Some People too Modest to Confide in their Physician - A Woman Cured of a Serious Disease by a Certain Method, the Only Drawback of which was, it "Made Her Too Fat."

From the Evening News, Detroit, Mich.

The doctor came in hoste and found his patient again in grent agony from a splitting headache. It was his fifth call on the same patient, and each time to treat the same trouble. With a suspicion that his diagnost the same patient, and each time to treat the same trouble. With a suspicion that his diagnost was incorrect and that he was treating a symptom and not the disease, he said to ber a symptom and not the disease, he said to ber a symptom which it is necessary I should be symptoms as a first from the above that, through a false modesty, also had not delim all. Then she told how she had doctor was disgusted at such prudishness, but when he know the facts, cured her easily and quickly.

The following case differs from the above only in the fact that the patient is wor afreid to speak, and to "call a spade again." It endured before I used Dr. Williams Pink Pills in the best doctors and the best nursing, but for nourly five years I have not free for one single day from the above only in the fact that the patient is wor afreid from ovarian troubles, and was confined by from the above only in the fact that the patient is worked to speak, and to "call a spade again." It was not free for one single day from the above only in the fact that the best doctors and the best nursing, but for nourly five years I have not free for one single day from the most fearful beadaches and intone twitch.

"You would scaredly believe days every week for nearly six years, I had to say in bed. These beadaches would come on new years and which we had been the hospital, and seeding the grown that the best nursing, but for nourly five years I have a subject to the opposite that the hospital and seeding the patient of the desired by them the hospital and the best nursing, but for nourly five years I have a fact of the desired by the patient of the patient of the desire
