fired upon the pursuers, killing and wounding many.

**Interested People.**

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does it, is indeed wonderful. He authorizes all druggists to give to those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 25 and 50c. We certainly would advise a trial. It may save you from consumption.

**The German Elections.**

Second ballots will be necessary in 198 districts.
